One year (in advance) \$2.00  
THURSDAY, OCTOBER 6, 1904.

### DON'T KNOCK.

No matter what you write may be,  
Don't knock.  
It will not make things better, see  
Don't knock.  
The weather may be wet or dry,  
Or hot or cold (we don't know why).  
You cannot change it if you try—  
Don't knock.  
No man is faultless at his best,  
Don't knock.  
You have some failings with the rest,  
Don't knock.  
Some duties we all leave undone,  
Some urgent tasks are not begun,  
None reach perfection, no, not one—  
Don't knock.  
Would you have friendship kind and true  
Don't knock.  
As you treat men, men will treat you—  
Don't knock.  
Let ample charity abound  
For all mankind this world around—  
You'll need the same when under ground,  
Don't knock.  
Seek out the good and not the ill,  
Don't knock.  
If angered, bid thy tongue be still,  
Don't knock.  
If you to others' faults are blind,  
They'll bear with you and never mind;  
It's so much better to be kind—  
Don't knock.

Mr. Bryan has been making Parker  
speeches in Missouri with the express  
understanding that his arguments do  
not apply in Nebraska, where he is

young men of the country, the so-called  
first voters, been so nearly unani-  
mous on one side. The young voter  
of 1904 hardly without exception will  
cast his vote for Roosevelt and Fair-  
banks. Mr. Roosevelt is himself a  
young man and his energy, his hon-  
esty, his singleness of purpose to con-  
tinue the policies which have made  
our young country the greatest nation  
of the earth, appeals to the young  
man who will cast his first Presi-  
dential vote this year.

Then, too, the young man knows  
that republicanism means opportu-  
nity. It means progress in science,  
progress in agriculture, progress in  
manufactures. And the young man  
of today is a progressive young man  
in what ever industry he may enter.  
Nearly a million young men will  
vote for the first time next November  
and fully 90 per cent of this vote will  
be cast for Roosevelt and Fairbanks.  
—Eugene Register.

### WHAT REPUBLICANISM

#### STANDS FOR.

The Republican party is the party  
of progress. It moves ever forward;  
it never stands still. It does not hang  
on to old worn out issues after their  
usefulness has departed. It is ever  
seeking the greatest good for the  
greatest number of the American peo-  
ple, and the confidence placed by the  
people in the wisdom of its actions is  
proof that it has been successful.

Every great achievement of the  
American nation for the past forty  
years, either in arms or diplomacy,  
has been wrought under the direction  
of Republicans.

Republicans believe in building up,  
not in tearing down. They have built  
up a nation of prosperous, happy peo-  
ple in the United States. They have  
started a new, free nation upon the  
blood-stained soil of Cuba, from the  
ruins of a despotic and aristocratic  
government. They have extended the  
territory of the United States to the  
Orient and to the Arctic.

They have commenced the con-  
struction of a highway for the com-  
merce of the world from the Atlantic  
to the Pacific across the Isthmus of  
Panama. Republicanism has built up  
the American navy until now the  
stars and stripes float in every clime  
over ships the equal of those of any  
nation on the globe.

Republicanism stands for progress,  
prosperity and patriotism. Under the  
administration of the Republican party  
every man is secure in those "con-  
tain inalienable rights" with which  
the immortal Declaration of Indepen-  
dence says every man is endowed.  
Mistakes have been made, it is true,  
for the human organization is fallible.  
But it is the record of the Republican  
party that its leaders have never  
made the same mistake twice, nor  
have they attempted to right one  
wrong by the commission of another.

### STOCK NEWS.

Very Few Cattle Will Be Winter-  
ed Here—Hay Plentiful.

This is an off year with the big cat-  
tle buyers. Last year's experience  
with high-priced hay seems to have  
driven some of them out of business  
or else they are not able to see any  
money to be made in feeding cattle  
at the present prices of beef and hay.  
At least the reports from all over the  
county seem to show that there will  
be less cattle wintered here than for  
a number of years and this in the  
face of the fact that there is more  
hay in the county than ever before.  
Many of the smaller cattle owners are  
combining their herds and driving to  
the market themselves.

S. S. Stearns and Mayfield Bros. of  
Prineville passed through the city  
Monday with 258 head of cattle  
which they are driving to Montague.  
These cattle were bought by J. C.  
Mitchell.

Lindsay Sisemore, Dan Ryan and  
Jack Pelton came down from Fort  
Klamath Sunday with about 600 head  
of cattle, which were taken to Mitch-  
ell Bros. ranch.

216 head of beef cattle, belonging  
to J. W. McCoy, Dan'l Cronquist and  
Mr. Nicholson of Fort Klamath  
passed through the City Tuesday on  
their way to Montague from where  
they will be shipped to San Francisco.

Jas. Barry started a band of mut-  
ton sheep to Madeline the first of the  
week. They will be shipped to the  
Donbiggs Commission Company of  
San Francisco. —Lakeview Herald.

Messrs. Horning, Bulck and Alms-  
ley of Silver Lake took 290 cattle to  
the railroad Sunday for shipment to  
San Francisco.

### PARK AND BOAT LANDING.

Major C. E. Worden is improving  
his lake and river front property in  
the rear of his hotel near the bridge.  
It is being filled in out to deep water  
and being nicely fenced. He says  
that he is going to plant a lot of shade  
trees and a lawn and next year will  
put on a number of row boats and  
make the property a sort of park and  
resort for boating parties.

Andy Hose sells hay and grain.

## TOWN BOARD MEETING.

Big Batch of Bills Passed—  
Will Finish the Work on  
East Main Street This  
Season.

The regular monthly meeting of  
the town council was held Monday  
evening in the town hall. The fol-  
lowing officers being present: Alex  
Martin Jr., Pres.; L. F. Willets, Frank  
Ward, Geo. R. Hurn and B. St. Geo.  
Bishop, Trustees; C. C. Brower Re-  
corder; J. C. Rutenic, City attorney;  
Walter Lennox, Marshal; E. B. Hen-  
ry, surveyor.

The report of the Treasurer, J. W.  
Siemens, showed a balance of \$1052.76  
in the treasury. The following bills  
were read and approved and warrants  
were ordered to be drawn for the  
amounts:

Walter Lennox, salary	\$ 50.00
C. C. Brower, salary	12.50
J. C. Rutenic, salary	25.00
J. W. Siemens, salary 3 months	12.50
H. L. Boggs, salary	31.00
E. B. Henry, salary	81.00
H. W. Baldwin, salary	45.00
Walter Lennox, marshal's fees	17.55

Buesing & Bennett	8.75

The petition of A. Castel for a  
brewery license was approved and a  
license was ordered issued. The bond  
of C. D. Wilson & Co. was rejected as  
it was improperly filled out. A peti-  
tion was read for a sidewalk, commen-  
cing at the corner of Main street and  
Payne alley to Pine st.; thence east  
along the north of Pine st., passing  
Juniper and Center streets to middle  
of block 4. The matter was referred to  
the street committee with power to  
act.

Another petition was read for a  
sidewalk on Fifth street from Main  
street to Walnut Avenue and in front  
of block 37 along Klamath Avenue  
from Fourth street to sixth street.

As the petition did not designate  
which side of Fifth street the side-  
walk was to be built on, it was laid  
over.

The matter of the extension of the  
sewer on Third street from Klamath  
st. to the lake was discussed. It was  
decided to have the city engineer in-  
vestigate and see if an open sewer  
would do the work or if a flume would  
have to be built.

The work on the rock crusher which  
shut down on account of lack of funds  
was started again Monday for about  
ten days or sufficient time to complete  
the building of the road at the East  
End of town. A number of our busi-  
ness men agreed to take about \$1000.  
worth of warrants at par so that  
those needed improvements could be  
made this fall.

## SENATOR FULTON COMING.

Will Probably Speak Here During  
the Fair and Races—Inter-  
ested in Government Ir-  
rigation.

On the invitation and through the  
efforts of Hon. R. A. Emmitt, United  
States Senator Charles W. Fulton  
has decided to visit Klamath county.  
Mr. Fulton is the first United States  
Senator to visit this section. He was  
through here last year and was favor-  
ably impressed with the growing  
importance of this country. In a let-  
ter to Mr. Emmitt he said that he  
would be here about October 12 and  
that he wished to meet the land own-  
ers and investigate the government  
irrigation project. He also consented  
to address the people while here. His  
speech in all probability will be along  
political lines.

Senator Fulton is one of the most  
prominent men in Oregon politics to-  
day and the people of Klamath coun-  
ty can congratulate themselves on  
this opportunity to meet and hear a  
man of such prominence.

Notice will be given as soon as the  
date is definitely settled and the as-  
sistance of the people throughout the  
entire county is desired to make this  
the biggest meeting ever held here.  
Senator Fulton's present term does  
not expire until 1909 and our people  
should see that he receives as favor-  
able an impression as possible, as a  
county that has the friendly interest  
of such a man, is fortunate.

## FAMOUS LAND FRAUD CASE

Judge Bellinger Overrules Demur-  
rer to the Indictment.

The McKinley-Ware Trial Will  
Open Early in November Be-  
fore Grand Jury.

Portland, Sept. 29.—The Marie  
Ware trial, the most famous land  
fraud case in the history of the state,  
will open early in November. It is  
expected that the federal grand jury  
will begin its session about the mid-  
dle of October, and after two weeks a  
trial jury will be empaneled, and a  
number of cases taken up. The case  
against Marie Ware, Horace G. Mc-  
Kinley, S. A. D. Potter, Emma L.  
Watson and other defendants will  
not be held until the other cases are  
disposed of.

Judge Bellinger yesterday overruled  
the demurrer to the indictment made  
by the last session of the federal  
grand jury. Defendants named were  
Emma L. Watson, S. A. D. Potter,  
Horace G. McKinley, Marie L. Ware,  
Maud Witt, Frank H. Walgamot,  
Henry C. Barr, D. W. Tarpley and  
three others, names unknown.—Asso-  
ciated Press.

### IMPRESSED WITH KLAMATH.

Pres. Mulkey has returned from his  
educational visit to Klamath Falls  
and has much to say of the large  
growth of that city since his visit  
there a year ago and of the resources  
of Klamath county. He thinks Klam-  
ath county is on the eve of a large de-  
velopment. Three different railroad  
lines are headed that way, one of  
which is sure to reach that country  
within the next two or three years.  
Large projects for drainage and ir-  
rigation are afoot and hitherto swamps  
and desert lands will yield immense  
crops of fruit, vegetables, grain and  
alfalfa. He says, "One-half of the  
untilled lands are awaiting irrigation,  
the other half waiting to be drained  
and capital has organized and begun  
the work of spreading the accumu-  
lated waters upon the arid portions. I  
doubt whether the Northwest affords  
a better field for investment than the  
Klamath Lake region."—Ashland  
Tidings.

Wm. Uhrmann, one of the prosper-  
ous ranchers of Alkali valley, was in  
the city Saturday. He states that he  
has put fifteen acres in wheat this  
year and has threshed 27½ bushels to  
the acre. If they can get these re-  
sults from a dry ranch, think what  
Alkali valley will be when it is cov-  
ered by irrigating ditches.
