Dr. Dowie's New York pilgrimage will
cost \$250,000, and then the devil will
not be driven so far away from New
York that he can't get back.

More bogus \$20 bills are in circulation.
I spent a couple of hours looking mine
over this morning and find that as yet
none of the spurious ones have been
worked off on me.

The Alaska boundary question is
finally settled, all of the American con-
tentions being granted with the excep-
tion of the one relating to the Portland
Canal, which is unimportant. Every-
one is satisfied, with the exception of
Canada and Governor Chamberlain.

What Klamath Needs is People and
Money and the Only Way to get
Them is to Advertise.

To the People of Oregon—Citizens of
Portland are maintaining, at their own
expense, a Bureau of Information, and
with it an exhibit of the State's re-
sources, the object of which is the col-
lection of such facts as will enable them
to intelligently guide the immigrant
home-seeker and investor.

There are hundreds of such people
landing in Portland every day without
any knowledge of the country, its re-
sources or opportunities.

Heretofore there has been no definite
plan of action to encourage, advise or
assist such to become permanent set-
tlers, and as a consequence, many who
could by such treatment be secured to
the State, are returning to the East
with discouraging reports, or drifting to
other parts of the West, where a better
reception is accorded them.

The Oregon Information Bureau,
while it is a Portland institution, aims
to cover the entire State, believing that
in building up any part of the State, the
whole will be benefited.

What the State most needs today is
development, and this can only be
accomplished by securing and fostering
immigration, and for this purpose the
Bureau was organized. The State is
being thoroughly advertised through
the efforts of the Harriman System and
the Lewis and Clark Centennial Fair in
1905. The people are coming. Our
object therefore will be to provide such
information as will be best suited to
their needs, and be most effective in se-
curing results that will be of lasting
benefit to the State. To do this effec-
tually will require a complete inventory of
the resources of the State, whether in
its crude or in its developed condition.
It will require a long time and much
work to compile such facts, and it can-
not be completed in time for the work
now upon us. We therefore desire for
immediate use, such information as can
be gained only through the co-operation
of every one interested in the welfare of
the State. We should like to have as
accurate a list as possible of all available
lands in each county, either open to
settlement, or that can be purchased, to-
gether with a description of such lands,
the purpose for which it is best fitted,
the price at which it can be had, and
the name of one at the nearest railroad
station to whom we can refer strangers
and feel assured that they will be as-
sisted in securing a location adapted to
their wants, with the least possible de-
lay and expense. We wish our infor-
mation to be accurate, as any misrep-
resentation will only retard our object
and reflect on the sincerity of our mo-
tives.

We wish every County to take the
matter up in earnest and see that it is
the duty of some one to furnish the
Bureau with this information.

We shall be glad to receive for dis-
tribution, any printed matter or cir-
culars setting forth the advantages of the
various sections of the State. These,
however, must be accompanied by the
indorsement of the county officials,
boards of trade, chambers of com-
merce, or some one interested or
identified with the settlement and
development of the County. We
earnestly require such individuals or
organizations to name some one to
whom we can refer persons wishing to
visit their County, and who will co-
operate with us in our endeavor to sat-
isfactorily locate settlers and investors.

We will be glad to meet persons from
every County in the State. Our rooms
are located at the Union Depot. Our
business, the collection of information
at our own expense and the distribution
of the same free.

All letters of inquiry addressed to the
Oregon Information Bureau will receive
prompt reply, and all information fur-
nished will be used to the best possible
advantage of Oregon.

All packages and exhibits should be
addressed plainly, "Oregon Information
Bureau," Portland, Oregon, and deliv-
ered at your nearest railroad station or
steamboat landing; free transportation
has been provided.
CHAS. E. LADD, President of Trustees.
W. M. KILLINGSWORTH, Secretary.
We print the above circular from the
Oregon Information Bureau for the con-
sideration of the citizens of Klamath
county. Nearly all the counties in the
State are alive to the advantage of ad-
vertising their particular section and
are using every effort to acquaint home-

seekers with their resources, but our
county is doing practically nothing to
secure its share of the immigration that
is constantly coming into Oregon. The
subject is worthy of consideration by
our county commissioners as with a
very little expense in advertising, the
population of our county could be dou-
bled in a short time and the value of
taxable property considerably increased.
We are in receipt of a letter which we
print below from the Oregon Infor-
mation Bureau asking for information in
regard to our resources. This we have
given as far as we are able but feel that
it is a matter that the county should
take up at once.

Portland, Or., Oct. 15, 1903.
Dear Sir—We have just been cal-
ed upon to furnish some information in re-
gard to Klamath county, and we regret
our inability to furnish anything defi-
nite, as we have nothing in detail show-
ing the resources of the county. If you
can fill out the enclosed blank for us,
according to the best of your own per-
sonal knowledge, we shall be pleased to
have it. Any other information that
will show the resources of the county,
we will be pleased to have. If you will
help us along this line, we will take it
as a favor. Yours truly,
OREGON INFORMATION BUREAU.
