CORONER  
WILLIAM MARTIN.

COMMISSIONER  
JACOB RUECK.

Vote the straight republican ticket.

If you want the right kind of an administration, then vote for Emmitt and Rueck.

This is a bad time for the taxpayers of Klamath county to try an experiment. Who they need as county judge is a man whom they know and whose past record as a public official shows him to be safe and sound on questions affecting their interests. Such a man is Bob Emmitt.

The republicans of this district are fortunate that they will have as a representative in the lower house of the state legislature Dr. George Merryman. He is a man of brains and ability, and will not permit himself to be made a tool by any legislative ring. It will be this independence that will make him a factor in the legislature. During his residence in this county he has proven himself to be a man of sincerity, and honesty and has won a host of friends by his unselfishness and loyalty. Politically, he has always been a rock-ribbed republican, identified always with every movement that would promote the harmony of the party and its welfare. He has ever kept himself free from factional alliances and in his canvass for votes can command the hearty support of every voter in the district.

W. C. HAWLEY.

The republican voters of this city had an opportunity this week of hearing W. C. Hawley, the republican nominee for Congress, declare himself on the live issues of the day. They heard a man of conviction! There was no equivocation, but a square, honest, unvarnished declaration of principles, and no individual who heard him can doubt but that when he takes his seat in the House of Representatives this district will have a representative in fact as well as in name. It will have a man who will work for its interests, who will be in harmony with the president and who will at all times consider himself the servant of the people and not their dictator.

One point referred to by Mr. Hawley and which this paper has tried to impress on its readers is this: Klamath county needs much from the government, and the logical person to secure for it the proper recognition is a member of the party in power. The voters should remember this on June 4. No man who is desirous of seeing the Klamath project completed without delay should fail to vote for W. C. Hawley, Fred Mulkey and Jonathan Bourne, Jr. Remember, that we must get our money from a republican administration, that these men are members of that party and that they can best secure that which Klamath county must have.

## A SERIOUS MENACE.

"This district will have much to ask of congress. It has a great enterprise now in course of construction, the rights of which must be safeguarded from attempts to divert the funds needed for its completion, so that when the money now in hand is exhausted there will be more to take its place. This work can best be done by republicans, for it is from a republican administration that this must come. It therefore behooves every man in this county who is desirous of seeing this great work carried to completion, without delay or hindrance, to vote for the men on the republican ticket. Fred W. Mulkey and Jonathan Bourne, Jr., are the men you need in the senate. Vote for them. One fact will show you the necessity for such action. There is before congress now a bill to divert from the reclamation fund \$1,000,000 to be used in reclaiming swamp lands in South Dakota, a state that has not contributed a dollar to this fund. Let me tell you that if this bill passes it will open the door for additional legislation of this kind, and will deplete this fund to such an extent as to seriously jeopardize many of the great irrigation enterprises. I cite this one instance out of the many, to show you the necessity of republican representatives, for it is only through them will you be able to have your rights preserved, for their influence will be more powerful than that of a democrat." Extract from the speech of W. C. Hawley, delivered in Klamath Falls May 21.

The voters of this county will do well to ponder over the above remarks of Mr. Hawley. Every man knows that he has only the best interests of every portion of this district at heart. His election is assured, and if there were no foundation for his words of warning, he would not utter them. The very life of this county depends upon the prompt, uninterrupted completion of the Klamath Project. There have been many attempts to divert the reclamation funds into other channels, and the one referred to by Mr. Hawley has been partially successful. If South Dakota wins its point in this matter, there are many other states, particularly the south, that will make similar demands. Only one or two need be successful to cripple the Reclamation Service, and we are among the ones who will suffer thereby. The menace is such a serious one that it demands the careful consideration of every voter, and if it is weighed in its proper light will result in every vote in this county being cast for Mulkey, Bourne and Hawley. It is not a question of party victory, of personal spleen, of the success of one candidate and the defeat of another. It is solely and wholly a question of whether we send to Washington men whose influence will be the greatest in behalf of this county.
