Our attention has been called to the discrimination we made in last week's issue, in the salaries of the Attorney and Secretary of the Water Users' Association. We do not wish anyone to withdraw their land from irrigation on account of that \$15,000 salary. The Water Users do not wish to pay so large a salary, so we guess we will have to change it. The salary of the Attorney should have been \$1500 a year.

They have also adopted the draped curtain instead of the old style roll curtain which gives the stage a much prettier effect.
