## CANDIDATES SHOULD DECLARE THEMSELVES

The date for the primary election for the nomination of 30 candidates is April 20. In justice to the voters, who should have sufficient time for the proper consideration of the qualifications of the several aspirants for nomination, it would be well for the candidates to declare themselves state offices, May 5. without delay. There has been a good deal of unnecessary comment as to who are entitled to become candidates. This nomination for state offices by assemis all immaterial, as the private opinions of individuals on bly of electors, April 19. this subject has nothing to do whatever with the case.

According to the Direct Primary law, anyone who is able to get the necessary number of signers to a petition, can become a candidate, and have his name put on the ballot, to be voted for or against at the Primary election. It is the people who will decide on the candidates for the several offices, and the sooner the aspirants for the nominations announce themselves, the better chance will the voter have to properly consider who will make the best man for the office.
