

# KLAMATH REPUBLICAN

E. J. MURRAY, Editor.

LEADING NEWSPAPER OF INTERIOR OREGON.  
TWO DOLLARS THE YEAR IN ADVANCE.

Klamath Falls, Or., Thursday, September 13, 1906.

## PREP RING PLANS FOR SEWER SYSTEM

City Engineer Zumwalt began Monday to prepare the plans for a complete sewer system for the city. He is making a survey of the city, so as to ascertain the most practical method of installation, and as this and other details will require a great amount of work it will be several weeks before he has his estimate ready for submission to the city council.

## NEW UNDERTAKING ROOMS AND CHAPEL

E. Whitlock, who recently embarked in the undertaking business, having purchased the undertaking business and stock of undertaking supplies from B. St. George Bishop, is having erected on his property, at the corner of Pine and Sixth streets, a building which he intends to use as a morgue and chapel. The chapel will have a capacity of 100, and will be furnished throughout in an up-to-date manner. When completed the establishment will be second to none in the state.

## L. G. SINNARD HERE

L. G. Sinnard, immigration agent of the Southern Pacific railroad, arrived in this city Monday night, for the purpose of getting a closer view of a section about which he has heard a great deal of. He was accompanied by C. J. Blanchard of Washington, D. C., State-attorney of the Reclamation Service, W. A. Beard of Sacramento and Arthur Briggs of San Francisco. Mr. Blanchard is here to gather data for a report on the Klamath Project, and Messrs. Beard and Briggs to investigate the country.

"You need, and must have, settlers here" said Mr. Sinnard. "One of the greatest regions on the coast is located in Klamath county. There are some things, however, that must be done before conditions are ripe for the rapid and permanent growth of this section, chief among which is the segregation of the large holdings and the preparation of the land for the reception of the water. Those two facts cannot be hammered on too strongly. They are vital and must not be overlooked."

## NEW JEWELRY STORE

Klamath Falls is to have a new jewelry store. It will open for business on or about October 15 in the Republican block by Mr. Heitkemper, Jr., of Portland. The name "Heitkemper" is to the Pacific coast what "Tiffany" is to America. The Heitkemper company are pioneers in the jewelry business in Portland and the firm is known throughout the state for its reliability. Mr. Heitkemper is the junior member of this firm. He is a jeweler in every sense of the word, and no piece of work is too intricate or difficult for his expert hands. His coming to this city is due to two reasons: He believes in its future greatness; and he is seeking a change of climate for his health.

Mr. Heitkemper will arrive here about October 1, accompanied by Mr. Heitkemper, who is a cousin to Mrs. C. K. Brandenburg, and little son. They will undoubtedly be cordially welcomed here.

## ODDFELLOWS COMING

Grand Master W. A. Carter, of Gold Hill, and Grand Secretary E. E. Sharon, of Portland, of the I. O. O. F. jurisdiction of Oregon will visit the Klamath Falls Lodge Saturday evening Sept. 15, all Oddfellows are requested to be present. Banquet after meeting.

## TWO ODD FELLOWS

An invitation is hereby extended to all Odd Fellows and their wives and to all Rebekahs to attend an informal reception and banquet to be given by Klamath Lodge No. 137, I. O. O. F., Saturday evening, September 15, Reception at A. O. U. W. Hall at 9:30 p. m., and banquet at American Hotel at 11 o'clock p. m.

A. Kershner,  
G. R. Hurn,  
R. L. Fountain,  
Committee.

## A NEW MOUNTAIN

The following is taken from the Winema Log Book, and will be of interest to lake excursionists:

"On board Winema, Sept. 11, '06.  
"Whereas, we are now 14 miles out of Pelican bay, bound for Klamath Falls,

and are viewing a beautiful prominent mountain over our bow which is, as the captain says, without a name, then therefore to it resolved that we the passengers and the crew, with consent and ratification of the captain, christen and name the said mountain Mount Staples, to be known as Staples Mt.

Signed: Clay Wilson, Wesley Stockwell, A. H. Prachet, B. R. Miller, Chas. W. Taylor, T. F. McLaney, Wm. Kissel, H. D. Palmer, G. A. Harms, Mrs. G. R. Harms, K. H. Staples, W. B. Prachet, Tatten, Capt. H. E. Hansbury, O. K.

All the names are not published, for the reason that two sons of the Flowery Kingdom saw fit to give their consent by placing their names in Chinese characters. Capt. Hansbury gave his O. K. to the document, and now it is up to him to perpetuate the name by pointing out the prominence to all future passengers of the Winema.

A Mr. Davis who had some peaches confiscated by Fruit Inspector Stearns, took umbrage at the article in last week's Republican relative to the shipment into this section of scaly and diseased fruit by the Rogue River Valley Fruit Association. In justice to Mr. Davis it must be stated that Inspector Stearns was mistaken, and the peaches he confiscated were all right. Mr. Stearns has recognized his error and has paid for the peaches. The cause of the mistake was a fungus growth on the peach, and this same thing was the cause of confiscation in several other cities in the state. The Republican, however, was correct in stating that diseased and wormy fruit has been shipped in here in boxes marked by this association's brand. Mr. Stearns is making a strenuous effort to stamp out fruit diseases and to protect growers and consumers and he ought to have the earnest support of the people here. If anyone finds that the fruit offered them is diseased, decayed or wormy they should get the peddler's name and notify Mr. Stearns at once.

This week the Republican comes to its readers in 6 columns, 8 page size. The reason for this change is our printing all of our paper at home—a distinct improvement. When we enlarged to eight pages, we had two of them printed in Portland, known as patent inside. The growth in our circulation and advertising patronage demanded an improvement on this style, and we have met the demand by giving our readers an all home-print paper. This entails a radical change in method of production and much additional expense, but we appreciate the patronage of the reading and advertising public, and propose to show gratitude by making the Republican the best paper and advertising medium in Southern Oregon.

Bricklayers are the men of the hour, among the various mechanics. They are receiving \$7 per day, or at the rate

of \$1 per hour. The master masons complain that it is impossible to get the men to do the work. In Medford where three bank buildings are under the course of construction, on one building one lone mason performs. The heavy building at Trisco and the dattering inducements offered has caused the death of bricklayers in this section, and now with the winter season coming on, there is alarm among the contractors that the boys may decide to go south, for the winter. Every inducement is being held out to hold them, however, and a number have signified their intentions of staying it out in Klamath Falls this winter.

## LAKE RIPPLES

The Fall term of Round Lake school began Sept. 4, with Miss Foster re-employed as teacher. Sixteen pupils have been enrolled and others are expected soon.

Last Tuesday a rattlesnake three feet, five and one-half inches in length, and having a girth measure of five inches was killed at the schoolhouse.

Inigo Jones was down from Pelican Bay Sunday and reports all as well in that vicinity.

The Plevna school closed Friday, and Mr. Peterson, the teacher, accompanied by Clark Spencer, went on a camping trip to Crater Lake.

Miss Nellie Mason from the "Big Road" was visiting on Round Lake Monday.

Charlie Corbin and family, accompanied by Mrs. Dean Heavilin, recently left for Missouri. We wish them a pleasant trip and prosperity in their new home.

Hubert Brittain of Klamath Falls visited Round Lake, Sunday; there must be some attraction to cause a young man to walk ten miles after working hard all week.

Tule.

The Morgan boys and Clinton were at Lakeview last week to file on some land.

## Change 1 Prescriptions

Many people wonder why their physician's prescriptions do not have a quicker and better effect. They too often blame the doctor, when he as a rule, is entirely free from blame. The principal cause for this delinquency lies in the use of old drugs or the changing of the doctor's directions. Frequently a druggist is out of a designated article, and instead of getting it or turning the prescription over to a druggist who can fill it, he substitutes something which he thinks is just as good, with the result that your prescription has not the desired effects. Newson & Underwood do not change prescriptions, and they use new, fresh drugs.
