## VOTE ON U. S. SENATOR.

The first vote in the Oregon legis-  
lature took place Tuesday, resulting  
as follows: Fulton, 29; Geer, 20;  
Wood, democrat, 18. Yesterday's  
vote resulted: Fulton, 31; Geer, 18.

The National Woolgrowers' association  
and National Livestock association  
will hold their next annual  
conventions in Portland in January,  
1904.

A measure is before the legislature  
for the creation of a State Fire Com-  
mission of five men, to have control  
of all matters relating to forest pro-  
tection against fire. Hon. R. A.  
Emmitt of Klamath county is named  
in the bill as one of the members of  
the commission.

A bill for a new game law, intro-  
duced in the senate, extends the close  
season for ducks, geese, etc., in  
Klamath, Lake and Jackson counties  
from January 1 to September 15.  
In other counties of the state it runs  
from February 1 to September 1.  
Hunters here want the same privi-  
lege granted to other parts of the  
state and there seems to be no good  
reason why they shouldn't have it.  
The bill in question mentions nothing  
about trout fishing.

The remains of the late Congress-  
man Tongue arrived in Hillsboro  
Saturday evening and the funeral  
took place there Sunday, being at-  
tended by a large concourse of friends  
and admirers. Thus closes a brilliant  
and successful career and one that  
has resulted in great permanent good  
to the state of Oregon. Congress-  
man Tongue was a man of action, and  
as a representative in congress, reared  
lasting monuments to his memory.  
A multitude of friends will ever re-  
member and honor him and his legisla-  
tive achievements.

The possibility that congress would  
repeal the timber and stone act, the  
desert claim law and the commutation  
clause of the homestead law has  
been effectively knocked in the  
head by the appearance of railroad in-  
fluence behind the effort. It is re-  
ported that the railroads wish the re-  
peal of those laws, so they can sell  
their own lands to settlers. Doubt-  
less also railroad corporations would  
not object to gathering up a few  
more slices of the government do-  
main if individuals could be kept  
from taking it. It must burden such  
corporations to carry around so much  
beneficence and solicitude for the  
public welfare.

people with obdurate indifference.  
Congress has stricken the tariff from  
coal and now it may be admitted free  
of duty from any foreign country.  
The grand jury in Chicago has re-  
turned indictments against forty  
people, high in business and social  
life, who are charged with a combina-  
tion to corner the coal supply and  
thus work great hardship on consum-  
ers. This great conspiracy is be-  
lieved to exist among operators, job-  
bers, wholesalers, retailers and all  
who handle the coal from the time it  
leaves the mine until it reaches  
the consumer. At various places in  
Illinois, forced to action by danger  
of freezing, have appropriated train  
loads of coal without consulting the  
owners. This step, in the face of an  
impossibility to buy fuel and to avoid  
freezing, is highly commendable, to  
say the least.

## ELECTRIC POWER PLANT.

**Ashland Tidings.**  
The big electric power plant being  
installed at Fall Creek, on the Klamath  
river, in Siskiyou county, mention of  
which has already been made in the  
Tidings, is expected to be ready for  
business by March 1st. The big ditch  
has been finished. This is 4800 feet  
in length, and will convey the waters  
of Fall creek to the edge of the cliff  
above the power house, where a fall of  
nearly 700 feet will be obtained, and  
which will develop the electric energy  
necessary to supply light and power,  
which it is the purpose of the company  
to distribute to various towns of the  
county.

The trench for burying the forty  
and thirty inch steel pipe which con-  
veys the water under pressure from  
the penstock at the top of the cliff  
to the water wheels below, is nearing  
completion. Within a week sixteen  
carloads of the big pipe will be on  
the ground. The foundation of the  
power-house is being laid. This  
power-house is to be constructed of  
stone and will contain, when com-  
pleted, four Pelton waterwheels, each  
with a capacity of 1000 horse power.  
All the poles, thirty and forty feet  
in length, have been delivered, some  
at Klamath, some at Montague,  
and some at Yreka, from where it  
will be most convenient to string  
them along the line, which has al-  
ready been done as far as Ager. The  
contracts call for the completion of  
all work on or before March 1, 1903.  
The Siskiyou Electric Power Com-  
pany's plant will be the third or  
fourth, largest in California. Jer-  
ome Churchill is president of the com-  
pany; Alexander J. Rosborough is the  
secretary.

The towns to be included in the  
lighting circuit are Hornbrook,  
Klamath, Lairs, Ager, Montague,  
Yreka, Fort Jones and Etna; and  
power will be furnished to some  
twelve mines, two box factories,  
three grist mills, one paper mill, two  
pumping plants and two rail-  
roads. The head office will be locat-  
ed at Yreka. Elijah H. Stoll, who  
was formerly connected with the Kes-  
wick plant, on the Sacramento river,  
has charge of the installation and is  
manager of the company.

time by the forelock and are putting

front in the matter of irrigation.

furs.

Terrill made a flying trip to the Falls  
last Saturday, returning Sunday.

Roy L. Kilgore and wife expect to  
start for the south in a short time if  
the roads remain passable. Roy has  
been advised by his physician to  
change climates on account of his  
health.

Dr. Johnson was called to Dairy  
last Monday evening to attend one of  
the Michael boys who is sick.

Willie Stevens who has just recovered  
from a severe attack of pneumonia  
has been removed from the Hamaker  
saw-mill to his home in Langell's val-  
ley.

Died, Edward Messner, January 17,  
1903, at the home of his sister, Mrs.  
Wm. Copeland. He complained of  
rheumatism, but no one thought him  
dangerously ill. He was walking about  
the yard and on entering the  
house, he dropped dead. This makes  
the third death in the family since  
the middle of September last—Mrs.  
Ida Walker, daughter of Mr. and  
Mrs. Frank Swingle, in September,  
and Grandma Messner, about 6 weeks  
ago.

The remains were laid to rest in  
the family cemetery near the side of  
his niece and mother.

Mrs. Johanna Soderholm, of Ferguson  
Falls, Minn., fell and dislocated her  
shoulder. She had a surgeon get it  
back in place as soon as possible, but  
it was quite sore and pained her  
very much. Her son mentioned that  
he had seen Chamberlain's Pain  
Balm advertised for sprains and sore-  
ness, and she asked him to buy her a  
bottle of it, which he did. It quickly  
relieved her and enabled her to  
sleep which she had not done for  
several days. The son was so much  
pleased with the relief it gave his  
mother that he has since recommended  
it to many others. For sale by
