

## GOVERNOR CHAMBERLAIN ARRIVES AT FOUR O'CLOCK

### Will Be Met at Keno To-day at 1 O'clock By the Steamer Klamath With Delegation From Chamber of Commerce

### BAND WILL BE AT DOCK ON RETURN OF BOAT Thus Will Begin the Greatest Celebration in the History of the County-Banquet Friday Evening and On Saturday Afternoon Speeches at 2 O'clock.

Governor George E. Chamberlain will arrive in Klamath Falls to-day. He will be accompanied by Adjutant General Finer, of the Oregon National Guard. The Governor will be met at Pukegama by private conveyance and brought to Keno, where the steamer Klamath will await him. The reception committee, consisting of George T. Baldwin, president of the Klamath Chamber of Commerce, Vice President Matt G. Wilkins, Alex. Martin Jr., B. St. Geo. Bishop and G. W. White, and a large number of the members of the Chamber, will go to Keno on the steamer to welcome the Governor.

Commerce will give a banquet at the Lakeside Inn at 9 o'clock, in honor of the Governor and other guests. All the members of the Chamber and officers of the Water Users Association and government officials and other men of official position in the county have been invited. About 100 are expected to attend the banquet.

The big celebration and meeting will be held on Saturday afternoon at 2 o'clock. The meeting will be held in the Court House grounds if the weather is favorable. If not, the Opera House has been secured and will be used. The following gentlemen have been invited to address the meeting: Governor Geo. E. Chamberlain, J. P. Churchill, president of the Water Users Association, T. H. Humphrey, project engineer, Alex. Martin Jr., president of the city Council, Judge H. L. Benson, H. V. Gates and S. B. Houston. The Governor will probably return home Sunday morning.

At the meeting of the Chamber of Commerce last evening it was decided to request every business house on Main

street to decorate with flags and bunting and put on a fourth of July garb. The streets and buildings are to be decorated today before the arrival of the Governor and to remain decorated until Sunday.

### WILL SELL AND SIGN UP

#### VanBrimmer Ditch Company Makes Proposition to Government.

The stockholders of the Van Brimmer Ditch Company held a meeting on the 27 of the past month at Merrill, to decide on what course to take in regard to the Government project.

This company's ditch covers several thousand acres of land, most of the owners of which own the stock of the Company. About fifteen years ago Clinton and Daniel Van Brimmer excavated a cut leading from the Lower Klamath or White Lake through the hill to the Merrill valley, from which water has since been supplied to the lands therein.

Later Mr. J. F. Adams acquired a one-half interest in the water coming through the cut and supplied his patrons on the east and north side of Lost river. About three years ago a majority of the farmers whose lands were supplied with water from the Van Brimmer ditch formed a corporation and purchased the Van Brimmer system, and have been operating same for their mutual benefit at an annual expense of a very few cents per acre.

Recently the Little Klamath Ditch Company, controlled by Mr. Adams, sold to the government their ditch and one-half interest in the water coming through the cut for \$100,000.

Now the Van Brimmer people contend that they should be treated the same as other water companies. They decided at their meeting to make a proposition to the Reclamation Service and the Water Users Association. They claim that they have sufficient water for their land and are able to keep up the main ditches at a much smaller cost than would be the case if they were getting water from the Government system.

### HAWAIIAN LETTER

#### F. W. Jennings Writes to His Friends in Klamath County.

MAKAWELI, KAUAI, H. I., Oct. 15, 1905  
EDITOR, REPUBLICAN:  
Klamath Falls, Oregon.

KIND FRIEND: Not having had the opportunity in person, of saying good bye to my many friends in Klamath Falls and Klamath County, previous to taking my departure across the sea to this "land of perpetual summer", where I trust I am permanently located, I will ask you a favor to allow me a small space in your valued paper for this purpose, and for the purpose also, of expressing my thanks, and an assurance of sincere appreciation to these, my many friends, for their numerous acts of kindness, and for the friendship and good will extended throughout my residence of five years among them, during which five years, I may add, as many happy moments to be looked back upon with fond remembrance, were spent by me as during any five years of my previous existence.

Klamath is indeed a favored spot, and were it not for personal reasons that I considered it to be my interest to remove therefrom, I would still be with you in the flesh as I always will be in thought, there is an untold future, for good, ahead of Klamath County, and I hope a realization of this may be felt by the community at large, all of whom have my very best wishes.

Being fitted for nothing excepting a mercantile business it was my good fortune to become connected with the Hawaiian Sugar Co., the largest sugar producing concern owning and operating plantations on these islands, as Manager of their General Store at this point, this Company has, aside from one of the largest sugar mills in existence, under cultivation a ranch, as we would say in Klamath) plantation of over 7,000 acres, employs close to 2,500 men, mostly Japanese, Koreans, and Porto Ricans, owns and operates its own narrow gauge railroad with trackage of about twenty miles, and produced during the season of ten months just closed 22,000 tons of raw sugar, the termination of this successful season being celebrated, at the expense of the company, with a harvest feast, at which it was my pleasure to be present, of dancing in the open air, upon a platform erected for the purpose and decorated with palms, and other native shrubs, ferns, flags, electric lights etc. the musicians being all native Hawaiians playing stringed instruments, these mostly all native as well, the musicians singing native songs while playing, this latter performance being indeed a novelty to me. I would wish to say to my dancing friends of Klamath that the time of the native "Hula" music, with the singing accompaniment, is a two step to dream of, during the evening refreshments were served, both solid and liquid to most any-ones hearts content.

Again assuring the people of Klamath of my best wishes, and thanking you in advance for the space allowed me, I am with personal regards,  
YOURS RESPECTFULLY,  
F. W. JENNINGS.

### MITCHELL RANCH SOLD

#### Union Pacific Land Agent Makes Big Investment Near City.

Another big transfer of Klamath county land has been effected. The deal has been closed for the Mitchell ranch of 1800 acres lying two miles below Klamath Falls. The papers were made out yesterday and have been sent to Gazette for the signature of J. C. Mitchell, one of the owners. The price to be paid is \$40,000.

The buyers of this tract are C. E. Wantland and other parties, among whom is Frank Ira White, of Portland. Mr. Wantland is Land Agent for the Union Pacific at Denver, Colorado, and he arrived here last week in company with Charles W. Eberline, of New York, Land Agent for the Southern Pacific. Mr. Eberline is at present located in San Francisco and came along with Mr. Wantland to see the country.

Mr. Wantland, when seen last evening at the Lakeside Inn by a representative of the Republican, confirmed the report of the sale of the Mitchell property, but stated that he did not want much said about it as their plans were not fully made yet. It is believed that it is the purpose of the new owners to cut the property up into small tracts. It is known that Mr. White, of Portland, was here some time ago when he secured a 60 day option on this land, and at that time he was trying to secure property adjoining the city.

### BIG OUTPUT OF FLOUR

#### One and One-half Million Pounds From One Mill Alone.

The output of flour from the Klamath county mills this year is greater than ever.

The Klamath Falls mill alone will manufacture about one and one-half million pounds of flour this season. The mill is now running day and night. Manager Martin stated to a Republican reporter that he believed the wheat crop this year was about the same as last but that there was a large amount carried over from last year which would be manufactured into flour. It was his belief that the entire supply would be cleaned up before the mill closed.

Big shipments of flour and feed are being made to the northern part of the county and to Lake County. A shipment of twenty tons was made to Fort Klamath Monday and orders are in for more. Wagon load after wagon load are being taken daily to Silver Lake and other points in Lake County. The local demand has also increased and Klamath county is fast becoming known as the producer and manufacturer of the best flour in the west.

Myrt Ballard, who has been visiting his parents in this city the past month, left Tuesday for Dunsuir where he has a position with the Southern Pacific. G. B. Snyder is in the city today from Olene, on a business trip.

### Candidate S B Huston Visits Klamath

Hon. S. B. Huston, of Hillsboro, Or., arrived in the city Thursday and left Saturday morning for Lakeview. Mr. Huston is a candidate for the nomination of Congressman on the Republican ticket, and is here doing a little politics. There are three Republican candidates for the nomination in this district, Walter Toose, C. B. Moore and Mr. Huston, and it appears that Mr. Huston has a little the best of it with Mr. Toose second.

Mr. Huston will spend a few days in Lake county and return to Klamath Friday for the big ratification meeting on Saturday. He has made a good impression with the Republicans of this town some of whom he was already acquainted with, and it is safe to say that he will have a good support here at the direct primary election.

MASON & SLOUGH Are Now Ready To Make Abstracts.

They have received their new FILING CABINET from Cincinnati. Come in and see our New Filing Cabinet System of Abstracting. This Filing Cabinet is very rapidly coming to the front in all branches of business.

This, we believe, conceived by those who are competent to judge, to be the most up-to-date, complete, simple, and accurate system of abstracting, which yet has been devised.

We have four people at work taking and verifying records. Thus all work passes under the eyes of four people before it enters our office. Then in filing, it is verified over and over again, thus insuring the greatest accuracy possible. This work is incurring large expense, but we believe it will be appreciated. Soliciting a fair share of your patronage, we are,  
Yours very truly,  
Mason & Slough.

### McCloud Railroad Still Building

S. O. Johnson, manager of the McCloud River Railroad, arrived in the city Monday. He came up on the launch Eucawna to meet D. W. Stevens and a party of his men who have been looking over some timber in the county. Mr. Johnson returned the following morning with his party to Keno. It is reported that the McCloud people are buying timber in Klamath county, as it is known that they had men cruising in the vicinity of Keno. They already own a body of timber in the extreme northern part of the county. Mr. Johnson stated that the road was in fine shape from the terminus of the railroad to Lairds landing. He made the drive in less than seven hours.

The McCloud Railroad Company have this month received a shipment of 40 cars of steel rails which they are now busy laying for the extension of the road. An express office has also been established at Bartles the terminus of the road, and the company are doing a good deal of business in connection with the stage line and steamboat.

### WORKMEN WILL CELEBRATE

The A. O. U. W. lodge of Klamath Falls is planning for a big time on the 4th of December. This will be the nineteenth anniversary of the establishment of the local lodge, and it is planned to take in a dozen new members and have a big celebration. A team will probably be organized next Tuesday evening and it is desired to have a big turn out.

FOR RENT—Large front room furnished, suitable for man and wife or two men. Enquire at this office.

### Transfers of Resident Property

The Klamath Realty Company reports the following sales this week:

Roy Hamakar to George B. Snyder, 5 lots in block 6 First addition.

Roy Hamakar to Earl M. and Chas. E. Flood, lots 6, 7, 8 and 9 in block 6 First addition.

Klamath Realty Company to Dan Cofer, lot 6 block 55 Nichols addition. To E. F. Hubert, lot 4 block 68 in Nichols addition. To Van Sloan, Fred Schallack and Claude Daggert, 40 acres in section 29 township 39-2.

The following sales this week are reported by Mason & Slough:

L. B. Yaden et ux., to Anna Grace Baker, lot 4 block 41 in First addition for \$135.

L. B. Yaden to Henry L. Aldridge, lots 2 and 3 in block 41 First addition for \$240.

C. R. Delap et al., to Henry L. Aldridge, lots 6 and 7 block 41 in First addition.

Mr. Aldridge will immediately begin the construction of four residences on these lots which will be for rent.

### DUFFY COMPANY CHANGES HANDS

There was a transfer of stock in the Duffy Company this week. E. B. Henry, who was heavily interested in the Company has sold his stock to Fred L. Houston, another member. It is also stated that Mr. Houston has acquired some of the stock owned by Mr. I. A. Duffy, so that he now controls the stock. Mr. Houston has assumed the management of the business.

FOR SALE—One dozen Guinea fowls at \$2 a pair. Call on Mrs. C. C. Low at the Belmont Feed Yards.

### THE SUNDAY EXCURSION

The Sunday excursions on the steamer Klamath are becoming quite popular and are being well patronized by the citizens of the town and strangers who are glad of the chance to spend a pleasant day. Quite a number went on the excursion Sunday to Keno, where they spent a few hours and enjoyed an excellent dinner at the Keno Hotel. After dinner the Captain of the steamer invited the whole population to a short ride, which was greatly appreciated and enjoyed by all.

Many of the citizens have been anxious to take a trip to Little Klamath Lake and the management has consented to give an excursion to the lower lake Sunday. It is expected that a large crowd will go on this excursion, as very few are familiar with the beautiful body of water.

Horace Mitchell is in town to-day.

### DEATH OF W & ROBERTS

Wm. George Roberts, a short resident, of this city, died at his home in Fairview addition on Sunday, October 29, 1905, of cancer. Aged 40 years 7 months and 14 days. Deceased came here recently from Phoenix, Oregon and has been engaged at carpenter work. He leaves a wife and father in this city to mourn his loss. Although he was a new comer to our city, he had, by his many admirable qualities, won a large number of friends who will mourn his untimely death.

He was a member of the Woodmen of the World lodge, and the services rendered by that Order during the hour of bereavement reflect great credit upon themselves. Undertaker Willock, of the Bishop Undertaking Parlors, embalmed and prepared the body for shipment to Phoenix, the former home. The body was shipped Tuesday under the auspices of the Woodmen. The funeral will be held to-day, and interment will be made in the Phoenix cemetery.

J. A. Gregory has bought the agency for all the daily papers from M. E. Hutchison and Mr. Gregory will continue to make the regular delivery.

Miss Restora French, who has charge of the Summers school below town was visiting friends in the city the latter part of the week.

FOR RENT—Large sunny room with stove. Inquire at this office.
