GOING TO THE BLUE MOUNTAINS FOR THE SUMMER RANGE. Pendleton—Tens of thousands of sheep are en route to summer range in the Blue mountains across various parts of Umatilla county. Between 20,000 and 30,000 traveled last week up the Walla Walla river road through Freewater and Milton, numerous herds went up the Umatilla, and flocks are moving southward up Birch and similar creeks into Southern Umatilla. The mountain range of this county, and portions of Union and Grant counties, are the ultimate destinations...

THE VLIADVOSTOK SQUADRON IS NOW KNOWN TO HAVE SUNK TWO JAPANESE TRANSPORTS, WHICH CARRIED ABOUT 1,000 MEN DOWN WITH THEM. The Amity dam in the Arkansas river, near Fort Lyons, Colorado, has been torn out by the big water and is a total loss. The dam cost \$100,000 to construct only last year. Immense damage is feared to crops under the Amity canal. Two masked men held up the North Coast Limited Northern Pacific passenger train near Bearmouth, Montana. The safe in it express car was blown open and the contents taken. It is not known how much was secured, but it is believed the sum was large. General Stalkeberg, badly beaten at Vafangow, may yet save his army by retreating. Two batteries of artillery have been literally cut to pieces by the Japanese and of their 16 guns, 13 were so badly damaged as to be rendered utterly worthless and were abandoned. Colorado troops have sent 36 union men to New Mexico. Fire at Oroville, California, destroyed property valued at \$130,000. The inventor of the submarine mines used by the Japanese has been killed. Burglars dynamited a safe at Pipe-spring, Montana, near Butte, and secured \$2,700. The reserves just called out by Russia means the dispatch of 200,000 troops to Kuropatkin. Two men held up a street car in the suburbs of San Francisco and secured \$23 from the conductor. Attorney General Knox will retire as soon as his commission as senator arrives. Moody is likely to succeed him. Admiral Togo has captured a number of rice laden junks attempting to run the blockade and enter the Port Arthur harbor. The Vladivostok squadron is reported to be in the Corea straits and heavy firing indicates an engagement with the Japanese. The government will take hold of the Utah lake irrigation scheme and complete the work. When finished the project will water fully a million acres of land. Many reported union miners are arriving at Denver. The Russian forces at Ping, south of Niu Chwang have been forced to evacuate.

RUSSIA HAS NOT PROTESTED. St. Petersburg, June 20.—An official denial is published of the rumor that the Russian ambassador at Washington, Count Cassini, has protested against the reported intention of the government of the United States to dispatch a squadron of warships to Turkish waters with the view of bringing pressure to bear on the porte to secure the payment of American claims. Mine Kills Nineteen Men. Tokio, June 16.—While the Taihoku was engaged in laying mines at the entrance to Port Arthur, last night, a mine exploded, killing one officer and 18 men, and wounding two officers and seven men. The Taihoku, which is a naval transport, was not seriously damaged. Release May Be Delayed. Tangier, June 16.—A courier from Raisuli, who kidnapped Messrs. Perdicaris and Varley, arrived here during the night. United States Consul General Gummere and the British embassy visited Mohammed El Terbas, representative of the sultan of Morocco, to discuss the contents of Raisuli's message. The distance of Raisuli's headquarters makes the negotiations head-pinned. It is now thought possible that captives will not be released this week. Revolution Is Certain. Tangier, June 16.—French occupation is the only remedy for the serious internal condition of Morocco. A revolution is practically certain within a couple of months, and it will be supported by the entire educated class. The sultan's authority is virtually nonexistent, and until the country is occupied by Europeans on the edge of a volcano. Should France avoid her responsibility, America or Great Britain may be forced into energetic action; thus creating a situation similar to that existing in Egypt. Further Demands Will Be Granted. Washington, June 20.—The state department has received the following from Mr. Gummere, American consul general at Tangier: "As reported yesterday, Raisuli has increased his demands. I am informed today by the minister of foreign affairs that one of the shieks and two of his brothers, whose apprehension were demanded by Raisuli, have been arrested; also that a courier has been dispatched this morning to Raisuli to say that his further demands will probably be granted by the Moroccan government."

URGES FAIR EXHIBIT. St. Louis, June 18.—Before departing for New York, Prince Pun Lun announced himself as a self appointed committee of one to secure China's participation in the Lewis and Clark exposition to be held in Portland, Or., in 1905. The prince remarked to Theodore Harde, assistant to Secretary Walter B. Stevens, that he was very much impressed with the American idea of celebrating the anniversaries of great events with big expositions, and declared he would use every effort to secure Chinese participation. Japanese Transports Have Close Call. Tokio, June 18.—It is reported here that the Japanese protected cruiser Nitaka engaged the Russian Vladivostok squadron off Tsu island, in the straits between Corea and Japan. This report, however, lacks confirmation. The Japanese transports Ugo and Fuyo, homeward bound, met the Russian vessels this morning near Oki island. The Russians pursued them and fired 16 shots at the Japanese ships. The transports escaped. Russians Marching on Port Arthur. Tien Tsin, June 18.—It has been learned here from a Russian source that 40,000 Russians passed Tashchiao, 20 miles south of Niu Chwang, going south. It is supposed that this force is going to the relief of Port Arthur.
