

## LOCAL AND BUSINESS BRIEFS.

**Silverware.**—L. Alva Lewis. Meals at all hours at the Gem Cafe. First class service.

Bert Davis, of Merrill, was a visitor in the city the first of the week.

F. W. Jennings returned here Sunday from a visit to California.

F. J. Bowne, of Bonanza, was in the city the first of the week on business.

J. W. McCoy, of Fort Klamath came down the first of the week on business.

W. T. Shive left Tuesday for San Francisco, where he will undergo an operation for appendicitis.

Watches of all kinds. L. Alva Lewis. Fred Melhase and N. S. Merrill are in the city this week attending County Commissioners Court.

New line of Silverware.—Winter's Jewelry Store.

Jas. H. Wheeler of Fort Klamath is in the city this week. He was granted a liquor license by the county commissioners.

Just received 2000 rolls of Ingrain, Embossed, Guilts and plain wall paper at the Brick Store. Call and inspect stock before buying.

All services as usual at the Presbyterian Church next Sabbath. At 7:45 p. m. the pastor will begin a series of sermons on "The Life and Labors of the Apostle Paul."

Married.—William A. Beals and Mary A. Smith, both of Fort Klamath, were married at the office of Mark L. Burns at 3 o'clock Monday afternoon, Justice E. C. Graves officiating.

Articles of incorporation have been filed by Alexander Martin, Evan R. Reames and F. W. Jennings for the incorporation of the Brick Store Company. Capital stock \$30,000.

H. V. Gates and Miss Merryman, of Hillsboro are expected here this evening. Miss Merryman is a sister of Dr. G. W. Merryman of this city and will visit her brother during the summer.

Mr. and Mrs. J. R. Burns have joined Moore's dramatic company at Ashland and it is expected that the company will soon start on their annual summer tour through Eastern and Interior Oregon and California.

Geo. T. Baldwin returned Tuesday night from San Francisco. He was accompanied by his daughter, Miss Maud Baldwin, who has been attending a school of Photography during the past winter. Judge Baldwin says that he believes that a large portion of the remaining \$15,000 will be raised in San Francisco. The balance will have to be subscribed here.

Charley Hendricksen is now for clean streets. A few days ago complaint was made to the marshal and he ordered Charley to move his steam wood saw from Main street. Charley thinks that everyone should be treated likewise and whenever he sees a wagon or anything else left obstructing the streets, he forthwith makes complaint to the marshal and insists that they be removed.

I can fit you with any kind of glassess desired.—Winter's Jewelry Store.

Mrs. R. I. Hammond and daughter Bessie returned home Saturday from Portland and the Willamette valley. Miss Hammond has accepted a position with the Midway Telephone & Telegraph Company.

Methodist Church—Sunday School at 11, preaching at 11, subject, The 1st Psalm. Epworth League at 7, subject, "The making of a Christian, his exercise." Preaching at 8, subject Psalm 21:22 and Ecclesiastes 2.

Lost—Between Baldwin's Hardware store and Bennett's stable or between Klamath Falls and Olene, on Tuesday, April 25, an open envelope containing about \$10 in greenbacks. Finder will be suitably rewarded by leaving same at this office.

Mr. F. R. Neil, President of the Ashland Hardware Company, is in the city this week in the interest of his company. The Ashland Hardware Company carry a large line of buggies, wagons, agricultural implements and general hardware. From here Mr. Neil will go to Lake County.

The Klamath Falls Band made a good showing for itself on the excursion Sunday. The band is now composed of 20 pieces under the leadership of Ivan Daniel. Arrangements are being made to secure a stand in the court house park where weekly public rehearsals can be given during the summer.

The Woman's Club will hold their regular meeting on Friday evening May 12th, with Mrs. A. L. Sargent. The Club has raised over \$150 in cash for the new library and have promises of considerable subscriptions by the month. They are going to expend \$50 for new books and announce that they would be glad to have the citizens suggest a list of desirable books from which they can make their selection.

It is stated that Holdbrook Merrill & Stetson, hardware dealers of San Francisco, have refused to give a cent toward the Weed railroad bonus. This firm has been doing a large business in Klamath County for years and their salesman has just been through here and received orders from Geo. T. Baldwin and Geo. R. Hurn. We have been informed that these orders have been cancelled and these merchants are determined to throw their business to those houses who have assisted us when we needed help.

W. C. Stanley, J. R. O'Neil, I. E. Duval, C. T. Bonney, G. W. White and Charles Noel have filed articles of incorporation for the purpose of engaging in the saw mill and saw and door business. The firm will be known as the Klamath Lake Mill & Lumber Company. They will operate the mill at Odessa. A new steamboat will be built to take the place of the Alma, and also two large barges for hauling the lumber down the lake. The barges will be 20x100 feet and will carry about 70,000 feet of lumber.

### WEEKLY WEATHER REPORT.

Below we give a report of the weather as recorded by the Government weather bureau station at Marion Hank's ranch. This report is changed each week, and if our readers wish to keep a yearly record of weather conditions for future reference, cut out the report along the upper and lower lines and paste it in a scrap book one week after another. This record will be taken on Saturday to end each week and begin on Sunday for the next week. MARION HANKS, Voluntary Observer.

### CENTENNIAL NOTES.

The Boston Herald will send a large party of New England teachers to the Lewis and Clark exposition.

Workmen are now building the main entrance gates at the Lewis and Clark Exposition. There will be twenty turnstiles for entrance, with a number of exit gates.

Oregon's mining display at the Lewis and Clark Exposition will show astonishing rich deposits of gold, silver and copper, with specimens of gold from very rich new discoveries that run as \$20,000 to the ton.

The Fair Japan concession building on the Trail is now in course of construction. It will be finished, the concessionaire says, a week before the opening day. This is to be one of the most interesting features on the Trail.

Officials of the War Department and the Interior Department have arrived from Washington and are hard at work installing the exhibits of those executive branches of the government at the Lewis and Clark Exposition.

Two special trains, magnificently equipped, will bring to the Lewis and Clark Exposition in July several hundred of the leading business men of Denver, under the auspices of the Denver Commercial Club. In the party will be a number of millionaires. This promise is to be the most elaborate commercial "junket" ever undertaken in America.

Mosley's Canyon, a wonderful scenic park leading up to the mountains from the Lewis and Clark Exposition grounds, promises to attract thousands of people who will visit Portland this summer. The park is still in its primeval state.

except for winding paths that lead thru the trees and up and down the steep hills.

### CURFEW ORDINANCE.

Notice is hereby given that by an order of the Board of Trustees the ordinance of the Town of Klamath Falls, Oregon, declaring it to be unlawful for any person under the age of 18 years to play or loiter about or on the streets after the hour of 8 o'clock, p. m., will hereafter be enforced. The fire-bell will be rung at 8 o'clock each evening as a notice of the hour.

Walter Lennox, Town Marshal.

In the Circuit Court of the State of Oregon, For Klamath County.

Samuel Percy Nichols, Defendant, vs. Wm. W. Hazen, Plaintiff. Suit in equity to quiet title. Summons.

To Samuel Percy Nichols, the above named defendant.

In the name of the State of Oregon: You are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the 15th day of June, 1905 that being the date of the last publication prescribed in the order for service of summons by publication; and if you fail to answer for want thereof, the plaintiff will apply to the court for the relief as prayed for in said complaint, this is to say:

The plaintiff is decreed to be the owner in fee of Lot 2 in Block 19 according to the duly reported plat of the town of Klamath Falls, Klamath County, Oregon; that whatever claim defendant may have to said lot be decreed to be inferior and subordinated to plaintiff's title; and that defendant be forever barred from asserting any claim in and to said Lot 2 Block 19 of said town of Klamath Falls, and for such other and further relief as to the court may seem just and equitable.

This summons is published in the Klamath Republican by order of Hon. Henry L. Benson, Judge of the Circuit Court of the State of Oregon, for Klamath County, made May 8, 1905 directing said summons to be published for six consecutive and successive weeks, the date of the first publication to be made on the 4th day of May, 1905. F. H. Mills & A. L. Leavitt, Attorneys for plaintiff.

### Chinese Official Methods.

In China they do things differently. The governor of a province in which a missionary was murdered has been notified that he must produce the murderers within ten days or bring his own head along on a charger. This method would insure a strict enforcement of law anywhere, were it not for the simple expedient adopted by the Chinese official. He chops off a couple of heads and sends them to Peking by express with a message saying that the skulls once belonged to the murderers and an assurance of his unwavering loyalty to the throne.—Portland Ore.

### INVENTION AND INDUSTRY.

A new invention is the manufacture from ramie grass of cloth, dress goods, ropes and other articles.

Many thousands of workmen in Hamburg are abstaining from drinking beer, using coffee, seltzer and spirits in its place. They are doing this in support of the striking workmen of 12 breweries.

A test has been made at Montreal of a device to check the speed of vessels in an emergency. The vessel's speed is checked by means of fins, controlled from the wheel house, which open at right angles to the vessel's side.

A German investigator has recently discovered an exceedingly valuable and important property of aluminum, which consists in its application as a whetting agent, the effect produced on cutlery not with it being most astonishing.

The raising of lemons is a new industry being carried on successfully in Florence, Cal. The lemons grown in that city are said to surpass in excellence those shipped from the southern states, as well as those received in this country from Spain.

The telephone industry of the United States represents a capital of more than \$450,000,000, covering slightly more than 4,000 systems, with 2,218,297 telephones of all kinds, over which were exchanged during 1902 more than 5,000,000,000 telephone conversations.

Bricks are now being made of clean sand and ground quicklime that are said to be as substantial as granite. They cost \$2.50 a thousand. The mixed ingredients are forced into a strong steel cylinder mold by means of a screw. After the air has been sucked from the cylinder hot water is admitted, the rock being formed by the resulting pressure and heat.

### RACIAL PECULIARITIES.

Five feet is the minimum height of the Russian and French conscript.

The average Japanese soldier is not more than five feet four inches high.

Rheumatism is almost unknown in Japan. The Japanese escape the malady to a great degree by avoiding the excessive use of alcohol and tobacco.

### NOTES ABOUT ANIMALS.

It is a curious fact in natural history that no bird can fly backwards.

The largest serpent ever measured was a Mexican anaconda, which was found to be 37 feet in length.

Durham possesses four dogs to every pig, while in Lincolnshire there are four pigs to every dog. In Lincolnshire there are more pigs than in any other county, the number reaching no fewer than 116,948.

Man has a rival in the art of shaving in a South American bird called the "motmot," which actually begins shaving on arriving at maturity. Naturally adorned with long blue tail feathers, it is not satisfied with them in their natural state, but with its beak nips off the web on each side, leaving only a little oval tuft at the end of each.

### Pyramid Building Not So Hard.

When the pyramids were built the laborers did not work under such disadvantages as have long been attributed to them. Researches show that they had solid and tubular drills and lathe tools. The drills were set with jewels and cut into the rocks with keenness and accuracy.
