

GENERAL INFORMATION

Invitation for proposals to complete the Panama canal were issued last week by the Canal Commission, and the form of contract under which the work is to be done was made public by Chairman Shonts, who also gave out a letter written to the Secretary of War, giving the commission's reason for contracting the work. The contract provides that each bidder must undertake the entire work of construction. No bar will be offered to corporation associating in the undertaking, but they must be legally organized into a single body, with which the government can deal. Bidders will not be considered who do not have available capital of \$5,000,000. A certified check for \$200,000 is required with each proposal and a bond of \$3,000,000 will be required from the successful bidder. The bidding is not limited to American contractors. All proposals are to be in before noon of December 12th, when they will be opened.

Oregon railroads will be under the watchful eye of a state railroad commission after the legislature has adjourned next February if there is any potency in the effort of the transportation committee of the chamber of commerce, aided and abetted by the influence of practically all the shippers and a good many of the most influential farmers of the state. The transportation committee, inspired by a desire to remedy conditions existing in the state at the present time, is now at work, under the direction of J. N. Teal, drafting a bill which will be submitted to the legislature when it convenes.

The grievance committee of the Oregon Bar Association, authorized Prosecutor Frank S. Grant to file disbarment charges before the State Supreme Court against Judge Albert H. Tanner, former law partner of Senator Mitchell, and against H. H. Turner, a young Salem lawyer and justice of the peace in that city. The charges will be filed as soon as Mr. Grant can prepare and present the necessary papers. The committee indefinitely postponed further action in the disbarment proceedings pending against Charles F. Lord, owing to his falling mental and physical condition. Judge Tanner has announced his intention to withdraw from the practice of

law until the Bar Association passes judgment on his case. Homer Davenport, the cartoonist, formerly of Silverton, Oregon, arrived at Boston last week from Arabia on the White Star liner Canopic, via the Mediterranean. He brought 17 Stallions and 10 mares of blooded Arabian stock for breeding purposes. Davenport had a personal interview with the Sultan of Turkey. He was forbidden to make any pictures of the Sultan, but Davenport memorized the Sultan's features and made sketches. Afterward Turkish spies discovered in some way that the cartoonist had made sketches and searched his baggage, but they were disappointed, for the wise artist had hidden the drawings in a bale of hay.

The Southern Pacific R. R. Co. has given out news that 10,000 Dunkards are heading for California from the states of Ohio, Illinois, Kansas and Missouri. A large colony is to be located in Butte Creek Valley, this county, where the Dunkards have purchased 10,000 acres of the Miller tract. They will locate two towns on the projected line of the S. P. R. Co. which is to run to Klamath Falls, Or. They also intend, it is said, to increase their colony in size, and make Butte Creek Valley the largest Dunkard settlement in the world.—Yreka Journal.

The McCloud River Lumber Company will make a determined effort to keep its mills running all winter, something that has never been attempted before on account of the snow. The pressing demand for lumber makes the operation of the mills a necessity. Logging will be carried on till the latest date possible. Michigan lumbering sheds being used in place of trucks. While it is not expected that the snow will not interfere some with operations, the mills and logging camps will be kept running almost continuously through the water.

The president will soon issue a proclamation withdrawing from entry all public lands supposed to contain coal. Meantime an investigation is under way by the geological survey to determine the real character of the lands to be withdrawn and such as are found out to contain coal deposits will be promptly restored to public entry. The withdrawals will cover lands in several of the western states.

The reports that President Roosevelt wants to be senator from New York

when he retires from the presidency have been revived, and it is now semi-authoritatively stated by the friends of the president that he frankly admits that his ambition is to succeed Senator Platt.

General Davis, Judge-Advocate-General of the Army, has informed the acting-secretary of War that there is no law forbidding the use of the flag of the United States for advertising purposes. The inquiry was made on behalf of the attorneys of the Jamestown Exposition, who desire to make use of the flag for advertising purposes.

Mr. Hall, representing the Willamette Valley Co., said to the Roseburg Review, after their franchise was granted there:

"The Willamette Valley Co. and associate concerns now own a string of public utility systems extending from Boise, Idaho, to Cottage Grove, Oregon. Negotiations are now pending for the purchase of Dr. Ray's systems in Jackson and Josephine counties. If this deal goes through, it will extend the company's string to the California line. Ultimately all the franchises of the string will be assigned to one holding company for facilitating management."

A scandal of no mean proportions and which gives promise of some sensational developments within the next few days has sprung up at the Chemawa Indian Training School, and it involves Superintendent E. L. Chalcraft, Assistant Superintendent W. P. Campbell, Asa D. Bagnell, a full-blooded Klamath Indian youth, 19 years of age, and a June graduate of the institution, and Mabel McKay, an 18-year-old Indian girl student, and possibly some others among the officials and student body.

HOW TO BUY SHOES

People will find less difficulty with ready-made shoes, says an experienced salesman, if they would stand up to fit them on, instead of sitting down. Nine persons out of ten, particularly ladies, want a comfortable chair while they are fitting a shoe, and it is with the greatest difficulty you can get them to stand for a few minutes even after the shoe is fitted. Then, when they begin walking about, they wonder why the shoes are not so comfortable as they were at first trial. A woman's foot is considerably smaller when she sits in a

chair than when she walks about. Exercise brings a larger quantity of blood into the feet, and they swell appreciably. The muscles also require certain space. In buying shoes this fact should be borne in mind.

Never wear a shoe that will not allow the great toe to lie in a straight line. Never wear a shoe with a sole narrower than the outline of the foot traced with a pencil close under the rounding edge.

Never wear a shoe that pinches in the heel. Never wear a shoe or boot so large in the heel that the foot is not kept in place.

Never wear a shoe or boot that has depressions in any part of the sole to drop any point or bearing below the level plane.

Never wear a shoe with a sole turning up very much at the toes, as this causes the cords on the upper part of the foot to contract.

HEAVY YIELD.

On Monday, October 8, E. G. Wilson's steam threshing outfit pulled out of B. S. Grigsby's field, where it had threshed over 7000 bushels of grain; consisting of wheat, rye and barley, which had yielded on an average of wheat, 20 bushels; rye, 15 bushels; barley, 35 bushels, per acre. This grain was all raised on "dry land," that is without irrigation; and it is of excellent quality, clean and full grained. This ranch has always been considered one of the best "dry" ranches in the county. The soil is a rich, sandy loam, and during the years it has been under cultivation it has never failed to produce a good crop. It is situated about ten miles from Klamath Falls and one and a half miles from Lost river gap. Mr. Grigsby has nothing but praise for the quality of threshing done by the Wilson outfit. He says grain was well cleaned and very little waste, so little cracked wheat being in the screenings that it did not pay to haul them home so they were dumped on the roadside. The machine is one of three steam outfits in the valley each one of which expects to make a 60-day run of threshing.

Then say we cannot raise grain in Klamath county. All kinds of notions and novelties at The Novelty Store. Biggest line in the city.

CONTEST NOTICE

Department of the Interior, United States Land Office, Lakeview, Oregon, September 17th, 1906. A sufficient contest affidavit having been filed in this office by Fred L. Sunderman, contestant, against homestead entry No. 3214, made July 11th, 1905, for SW 1/4 of Sec. 10, Tp. 38 S., Range 9 E. W. B., by Mary J. Creech, contestee, in which it is alleged that: The said entryman Mary J. Creech, has ever since the said date of her said entry, to-wit: July 11th, 1905, wholly failed to reside thereon, or improve or cultivate any part thereof; that ever since said date, and for more than six months preceding the date hereof, namely September 3rd, 1906, said entrywoman has wholly abandoned said lands and failed to reside thereon, and now still wholly abandons and failed to reside upon the same or improve or cultivate any part thereof; and that such alleged absence from said land was not, or is not due to her employment in the army, navy or marine corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain or during any other war in which the United States may be engaged, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on November 16th, 1906, before George Chastain, county clerk of Klamath county, at Klamath Falls, Oregon, and that final hearing will be held at 10 o'clock a. m. on November 17th, 1906, before the Register and Receiver at the United States Land Office in Lakeview, Oregon. The said contestant having in a proper affidavit, filed September 17th, 1906, set forth facts which show that, after due diligence, personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

J. N. Watson, Register.

SUMMONS

In the Circuit Court of the State of Oregon, for the County of Klamath. Eliza M. Marple, plaintiff, vs. H. B. Stafford, defendant.

To H. B. Stafford, the above named defendant:

In the name of the State of Oregon: You are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before Friday the 30th day of November, 1906, being the last day of the time prescribed in the order for the publication of this summons; the first publication thereof being on the 11th day of October, 1906, and if you fail so to appear and answer, for want thereof the plaintiff herein will apply to the Court for the relief prayed for in the said complaint, to-wit: for a Decree of the Court, quieting the plaintiff's title to lot number one (1) in Block number 22, in the city of Klamath Falls, Oregon, and such further relief as to the Court may seem meet and in accordance with law and equity. This summons is served by publication thereof in the Klamath Republican, a weekly newspaper, by order of Hon. Henry L. Benson, Judge of said Court, dated the 6th day of October, 1906, requiring this summons to be published once a week for at least six consecutive weeks, and covering a period of continuous publication of at least forty-two days.

THOMAS DRAKE, Attorney for Plaintiff.

Timber Land Notice.

Timber Land, Act June 3, 1878.—Notice for Publication. United States Land Office, Lakeview, Oregon, Oct. 11, 1906. Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, U. S. Statutes at Large, Vol. 52, page 146, the following described lands in Klamath county, State of Oregon, have been filed in this office his sworn statement No. 3131, for the purchase of the 1/2 sec 14 of Section No. 8, in Township No. 41 S., Range No. 7 E. W. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Lakeview, Oregon, on Saturday the 26th day of December, 1906. His names as witnesses: Earl M. Morgan, of Keno, Oregon. Geo. B. Morgan, of Keno, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 26th day of Dec. 1906. J. N. WATSON, Register.

It will pay you to see F. W. Berger, the Portland contractor, now of this city, for anything in the building line. Plans and specifications furnished.

HOT SPRINGS WATER

Why not have your home in the Hot Springs tract, where you can have use of the splendid mineral water? Study the following analysis made by the University of Oregon:

Grains per U. S. Gallon.	
Sodium chloride	5.98
Calcium sulphate	6.52
Magnesium sulphate	.32
Sodium sulphate	28.98
Iron and aluminum oxides	.13
Sodium silicate	4.15
Silica	3.22
	49.00

Read what Dr. G. F. Hanson of San Francisco says of this water: "A careful examination of the water convinces me that it is unsurpassed in the nature of its mineral content, and should prove of the greatest possible utility in the treatment of congested conditions and for the general flushing of the tissues. Dyspepsia, sluggish liver, habitual constipation, so-called biliousness and bilious headaches, indefinite rheumatic pains due to the accumulation of uric acid or retention of other waste products in the system, faulty elimination by the kidneys, and a long train of ailments dependent upon above states of bodily ill-health are benefited by the free drinking of and bathing in such waters."
