STATIONERY

We have two messages for the people this week. One for the ladies and the other for the men. Every lady should be particularly choosy in the selection of the stationery she uses in writing to her friends. Don't destroy a good impression by using cheap or improper writing paper. Styles change in stationery as well as in other things. There is a size and shape which is proper for ladies and also a distinct style and size proper for men. Let us show you what is proper this year. We have a complete line in all the latest tints of stationery, papereries, box goods and tablets.

San Francisco—California elected solid Republican delegates to Congress. Lorrigan, rep. for associate Justice of Supreme Court, is elected by a large majority. 38 precincts in 5th Congressional district give Hayes 4346, Wynn, 2896. Indications are that Kerrigan, Front and Morasky are elected Superior Judges. 38 precincts give Kahn 3712, Livernash 2008.

New York—1310 election districts out of 1500 in city of New York give Roosevelt 239116, Parker 299637.

Chicago—1310 precincts give Roosevelt 178044, Parker 84246.

Rosemont, N. Y. 7:30 p. m.—To President Roosevelt—"The people by their vote have emphatically approved your administration. I heartily congratulate you." Alton B. Parker.

Chicago—Large vote received by Debs, socialist candidate for President, was subject of comment by both democrat and republican politicians. Debs total vote in Chicago may reach 50,000.

Washington D. C.—The President expresses gratitude to the people. Under no circumstances will I be a candidate or accept another nomination for the Presidency.

Chicago—500 precincts gives Roosevelt 70,562, Parker 36,546.

New York—523 election districts in New York state outside of the city give Roosevelt 136,859, Parker 88,466. The same districts in 1900 gave McKinley 125,347, Bryan 93,943. New York Herald says returns indicate Higgins, Re-

publican governor of New York elected by 35,000 to 30,000.

Cripple Creek, Col.—Two Democratic judges killed and Peabody, deputy sheriff, mortally wounded. One of Sheriff Bell's deputies was ordered out of the polling place in Gold Fields; he refused to go and shot and killed both Democratic judges. At Midway, A. Peabody, deputy sheriff, assaulted a woman because she was supporting the Democratic ticket. The Democratic warden shot and mortally wounded him. Frank P. Mannix, Democratic County Clerk and Recorder has disappeared. It is reported that a committee of citizens have taken him out of town and ordered him to leave the district permanently. Sheriff Bell and a posse have gone in pursuit of the mob and expect to bring Mannix back to Cripple Creek.

Indiana republican by probably 60,000. Many counties going republican for first time.

Missouri claimed by both sides. It is generally conceded however that Democratic Governor has been elected. The Republican State Committee claims state for Roosevelt by 20,000.

Minnesota indicates election of Democratic governor, state goes for Roosevelt 100,000.

In Wisconsin Republican national ticket carries by heavy majority. It is thought that the legislature will be so divided between the Republican factions that a deadlock may occur over the choice of a successor to Senator Charles.

Seattle, Wash.—Meade, Republican, plurality estimated at 7000. Meade has carried every county in Western Washington.

LOCAL OPTION
Portland—Prohibition is lost by large majority. For 4536 against 2230, only four precincts in the county go dry.

Prohibition beaten in Multnomah, Douglas, Lynn, Union, Wallowa and Washington. Carried in Benton, Coos, Curry and Gilliam. Returns not all in from Jackson but probabilities are that the county will go wet.

THE VOTE IN KLAMATH COUNTY.

A very light vote was cast in Klamath county of which Roosevelt & Fairbanks get a large majority. The vote by precinct is as follows:

Klamath Falls—Roosevelt 219, Parker 83, Swallow 5, Debs 6, Watson 3, Merrill 1, Roosevelt 71, Parker 28, Swallow 1, Debs 2.
Bonanza—Roosevelt 26, Parker 14, Debs 2.
Bly—Roosevelt 27, Parker 8, Swallow 1, Watson 2.
Pokegama—Roosevelt 7, Parker 2.
Fort Klamath—Roosevelt 56, Parker 16.
Keno—Roosevelt 51, Parker 6, Watson 2.
Poe Valley—Roosevelt 5, Parker 1, Debs 1.
Fairy—Roosevelt 48, Debs 13, Parker 6.
Langelly Valley—Roosevelt 30, Parker 16, Swallow 2, Watson 1.

OUR MERCHANTS ARE BUSY.

Klamath Falls Merchants are Capturing the Trade of Lake County—Business Has Doubled.

Klamath Falls is now recognized as one of the best towns in southeastern Oregon and this fact is due, mainly to our wide-awake hustling business men. The merchants of a town can either make or kill their town and it is gratifying to note the results of an awakening to the realization of this fact during the past two years. The four and six horse teams that are constantly coming in from Lake and Northern Klamath counties and returning loaded with supplies, are the best evidence that our merchants have been doing some heavy advertising. One of our enterprising merchants, when asked in regard to the trade from Lake county stated that their trade from this district was double what it had been last year, but he said, "we are going to do more next year."

Reames and Jennings report the largest volume of business since they have been established. L. F. Willis and the Klamath Commercial Company say that their business has increased with Lake county ranchers; Geo. T. Baldwin and Geo. H. Horn hardware merchant's wagon and implement dealers both say that they are selling more goods than ever before and B. St. Geo. Bishop is selling furniture. Klamath Falls stores can give their customers a larger and better stock of goods to select from than any town, twice the size, in Oregon.

We will just mention a few prominent ranchers who have recently taken wagon loads of supplies out of town: Fran-

Silver Lake—B. W. Jones, W. C. Bulck, Walter Kittridge, C. D. Porter, S. A. Porter, J. R. Hornum, M. Sult, J. F. Martin, J. M. Wright, J. M. Smeeland, E. Carlow, Frank Lakeview—S. P. Vernon and C. Pondleton. From Sumner Lake—C. C. Harris and Z. G. Harris. From Bliss—L. J. Leonard, Amos Lundy and G. W. Obenchain.

COUNTY COMMISSIONERS TRANSACT BUSINESS.

The County Commissioners Court was in session four days of last week, commencing Tuesday Nov. 2, at which the following business was transacted: It appearing that the contract with the Paddy Jail Building Co. for the erection of two cells and corridor in the county jail, had been carried out and the work completed satisfactorily, the County Clerk was instructed to draw warrants on the Treasurer for the General fund for \$3600, to be as follows: six warrants for \$500 each and one for \$500. In the matter of publishing the delinquent tax list, the contract was awarded to J. Scott Taylor, his being the lowest bid. The Klamath Republican's bid was three cents per line per week and the Express was 14 1/2 cents per line for five weeks and two and nineteen-twentieths cents per week.

It appearing to the satisfaction of the Court that certain legally established roads in road district No. 8, have not been opened for travel, the County Clerk is hereby instructed to notify the supervisor of said road district No. 8, to open all legally established roads for public travel forthwith.

In the matter of petitioning for by O. Short and others, and known as the John Koozitz road, Faircol road, Lost river slough road and section 36 road. The reports of the viewers were accepted and it was ordered that said roads be located and be declared public highways and county roads, and that orders issue to the proper supervisors, to cause the same to be opened according to law.

In response to the satisfaction of the County Court that there is need of a bridge across Little Klamath Ditch Company's ditch at or near the residence of R. C. Anderson, N. C. Merrill, County Commissioner, is hereby authorized to have the bridge constructed at a cost not to exceed \$500.

In the matter of a bridge across Lost river at the lower gap, the contractor, Mike Doohar, has reported to the Court, the bridge is completed and ready for inspection, and the County Clerk, having personally inspected the same, and it appearing to the satisfaction of said Court, that the bridge is constructed in accordance with the specifications and according to contract, the County Clerk is instructed to draw a warrant for \$125, in payment of same.

In the matter of recording and platting county roads heretofore established, Mont E. Hutchinson is hereby instructed to record and plat said roads at a cost not to exceed \$50.

In the matter of recording the boundaries of school districts and making a map thereof, P. L. Fountain is hereby employed to record said boundaries and make a map of the same, said work to be completed on or before Jan. 10, 1905, at a cost of \$200.

In the matter of cruising and estimating the amount of timber and quality of same, the County Clerk has entered into a contract with J. F. Kimball and Mike Doohar for the cruising, estimating and platting of townships 39, 40 and 41, S. R. 6E, W. M., a total of 84 sections, at a total cost of \$1600, contract for said work being on file in the office of the County Clerk.

Bills were allowed and warrants ordered drawn for \$944.50 and were on the different funds as follows: General fund, \$249.25; Highway fund, \$147.24; \$4.11 bond, \$147. A little over one-half of this amount was spent on the county jail and the bridge at the lower gap, the remainder being for salaries and general expenses. The Court adjourned until Friday Nov. 18, 1904.

BE A BOOSTER.

It requires advertising to build a town. It requires a newspaper to do the advertising and it requires news to make the newspaper. A town without a good newspaper is worth about as much as a clock without a face. Therefore every person interested in a town should be interested in its newspaper. If they are striving to build up a town, they should ever remember that the newspaper is striving to the same end. They should also remember that when they assist the newspaper they are assisting the town. The newspaper is a little money to make it go; but it also takes something besides money to successfully run the paper. It takes news. In fact it takes all kinds of news. It therefore becomes the duty of every citizen, at all interested in the promotion of his town, to supply the newspaper with news in this respect. If you believe in boosting the town, you will believe in boosting the newspaper which believes in the same thing. You may not be able to boost the town by any other special way, but unless you have the law-law all the time, you are able to say a good word for the town and to telephone the latest news items to the paper once in a while, it is being boosted. Every little boost is a help and it does not cost you anything to be a booster of this kind.

Send in your news items and be a booster.—Ex.

MOUNTAIN SHATTERED BY DYNAMITE BLAST.

The greatest explosion that has ever been experienced in Oregon was that which occurred in the Galice mountains in Josephine county, Friday afternoon, when the diggings of the Royal Gorge placer mines were blown up with 8000 pounds of dynamite. An entire mountain was torn asunder, huge rocks and tons of earth and gravel being hurled high into the air. The explosion was not the result of accident or malice, but was the climax to a work that had been under way by the Royal Gorge mining company for several months.

All summer a large crew of men, employed by J. E. Harvey, manager of the Royal Gorge, or old Channel hydraulic mines, has been busy driving a long tunnel through an arid mountain, and the explosion was one of the greatest that has ever taken place in Oregon. The mined channel is of an indurated gravel which does not wash readily, and experiments on a small scale have shown the company that by breaking up the gravel bank with powder twice as much could be washed as formerly with the same amount of water. It is estimated that the blasts have broken up 500,000 cubic yards, which will be available for working this coming winter.
