Vote the Republican ticket straight.

If you want to endorse the work of Roosevelt in behalf of the common people, then see that the republicans for senator, congressman and state officers are elected.

A vote for Emmitt means a vote for a man whose public record shows he will give Klamath county a clean, honest, business administration. He has served this county before and is not an experiment.

The democrats are certainly hard pressed for campaign ammunition when they are compelled to raise the question of how long Dr. Withycombe has been a citizen. A man must have a clean record when his opponents have to resort to such methods. A good citizen makes a good official, and Withycombe's record speaks for itself. Vote for him, if you want an administration run on business principles.

Jacob Rueck, candidate for County Commissioner, is the man for the place. He knows what the people want and how to get it for them. When any question arises that is of vital interest to the people of this county, Rueck is found fighting for it. He is one of the plain people and is in thorough harmony with their needs. If you want a man as commissioner who will look after your interests honestly and faithfully, then vote for Jacob Rueck.

Chancellor Day of the University of Syracuse, in attacking President Roosevelt for his efforts to curb the Standard Oil company and the railroads, said that the people ought to rebuke the President for his impertinence, even suggesting impeachment proceedings. This institution is one of the many that has been endowed by "tainted money" from the Standard treasury.

Chancellor Day's suggestion that the people ought to rebuke the president may sound ridiculous, but the voters of Oregon ought to be careful that they do not rob it of its ludicrous side and make it a stern reality. The result of the election in this state next June will be accepted by the nation as an indication of the sentiment of the people towards the policy of the President. There are few members of the Democratic party opposed to Presidents Roosevelt's policy.

There is only one way for them to show their approval and that is by voting for the republican nominees for United States Senator. We do not believe there is any democrat so hide-bound politically that he will sacrifice his opinion on this question by talking to do this. It is not a question of the man nor the party that is the issue: It is whether you approve of the fight Roosevelt is making in your behalf, or you favor a continuance of the grip that the corporations have on the nation.

A vote for Emmitt and Rueck means good roads and an economical administration of county affairs.

Do you know "Bob" Emmitt? Did he ever fail in the faithful discharge of any trust? Never. Neither will he fail in the proper discharge of his duties as County Judge.

Vote for every republican on the county ticket. If you do, you will have the same kind of a conscientious, conservation and business-like administration that is given by Sheriff Obenchain and Treasurer Lewis.

That the democrats recognize the good judgment and great care exercised by the republicans in the selection of their candidates is evidenced by the fact that they made no nominations for the offices of Sheriff and Treasurer. Obenchain and Lewis gave a clean-cut, honest administration, and the fact that they have no opposition shows that the people of this county appreciate their work. There is a moral to this: If you want county affairs conducted as have been the office of Sheriff and Treasurer, elect republicans.

Just remember on June 4, that Klamath county will need many things from the national government. The great Klamath project has just commenced. It needs funds to complete it. Determined efforts are being made to divert these funds to other channels, and if successful will result in delaying operations on the Klamath project. We need effective workers in Congress, and the most effective are republicans. Remember this is a matter of vital importance to every rancher in this district. If the Klamath project is delayed, it will cost you money. You are the one that will be hurt. Therefore, it behooves you to see that the republican nominees for Senator and W. C. Hawley are elected. It is absolutely necessary for you to vote for them and to see that your neighbors see it in the same light and do likewise. It was a long, hard struggle to gain government irrigation. See that no ground is lost by sending to Washington men who are not in sympathy with the administration. The only safe man to send is a Republican. See to it that Klamath does her duty.
