COMING METROPOLIS OF SOUTHERN OREGON

Klamath Falls, Oregon, is the important commercial and trading point of not only Klamath County, which is larger than Connecticut and Rhode Island combined, but also of a vast extent of the richest lands in the United States,

Twenty billion feet, board measure, is a fair estimate of the standing pine timber tributary to Klamath Falls. Klamath County has 500,000 of rich valley lands, not one-tenth of which has been brought under cultivation. Land that will produce, under irrigation, more bushels of wheat, rye, oats, barley, potatoes, onions and sugar beets than any other section of God,s footstool. Land that will produce the finest winter apples ever grown, the most lucious gooseberries, currents, cherries and plums; the finest horses and mules ever saddled or driven; the best beef, mutton and pork; the best butter and cheese, in America. Land that in most countries would readily sell for \$100

Ever since Lewis and Clark discovered the Columbia, the Klamath Basin has been a cow country, now the awakening has come, the government has undertaken the reclamation and irrigation of 300,000 acres of the valleys, making the scheme as a whole the biggest thing in its line ever undertaken. It will cost \$18.50 per acre in ten annual payments, then the land owns the waier.

The California & Eastern Oregon Railroad is building from Weed, California, 90 miles away, a standard gauge railroad, to Klamath Falls. Already the effect of these two great improvements are felt Klamath Falls is growing. Property is advancing in value. Already a city of 1200 people, I predict 10,000 in 1908, Lots that can be had now for a modest price will then have advanced 300 to 500 per cent. Land that can be had for \$25 to \$40 per acre now, will be \$100 then. This is not all that can be said in favor of Kiamath County or H. G. HOLABIRD. Klamath Falls,

'The Three Most Beautiful Roses' By Paul de Longpre

At the argent solicitation of the Woman's Home Companion, Mr. Paul de Longpre, who is the greatest painter of flowers in the world, consented to make a painting of what he considered "The Three Most Beautiful Roses," and the painting is without doubt one of the masterpieces of this great artist. This magnificent picture is reproduced in all its original grandeur on the cover of the Woman's Home Companion for June, Although this cover is an accurate reproduction of a painting worth hundreds of dollars, yet the June number, which has this exquisite cover, may be obtained at any first-class news-stand or direct from the publishers for the trivial

period of six months, from the 6th day of July only paints Roses, but every flower that 1906, be granted to BT and I E Joman, of Keno grows, and is the highest authority on on flowers. His paintings are found the most select homes. Some have sold for as much as seven thousand five hundred dollars(7,500.00).

Artists, art critics and competent judges all agree that the covers of the Woman's Home Companion far excel those of any other magazine.

The Woman's Home Companion is magazine which in beauty and excellence, art, stories, illustrations and fash. most exacting customers. You have ions, etc., excels all other home and family magazines.
