a number of times. He endorses Peruna in the following words:

"I am 68 years old, am hale and hearty, and Peruna has helped me attain it. Two years ago I had la grippe -my life was despaired of. Peruna saved me."-J. R. Guill.

### A Relative of Abraham Lincoln.

Mr. Silas S. Lincoln, who resides at 913 I. Street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes:

"I had la grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease. I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."-S. S. Lincoln.

Pe-ru-ita Not Only Cured La Grippe but Benefitted the Whole System. Miss Alice M. Dressler, 1313 N. Bry-

ant Ave., Minneapolis, Minn., writes: 'Last spring I suffered from la grippe and was partially cured but the bad after effects remained through the summer and somehow I did not get strong as I was before. One of my college friends who was visiting me asked me to try Peruna and I did so and found it all and more than I expected. It not only cured me of the catarrh but restored me to perfect health, built up the entire system and brought a happy feeling of buoyancy which I had not known for years."-Alice M. Dressler.

An Actress' Testimonial. Miss Jean Cowgill, Griswold Opera House, Troy, N. Y., is the leading lady with the Aubrey Stock Co. She writes the following:

"During the past winter of 1901, I suffered for several weeks from a severe attack of la gripe, which left a serious catarrhal condition of the throat and head.

"Some one suggested Peruna. As a last resort, after wasting much time and money on physicians, I tried the remedy faithfully, and in a few weeks was as well as ever."-Jean Cowgill.

A Southern Judge Cured. Judge Horatio J. Goss, Hartwell,

Ga., writes: "Some five or six years ago I had a severe spell of la grippe, which left me "Several years ago I had an attack with systemic catarrh. A friend ad-of la grippe which left my nerves in a vised me to try your Peruna which I

lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then. Three sizes : 25c., 50c., 51. All druggists.

nault your doctor. If he says take it, do as he says. If he tells you not ike it, then don't take it. He knows, re it with him. We are willing. J. C. AYER CO., Lowell, Mass.

after "cut the plate" and was called a strike, much to his discomforture? The remedy for this, I think, is a simple one, which can be mastered by any young man possessing the necessary confidence: It is simply to step forward and meet the ball before it crosses the plate. In this way the ball is always in front of the batter, and he is, so to speak, on top of it before it breaks.

Many pitchers have a puzzling drop ball which looks easy and fades away from the bat when you strike at it. On the other hand, many of the best boxmen are now using a rise ball pithced with a side arm motion. A batter has a much better chance to kill either of these balls by stepping into them to the limit of the batter's box

as they approach the plate. The same thing applies to balls either on the inside or the outside of the plate.

It is much easier to hit the ball by running in on it. By meeting the ball early it can be sent in the direction of the left field. The old theory that if you wish to strike a ball toward the right field you must strike at it after it has crossed the plate is pretty well exploded. By stepping in and meeting the ball in front of you it is just as easy, if not easier, to drive it toward right field as it is to pull it into left

GEORGE WASHINGTON.

His Farewell Address to His Countrymen Had an Interesting History. George Washington's farewell address

to his countrymen, which ranks among three or four greatest of American After the death of Hamilton two copies of his fidelity, insight and genius; of the address in Hamilton's handwriting that one of the strong desires of his life were found among his papers. This at was to see Hamilton at some future time once gave rise to the surmise that Ham- President of the United States he made ilton was the author of it, and a great controversy arose. It was known, of when Hamilton was struck down by the course, that when Hamilton was in the hand of Aaron Burr, the whole land was cabinet he prepared and wrote out many of Washington's communications and speeches to Congress, but after his retirement it was not supposed that he did nore than occasionally advise with the President on certain public questions. John Jay took part in the controversy and undertook to prove that Hamilton was not the author of the address, stat-

ing that the original address had been been with Washington ever since the batwritten by Washington and then submit- tle of the Monongahela. Bishop, as he ted to himself and Hamilton for sug-gestions and amendments. For a num-and devoted to his master's interests. At phenominal increase in the price of ber of years the authorship was left in sunrise every day he would go to the doubt, but the facts, as time has devel-oped them, seem to be these: At the close of his first term Washington contemplat-Woe to them if they had been carcless! ed retirement, and in May, 1792, address- Bishop marched in with a muslin handed a letter to Madison stating that he kerchief in his hand and passed it over intended to retire from public life; that the coats of the horses; if a single stain he wished to make a farewell declaration appeared on the muslin, the boy who to the country, and asked Madison to pre- groomed the horse had to take a thrashpare for him an address or a letter of that description. Madison prepared the paper, consulting Jefferson about it, but they, with others, finally prevailed upon Washington to accept another term, so the Madison paper was not used. At the close of his second term Washington retired, and preparatory to that sent the Madison paper, with additional mat-ter of his own, to Hamilton, with the request that the latter "re-dress" it. These formed the main theme and idea of the paper. Adhering to these lines, Hamilton rewrote the paper. He then ook Washington's draft and the Madison paper and consulted Jay, with the result that a third paper was drawn, merely suggesting changes and amendments in Washington's original draft. All these papers were then forwarded to Washington, who, after comparing and studying them, decided that he preferred Ham-llton's first or original draft. This he returned to the writer, wishing one or two paragraphs on education to be add-ed, and it was carefully revised by Hamilton. When Washington received this back he made a copy of it, and this was the farewell address as given to the world. The accepted conclusion now is that the thoughts and ideas are Wash-
