KLAMATH FALLS, - - - OREGON

The Commercial Capital of a Territory Capable of Sustaining a Population of 500,000 People.

Klamath Falls has the rare opportunity to become the commercial capital of a great Country, comprising all of Klamath County, Lake County and the Northern portion of Crook County, together with the Western half of Siskiyou County. A territory large enough and possessing enough natural wealth to sustain a population of 500,000 people—big as all New England. With fifty billion feet of pine timber of superior quality and at least 1,000,000 acres of farm land, one third of which will be under the most perfect system of irrigation that Engineering skill can devise.

If this statement is true—What should Klamath Falls do to prepare for its great future? The following suggestions must appeal to thoughtful observers, and while many may be lothe to begin the work and hesitate to bear their burden of expense, the City must keep up with the expected development or loose her position of supremacy: Grade, curb and mechademize Main street. The present passable condition is only temporary at best. Curbs and gutters must be made, and the entire driveway between curbs covered with crushed rock, rolled down to a hard surface. Do it by contract, pay for the work by a frontage tax. Will it pay? Of course it will, every dollar intelligently expended in permanent improvements of this kind, will add $10 per front foot to the entire Main street frontage.

Sewerage must soon be provided. It will be costly on west main street owing to the rock near the surface, but it must be provided. A thoroughly competant and experienced engineer should make the plan and estimate the cost.

Provide adequate water supply for fighting fire—this may be already anticipated by the water company.

A park is needed, and I understand no plot of ground has been set apart for it. It is stated that the Hot Springs Improvement Company propose building a Boulevard along the upper bank of the grand canal, through their property, making a perfect driveway with a parked strip between the Boulevard and the canal. Shade trees will be planted on both sides of the road and the slopes of the canal planted to blue grass. In the dedication of this Boulevard, heavy teaming will be prohibited. Now, where this important improvement connects with the present Corporation streets, the City should make a Boulevard of a connecting street leading into Pine and improve Pine street with the Boulevard idea. Then there will be a driveway equal to any in the state, and frontage thereon will begin with a value of $30 per front foot, for lots 50x150 feet.

Plant shade trees. By ordinance place all shade trees along the curb under the control of the Council—forbidding their destruction at the will of a capricious frontage owner.

In another "out look" I will treat of a Lake Shore Drive that could be made at a moderate expense and much profit.

Yours Truly,
H. G. HOLABIRD,
Jennings' Building.

SPECIAL RATES

FOR

Lewis & Clark Fair

BEGINNING WITH JUNE 18th AND UNTIL FURTHER NOTICE

Turner, of Montesano, Wash. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 19th day of August, 1905. J. N. Watson, Register.

WINK AND BLINK.

Will you wink, blink your life and nervous energy away, rather than wear glasses? Will you force your eyes to overwork, neglect them, when they cry for help? Abuse them year after year, until at middle life you are compelled to seek aid, perhaps to find your vision impaired beyond entire repair. A little glass aid at the proper time will save you a world of trouble and preserve your vision for old age, when you begin to rely more and more on printed books or newspaper for companionship.

DID YOU EVER

Realize that half of the sickness with which mankind is afflicted is traced to the stomach. It is also true that in most cases the stomach is affected by the condition of the teeth.

THIS

Is the reason why you should consult me and have your teeth examined regularly. Defective teeth are a mar to beauty and a menace to health. Bridge and crown work a specialty.
