Jacksonville needs a newspaper very much and this field will in all probability furnish a favorable opportunity for a successful venture in this line.
In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Chitwood & Co.
The higher and lower courts, represented by Judges Benson and Baldwin made a trip to Pokeyama Saturday. Judge Baldwin was looking after the new road which will have to be built to connect with the railroad. While away he secured some very fine views along the new scenic railway.

The Hon. Binger Hermann met with a splendid reception on his visit to Jackson county last week, and the interest shown in his meetings does not indicate that there is apathy among the Republicans in this campaign, but rather there is a realization of the importance of the coming special election. At Medford Friday night, the opera house was packed with an enthusiastic audience, and the distinguished candidate for congress was warmly greeted.—Ashland Tidings.

ORGANIZES TEAT.
Klamath Falls baseball enthusiasts met Sunday evening and completed the organization of a city team. Jesse Hanks, the star twirler was elected Captain. The following ball players have been selected to represent Klamath Falls in the games during the races in June.
T. O. Kinney, catcher.
Jesse Hanks, pitcher.
C. J. Martin, 1st base.
C. I. Roberts, 2nd base.
Harry Benson, 3rd base.
Albert Stahlman, short stop.
Al Sloan, right field.
Fred Schallcock, center field.
Bert Withrow, left field.
Forker and Yaden, subs.
With the above line up Klamath Falls bid fair to be a winner this season.
Last Sunday's game while interesting, was rather one sided, the High School boys being shut out in five successive innings. After the fifth inning Pitcher Hanks took things easier and allowed the boys to make several hits. They managed to run up five tallies during the latter part of the game. The town team are all heavy batters and they got the boys tired chasing their flies, so that accounts for their large score. There will be another game next Sunday.
WILD MAN IN LANGELL VALLEY.
Alex Watson's little eight year old girl had a very exciting experience a few days ago. She went out after the cows just before sundown and when about a quarter of a mile from her home, a man suddenly jumped out of a tree and ran after her. He was very scantily clad with practically nothing on but an old ragged coat. The little girl says that the man had a dirk or knife in his hand with which he tried to strike her. He chased her to within sight of the house when he turned about and disappeared in the woods.
Mr. Watson with a party of neighbors secured guns and went in search but could find no trace of the party as it was very near dark by that time. The search was continued next day without success except they discovered marks which they took to be footprints where someone had crawled under the fence.
The little girl is rather brave and not easily scared, so that every confidence is put in her story.

ELECTED MAYOR OF SPOKANE.
The Oregonian of May 7th has the following:
SPOKANE, Wash., May 6.—L. Frank Boyd, assistant postmaster and ex-city clerk, was yesterday elected mayor by 155 plurality over W. H. Acuff, nominee of the Municipal League, who was his closest opponent.
Mayor-elect Boyd was the nominee of the regular Republican party and is one of the best-known newspaper men in Spokane, is personally most popular and has been a resident of Spokane for 14 years. This is the first time he has been named for an elective office, his other public service being through appointments.
Mr. Boyd is a brother of our townsman, Dr. E. J. Boyd.
THE RUSH STILL CONTINUES.
R. W. Marple, of the Mammoth Stables, came in from Pokeyama with about 30 people Tuesday. These parties are mostly from Washington and are on their way to the timber north of here. Mr. Marple states that it is keeping all the conveyances in town busy to accommodate the immense increase in travel this summer. He expects about 14 more people in today. This is bound to be a banner year for Klamath County as every stage is more than overcrowded with people, who are seeking timber and lands for homesteads and farms.
The great need of our town is a Business Men's Association, as people are continually coming in here with money to invest and if we fail to show them the advantages and resources of our county, we will be the losers.
