yesterday evening from Nez Perce,  
Idaho. He says this was the first that  
he heard of his son for four years.

J. E. C. Taylor brought the returns  
from Fort Klamath. He says that he  
don't just see how Parker only got 16  
votes in his precinct as he knows there  
were more than 16 Democrats voted.  
He has a strong suspicion that some of  
them voted for Roosevelt.

Capt. O. C. Applegate was down from  
the Agency last week. He informs us  
that the government expects to make  
an estimate of a tract of timber on the  
Reservation, which was included in the  
Military road grant. This land is now  
owned by the Booth Kelly people and  
they will probably be reimbursed by the  
government and the land allotted to the  
Indians.

The following story came from Poe val-  
ley: The first men who arrived at the  
polls were sworn in to act on the board,  
among these were two democrats, who  
were not registered. There were only  
seven voters cast and it was impossible  
at any time during the day to get six  
freeholders to swear the gentlemen's  
vote in, so they had to serve all day on  
the board and were not even allowed to  
vote.

Quite a serious accident occurred Sun-  
day afternoon, to Glen, the young son  
of Mr. and Mrs. A. C. Reals. The boy  
was riding horseback and was going to  
the upper lake. The horse was travel-  
ing at a good pace and when near the  
brick kiln, it stumbled and its rider was  
thrown to the ground, striking on his  
head. He was carried home and a doctor  
summoned but it was fully an hour  
before he regained consciousness. He is  
reported as some better today.

**ANOTHER HOT SPRING.**

While having pipes connected with  
a cold spring on his property next to  
the Lakeside Hotel last week, Major  
Worden struck a spring of hot water.  
The Major is very much elated over his  
discovery. He will have the water an-  
alyzed and if it proves to be mineral,  
will probably put in baths and open up  
a sanitarium. A number of the old  
settlers claim knowledge of the fact of  
hot water in this vicinity. They re-  
count a story which occurred several  
years ago. An ax was dropped off the  
bank of the river and an Indian dove  
after it. upon his regaining the shore  
he said that the water was hot.

**FROM OUR EXCHANGES.**

P. O. Cox, of Klamath Falls, was in  
Medford this week. His suit of bright  
blue material led townspeople to believe  
him an employee of Uncle Sam, but  
such was not the case—he is a laborer by  
trade and was here in quest of employ-  
ment.—Medford Mail.

Louis Gerber, the mutton buyer, was

and thinks that Parker has a fighting

## LAKE COUNTY STOCK NEWS.

(Examiner.)  
Lonie Gerber bought 15 head of steers  
from Andy Morris of Audel, paying \$25  
per head and 5 cows at \$20 per head.  
Jeff Parrish started 400 head of the  
J stock cattle for Honey Lake Sunday  
from the J ranch. Jeff will go from  
there to San Francisco.

A Mr. McInnes of Red Bluff wrote  
Dan Maloy for 9000 head of lambs. Dan  
wired him that he could be accommodated  
at \$2 per head.

Those who bought bucks last week  
were, Wade Snyder 11, W. K. McCor-  
mack of Paisley, 12, C. E. Campbell of  
Paisley 6, Dan Maloy 20 and John Davis  
of Davis Creek 7.

Swanson, the cattle buyer went to  
Warner first of the week and bought  
about 400 head of cattle from the 7T  
firm. The price being paid for cattle  
now is 4 1/2 to 5 1/2 cents delivered at Mer-  
rill. He expected to close the deal for  
about 400 head of 70 cattle yesterday.

Dan Maloy bought 1500 yearling  
weathers for L. Gerber, to be delivered  
at Merrill. He bought 306 from Zac  
Whitworth, 300 from Geo. Wright, 300  
from Chandler, 300 from Rogers and  
300 from Shimmer. Dan also put in  
800 head of his own. The price was \$2  
per head.

Jim Innes went out to Drews valley  
while here last week and bought seven  
head of thoroughbred Hereford bulls  
from F. O. Bunting. He now has sev-  
eral of this stock of bulls in his herd,  
and has every reason to believe his  
breed of cattle will be much improved.

Frank Bunting has several head of  
Hereford bulls at Merrill, where he ex-  
pects to sell them to stockmen of that  
section. Stockmen who have tried the  
whiteface cattle are not sorry they in-  
vested a good round sum in installing  
this breed of cattle in their herds.

The report that the Japanese and  
Russians have bargained for 6 million  
pounds of canned beef from San Fran-  
cisco packers, is encouraging to stock-  
men of this country. It will require  
about 15,000 head of grown cattle to fill  
the order. Cows and second-class steers  
are generally used for canning.

## TIMBER FRAUDS AT ROSEBURG.

At their preliminary hearing before  
U. S. Commissioner Z. L. Dimmick, in  
Oakland, Thursday afternoon, H. W.  
Miller and Frank E. Kincart, timber  
cruisers, were held to appear before the  
Federal Grand Jury in Portland on a  
charge of conspiracy to defraud the gov-  
ernment. Their bonds were placed at  
\$2000 each—just double the amount fixed  
at their arraignment last Tuesday to  
insure their appearance at the examina-  
tion. As in the former instance, Mr.  
Kincart furnished the required bonds  
in Oakland and Mr. Miller has done  
likewise in Roseburg. The state of their  
hearing before the Federal Grand Jury  
in Portland has not been set.

The testimony of five witnesses whom  
Deputy U. S. Marshal J. A. Wilson of  
Portland, brought to the hearing from  
Placer, Josephine County, was to the  
effect, that Miller and Kincart, repre-  
senting themselves as agents for the  
"Emmettsburg Company of New Zealand,"  
induced them to file entry on  
timber claims under the promise to pay,  
after final proof was made, 40 cents a  
thousand for the timber in case the  
claims would each cut 3,000,000 feet.

In each case a written contract was  
entered into between the parties, a pur-  
ported facsimile of one being introduced  
in evidence at the examination. The  
entrants were required to pay a "crui-  
ser's fee for \$25, a filing fee for advertis-  
ing the notices of intention to make  
proof, amounting in all to about \$50.
