

KLAMATH REPUBLICAN

E. J. MURRAY, Editor.

LEADING NEWSPAPER OF INTERIOR OREGON.
TWO DOLLARS THE YEAR IN ADVANCE.

Klamath Falls, Ore., Thursday, March 8, 1906.

Klamath Falls should have a Civic Improvement League.

The next thing on the program is the Civic Improvement League of Klamath Falls.

DON'T FAIL TO SEND OUT ONE OR MORE COPIES OF THE LOCAL PAPERS EACH WEEK. THIS IS YOUR PART OF THE GREAT ADVERTISING CAMPAIGN. TO YOUR DUTY.

Six weeks until the primaries. It is about time that the candidates were placing their announcements in our political column. Come, boys, don't be bashful, for a "faint heart never won a fair"—officer.

Let every property owner decide to do some one thing this summer to beautify the city. It makes no difference how small it may be, do that one thing and do it well. With every one doing this the result will be magical.

S. A. Pattison has sold the Condon Globe to Wm. H. Hornbrook. Mr. Pattison has been connected with the Globe for eight years and has made it one of the best country newspapers in the state. The Globe will hereafter be a republican sheet.

We would be glad if the prospective candidates would call around and give us a chance to get acquainted. We won't hurt you, nor will we urge you announcing yourself; but we are anxious to post ourselves on local conditions and know you can do it. Come in and see us. You will get a warm welcome.

An Iowa editor has handed out the knocker a hard jolt in the following: "The sorriest man on earth is the fellow, who will sit around and cuss his own town. If I lived astride of the north pole I would call it home and be ready to boost it up. If I could not say any thing nice about it I would say that my ice bill didn't come high. I would not stay in a town I had to cuss—not while the world is as big as it is now."

If anyone has any doubt about the increasing population of Klamath Falls, all he has to do is look around him and see. In no place in Oregon will be found stronger evidence of rapid growth than that to be seen here. In every direction can be seen new buildings in course of construction and preparations being made for the erection of others. When our saw mills begin operations so they can supply part of the demand for lumber, the great handicap will be removed, and we will forge ahead with giant strides.

Andrew Carnegie said that every immigrant is worth \$1000 to the United States. We think that Klamath county will be worth that amount to every person coming here. Now, wouldn't you like to place a friend of yours in a position where he might be benefited to that extent? We think you would, so we suggest that you write and tell some of them of the golden opportunities that await them here. If you haven't time to write, just put a one cent wrapper on this paper and mail it to him. We believe it will interest him, and that is what we want to do.

Let the ladies of Klamath Falls get together and organize a Civic Improvement League! They could give a public entertainment, the proceeds from which can be offered in prizes for landscape gardening. We need and must have improvement along this line, and who are better qualified to carry on this work than the ladies? Now, don't be backward about inaugurating this movement! Some one must be first, and we hope that in our next issue we will be able to report the organization of the Civic Improvement League of Klamath Falls, with steps taken to hold a public entertainment to promote the object of the league.

The time is at hand when every citizen of this town and county wants to take off his coat and boost. After years of patient waiting and wishing, the hoped for time has come, and now it only remains for the people to take advantage of the many opportunities offered to reap their reward. Never miss a chance to push this good thing along. Let the motto be "Prise, prise, prise." If things do not go your way now, don't get sore, for to-morrow may bring a change. If you can't help yourself, you may help the other fellow, and when you do that you are "laying up treasures" for yourself, for "the other fellow" will reciprocate.

For good reasons the people of Eugene are dead in earnest on the question of municipal ownership of the city's water works. Although they have carried the bonding proposition twice, the mayor and city council have so far succeeded in defeating the will of the people in the interest of the owners of the present typhoid germ-infected system. Now the people are demanding the mayor's resignation, and purpose to see that their interests are no longer neglected. Although THE SOUTHERN OREGONIAN is in favor of municipal ownership of public utilities, yet we cannot point with pride to Merrill's experience in this line.—Southern Oregonian.

HERMANN DEMURS.

Washington, March 2.—Binger Hermann entered a demurrer to the indictment returned against him in this city for destroying public records of the General Land office today. Whether or not he intends to claim immunity from trial during the session of Congress remains to be developed.

In view of the fact that District Attorney Baker had notified Hermann's attorneys, A. S. Worthington and H. P. Gately, that he wished to have the defendant appear in court this morning for arraignment, it was believed Hermann would be in evidence, but before court met the attorneys notified Mr. Baker that Hermann would not personally appear, but that they, in his behalf, would demur to the indictment. When Hermann's counsel secured permission to file a demurrer, the district attorney requested the court to fix a date for trial, but Mr. Gately interposed a request that the court fix a day for argument on the demurrer, and it was then announced that this argument would be heard in the Supreme Court for the District of Columbia, two weeks from today, March 16.

Allegations of Demurrer.

The demurrer, filed late this afternoon, was very brief, covering less than a type-written page, and being in routine form. It says that the indictment is defective; first, in that the alleged offense is not set out with sufficient certainty, completeness and definiteness; second, in that it fails to state the commission of any offense under section 5408, revised statutes; third, because it fails to set forth any specific record alleged to have been destroyed; fourth, because it is vague, indefinite, uncertain, ambiguous and repugnant, and, fifth, that it is fatally defective in divers other particulars.

The indictment of Hermann was likewise brief, being but a page and a half in length, and alleging in substance that Hermann, on January 30, 1903, when Commissioner of the Land Office, destroyed 35 letterpress copybooks, containing copies of official letters which formed part of the records of the Land Office. The Government contends that the letters contained in these books were of official nature, and that Hermann, in destroying the books, violated section 5408 of the revised statutes.

Hermann denies that the letters copied in these books were official, contending that they formed part of his personal correspondence.

May Appeal Demurrer.

There will be no further move in the case until March 16. It is probable that the entire day may be devoted to argument on the demurrer. Following that argument, Justice Gould, before whom the case is now pending, will pass upon the demurrer, and, if the validity of the indictment is sustained, it will then be up to Hermann to make his next move. It is never possible to forecast accurately the action of a court on a demurrer to an indictment, but it is a fact that, while every person heretofore tried in connection with the postal fraud cases in this city and in most of the land cases in the west has demurred to his indictment, the court has universally sustained the indictment in whole or in part. It is for this reason expected that Hermann's indictment will be sustained. The demurrer filed today does not indicate that counsel has picked any particular flaws in it, for they have followed precedent in drawing a formal demurrer and give no inkling of what their line of argument will be.

In case the demurrer is overruled, he will have the right to ask the Court of Appeals to grant a special appeal on the demurrer and the Court of Appeals will grant or deny this appeal according to arguments which Hermann's counsel may present. If a special appeal be permitted, the case will not be brought to trial until next fall. Otherwise, unless he exercises his constitution prerogative, it is believed the case will be heard and decided at the present term of court.

YONNA ZEPHYRS

BY "OPTIMIST."

The weather has turned warm, the snow is nearly gone in Yonna valley, the geese are flying high and traveling north and every thing indicates that the winter has broken.

There is plenty of hay in Yonna valley and the farmers could stand several months more of winter.

Theodore Flackus has been breaking colts this winter. He has a brown filly that promises considerable speed as a trotter.

The infant daughter of Charles Drew, Little Fay, who has been ill all winter, was subjected to a surgical operation last week, Dr. Johnson, of Bonanza, lance an abscess on her neck. I am pleased to report that she is in much better health than heretofore.

Hank O'Brien has rounded up quite a band of horses this winter. He has traded for some and also been gathering his own off the range in this vicinity. He expects that this year there will be a strong demand for horse flesh.

Tom Michael also gathered in all the horses he can, when he thinks he can see a trade that is to his interest.

Miss Nett Drew who was down to Klamath Falls taking teachers examination has received her first grade certificate. Miss Drew is very ambitious and certainly deserves success. I understand that she has been re-engaged to teach the Hildebrand school the coming season. There is nothing that speaks better for her work as a teacher than this fact.

Alex Wight from Ontario, Canada, arrived at Dairy on Sunday's stage. Mr. Wight is the son of William Wight of Yonna valley. Father and son had not seen each other for sixteen years. Mr. Wight was born in the state of California but his mother died when he was an infant and he was cared for by his mother's relatives in Canada. I understand that he intends to remain with his father from now on.

Judging by the price of land in other irrigated sections all land in the Klamath project will finally raise in value, and will sell from fifty to one hundred dollars an acre. There are many people in this vicinity who do not as yet seem to realize this fact. Land can be purchased here now for ten dollars an acre and it is a big bargain for the man with the capital to invest. But I am inclined to believe that the people in Klamath county are standing in their own light by offering their land for sale so cheap. They could sell just as quick if they asked a better price.

Chas. W. Sherman, Sr., has been suffering severely with the inflammatory rheumatism but is much better at last reports.

Mrs. Marion Bennett has been quite ill for some time and is under the care of Dr. Johnson of Bonanza. Her sister, Mrs. Grace Driscoll, has been assisting her during her illness.

Oscar Lee is busy with a four horse team hauling hay from the Hudkins place to Dairy.

The gradual thawing of the snow is very fine for the ground. Nearly all the moisture has been absorbed by the earth.

Mrs. Taylor Wilson of Olene is very sick with pneumonia. Dr. Patterson of Merrill is in attendance.

James Wight, of Bonanza, was out to Dairy last Sunday. While here he moved his cattle from the William Wood ranch in Pine Flat to Hans Sterzl's place near Dairy.

Tooze in Marion County

"That W. C. Hawley has the support of the rank and file of his party in his own county is sufficiently shown by the fact that he has the active support of the leaders of both factions. It takes a man of extraordinary ability and integrity to win the favor of opposing factions. In the Oregonian article are printed the names of the prominent men who are advocating the nomination of Hawley for Congress. Hawley's supporters are not petty politicians, but are substantial business men who would not give him their support unless they knew him to be a safe man, a capable man, and one who will win the confidence of the administration and bring credit to his state if he should be sent to Washington. Hawley evidently has his own county by a large majority."

The Journal has been personally called upon and informed by a number of the above gentlemen that they never authorized their names to be used as above intimated. Not one of them has ever announced publicly that he is for Hawley.

It is a misrepresentation of facts to say that Professor Hawley is the unanimous choice of all factions in Marion county. Walter Tooze was a candidate for months before Mr. Hawley came out and has some parts of the county solidly backing him.

The business interests of Marion county are well satisfied with Mr. Tooze, who has made himself independently well off by his own exertions, and has never had a failure in any walk of life. He has been a producer, an employer of labor, a builder, a successful business man.

As a Republican Walter L. Tooze has a record of twenty year's devotion to the fundamental principles of protection and sound money. At Lincoln's banquet he championed the Grand Army and protective tariff, which both Hawley and Huston overlooked.

Let us give both these gentlemen credit for having friends and followers in Marion county. As Professor Hawley's home city, Salem, many voters will favor him. But because he is the Salem candidate that does not give him a mortgage on the politics of Marion county.—Salem Journal.

A Well Conducted Office

J. R. Whitney, State Printer, in asking a renomination at the primary election in April, is following a well founded custom of the party in Oregon, that when a state officer performs his duties acceptably and makes a creditable record he is given a second term.

Mr. Whitney is a life long Republican and edited the Albany Herald for nearly twenty years, a paper known throughout the state for its unswerving course in behalf of the Republican ticket and candidates nominated by the party. He is a native Oregonian, a graduate of the University of Oregon, and a practical printer.

Since assuming charge of the state printing office he has devoted his entire time and attention to the affairs of the office, and with his long experience in the printing business he has been able to give the state a good, clean, businesslike administration.

Mr. Whitney is conducting a straightforward primary campaign, and his many friends are confident that he will be renominated by a large majority.—Independent Polk County Enterprise.

More Road Money.

The Secretary of state has announced the apportionment among the counties of the state of \$28,511.69, which is 5 per cent of the amount realized from sale of government land within this state during the year 1905. This sum was apportioned among the several counties according to the area of each and is to be expended for road building purposes.

According to this plan Harney county receives the largest sum \$137.98 while Multnomah receives the least, \$130.48. Following is the apportionment: Baker, \$886.24; Benton, \$192.37; Clackamas, \$512.44; Clatsop, \$242.30; Columbia, \$199.49; Coos, \$404.80; Crook, \$237.02; Curry, \$489.27; Douglas, \$1510.34; Gilliam, \$335.09; Grant, \$1320.40; Harney, \$137.98; Jackson, \$827; Josephine, \$508.88; Klamath, \$1811.58; Lake, \$274.57; Lane, \$1205.35; Lincoln, \$295.02; Linn, \$671.79; Malheur, \$2905.32; Marion, \$325.65; Morrow, \$600.85; Multnomah, \$130.48; Polk, \$1196.53; Sherman, \$237.56; Tillamook, \$348.04; Umatilla, \$869.95; Union, \$800.58; Wallowa, \$891.69; Wasco, \$902.53; Washington, \$207.65; Wheeler, \$502.67; Yamhill, \$208.83.

If you have any item of news, a friend visiting you, an afternoon or evening social, just call up phone 31 and tell us about it. If it interests you, it will interest someone else. Don't think it will cause us any inconvenience, for we will always be pleased to receive such information, and your friends will be glad to know about it.

Gov. Chamberlain granted a requisition from the governor of Idaho last week for the return to Idaho of J. L. Simpkins and Steve Adams, said to be accomplices in the murder of ex-Governor Stennessburg. Adams was arrested at Haines. Simpkins has not been apprehended.

We have had several inquiries from parties desiring of securing rooms and board with private families. Doubtless there will be many such requests in the future. Those of our readers who have one or more rooms to rent, either with or without board, should place an advertisement to that effect in our columns. It offers an opportunity to the housekeepers to make a little "spin money" during the summer, as well as furnishing comfortable quarters for desirable parties.

The Blood Purifier we always recommend to our customers is Clark's Sarsaparilla. It will give satisfaction—your money back if it doesn't.—City Drug Store.

Last week checks were mailed to the stockholders of the Lewis and Clark exposition, \$402,192 of the stock subscribed was paid in, and the stockholders will receive back about 25 per cent of their original investment, or \$100,548.

Free Hot Lunch served at the Bank Exchange with drinks from 10 to 12 a. m. and 8 to 12 p. m.

The schools of Medford are so crowded that it will be necessary to erect a new school building before the opening of the next school year. There are 120 pupils who cannot be accommodated in the present structures.

For Sale—320 acres good farming land two miles due West of Klamath Falls at \$10 per acre. Also 265 acres of my home ranch at Keno, Oregon. R. A. Emmitt.

An authoritative report comes from Silver Lake that the seventeen townships of desert land in the region of Summer Lake, which the government withdrew for irrigation purposes a year ago, are to be thrown open to settlement.—Crook County Journal.

Stoo Reward.
I will pay the above reward for a watch my repair department cannot put in perfect running order. L. Alva Lewis.
