KLAMATH LAKE RAILROAD CO.

TIME TABLE
IN EFFECT OCTOBER 18, 1903.

LEAVE	DAILY PASSENGER AND FREIGHT	ARRIVE
7 A. M.	LAIRD	5 P. M.
3 P. M.	POKEGAMA	9:30 A. M.

NO SPECIAL ELECTION.

Ninth Senatorial District will not Elect a Senator now.

The 9th Senatorial District comprising Klamath, Lake, Crook and Grant counties have decided not to go to the expense of a special election for a successor to Senator Williamson. Moreover many believe that the time is too short for an election. Absence of a Senator from this district will not, however, interfere with the business of the Legislature. Some person or other from the district may claim a seat in the senate, but that body, being the the sole judge of the qualifications of its members, will decide the claim.

WILL BUILD TO THE FALLS.

Work Will Commence on the Extension of the Klamath Lake R. R. Soon.

Hervey Lindley, of the Klamath River Railroad, was in Ashland, Tuesday, says the Tidings, on his way home from a business trip at Portland. He says the open cars which have been in service on his road from Lairds to Pokegama, since the trains began to run, will be superseded in a few days by a comfortable combination passenger and baggage coach. He has also notified the government that the road is ready to carry the Klamath Falls mail, whenever it is desired to make the change from Ashland.

Mr. Lindley says that active measures will be taken in the near future looking to the extension of the road to Klamath Falls. The portion of the road constructed has surmounted all the heavy grades between Lairds and Klamath Falls, and its extension from Pokegama will be comparatively an easy matter. Mr. Lindley says the enterprise up to date represents an investment of over \$600,000.

MURDER IN LAKE COUNTY.

The Examiner has the following in regard to the killing of Tim Ahern by Phillip Barry Jr. which occurred at Plush on Nov. 21.

By the information given The Examiner, it appears that after drinking and carousing in the saloon where guns were much in evidence, four men, Phillip Barry, Nick Barry, Wm. Lane and Tim Ahern emerged and went down to a hitching rack, where their horses stood. Phillip Barry mounted his horses and rode up to within 20 or 30 feet of Nick Barry and Tim Ahern and fired his pistol, the bullet taking effect in Tim Ahern's neck near the jugular vein, and ranging downward, lodged in the vertebrae and crushed the spinal cord. Both Nick Barry and Wm. Lane ran. Willis Scammon hearing the shot, ran out of a corral near by and grabbed the gun as Barry started to ride away, and in the scuffle it was discharged, the bullet passing under Scammon's arm. Scammon told Barry to consider himself under arrest, but he rode away and disappeared in the darkness. As he did so, Scammon discharged the gun in the air in an endeavor to stop him.

Ahern was carried to the Scammon home and everything done for him that could be done, but he only lived until 11 o'clock that night. He asked Mrs. Scammon if he was badly hurt and she told him she thought not fatally. He was asked what

physician he wished and he replied that he wanted Dr. Steiner. Harry Riggs was dispatched at once, arriving at Lakeview at 2 a. m., over 40 miles in a rain storm and bad roads. Dr. Steiner, accompanied by Dan Maloy started without delay, but when nearly there met a messenger coming for the coroner. Coroner Harris accompanied by Rev. J. B. Stark started early Monday morning for Plush. The verdict of the jury is as follows.

CORONER'S JURY VERDICT.

We, the jurors called by Coroner, F. E. Harris, to enquire into the cause of the death of Timothy Ahern, find that the said Timothy Ahern met his death from a pistol shot fired by the hand of Phillip Barry Jr. at Plush, on Nov. 21, 1903.

CONTEST FOR KLAMATH LANDS.

One of the largest land contests that have come before the state land board at Salem for several years was heard Wednesday, when two groups of applicants contested for the right to purchase 700 acres of swamp land bordering on Upper Klamath Lake. The land is unsurveyed and lies in township 35 south range 7 1/2 east. It is just south of the tract of 11,000 acres which was purchased three or four months ago by Jesse Carr-Seale and associates.

The conflicting interests in this case are State Senator A. C. Marsters and 25 associates, of Roseburg, on one side and J. D. Carr and a number of associates on the other. For all practical purposes the latter group represent the Jesse Carr-Seale interests.

The greatest importance of the controversy lies in the fact that this tract of 7000 acres adjoins the 11,000 acres already purchased by the Seale people and control to a large extent the channel through which the 11,000 acres must be drained. If the opposing applicants secure the 7000 acres the success of the effort of the Seale people to drain the 11,000 acres will depend largely upon the arrangement they can make with the purchasers of the 7000 acres.

It is the intention of Senator Marsters and his associates to drain and reclaim this tract of 7000 acres should they secure it.

The land board took the whole matter under advisement.

FOR LOVE OR COUNTRY.

"For Love or Country," a drama of the hour will be given at Bonanza Hall by members of the elocution class, Christmas night, Dec. 25th, 1903. Opens at 7 o'clock. Admission 50 cents. Children 25 cents.

After the show a grand masquerade Ball. Tickets including supper \$2.00. All cordially invited.

BILIOUS COLIC PREVENTED.

BURNED TO DEATH.

Two Indian Boys Attempting to Burn their Way Out of Jail Lose Their Lives.

Pitt River Charlie and Fred Snider, two boys from the Yainax Indian School were burned to death Sunday morning while imprisoned in the town jail at Bonanza.

The boys had spent the previous day in town having a good time and disposing of a quantity of whiskey, which they had procured in some way. As it was only too well known that an Indian with whiskey is a very dangerous party to allow to run loose, they were locked up in the jail by the marshal for safety, Saturday evening.

About 2 o'clock Sunday morning the jail, which is a small wooden structure, was discovered in flames but by the time people had flocked to the scene, the prisoners had long gone to the happy hunting grounds and only their charred bodies remained.

While nothing is positively known as to the origin of the fire, it is believed it was started by the Indians for the purpose of effecting their escape by burning a hole through the floor.

The front of the building was used as an office and was occupied by the town recorder. About everything in the room was destroyed, including some valuable books and papers.

Coroner R. W. Marple and Deputy District Attorney Mills went to Bonanza Sunday. The following coroner's jury was called: D. F. Driscoll, A. T. Langell, J. H. Chastain, Wm. Goss, L. J. Bauman and Henry Schalllock. No further facts however was brought out at the inquest than those already stated.

RECTOR OF ST. LUKE'S,

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

ASHBURNHAM, Ont., April 18, 1903.

—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a Godsent remedy. Respectfully yours, E. A. LANGFELDT, M. A. Rector of St. Luke's Church.

To Chamberlain Medicine Co.
This remedy is for sale by C. C. Chitwood.

Fred Melhase and Ed. Crisler came down from Fort Klamath Sunday. Mr. Melhase reports the roads in very bad condition and says that the rains have been heavier this year than he has ever seen them at this time of the year. The water has covered a great deal of the pasture land and has compelled the cattlemen to commence feeding hay. Mr. Melhase will winter 850 head of cattle.
