The Reclamation Service has been authorized by the Department of the Interior to consummate the purchase of the Jesse D. Carr Land and Livestock Company's property, and directed it to pay over to it the sum of \$170,000, which is approximately 90 per cent of the purchase price. The full price paid for the land was \$187,000, and included about 15,000 acres.

FOURTY-SIXTH ANNIVERSARY

Mr. and Mrs. N. S. Merrill of Merrill Celebrate.

Forty-six years of wedded life! This is what N. S. Merrill and wife celebrated last Sunday in their new home in Merrill. Fifty guests assembled to enjoy the hospitality of the father of Merrill, and participate in the dual event of a house warming and the anniversary celebration.

Mr. Merrill has just completed the construction of one of the finest homes

N. S. MERRILL.

in Klamath county, into which he moved prior to the house warming. It is a model of architecture and modern conveniences, and no expense was spared in its construction and equipment. He, with his wife, have long been residents of Klamath county. Together for forty-six years they have travelled life's pathway, participating in the sunshine and sorrow that came their way. Now, in their new home, surrounded by the luxuries and comforts that go to gladden their declining years, they will settle down to enjoy the good things of life and live their best of lives to the end of their days.

NARROW ESCAPE

J. F. Nowlin, the well-known real estate man, had a narrow escape from death last night, due to acute pyramine poisoning. He partook heartily of water krait last evening and a short time thereafter was seized with a severe attack of vomiting. Dr. Steiner was hastily summoned, and it required his constant care and skill for most of the night to put his patient through, having to resort to heroic remedies to maintain his heart action. While very weak, Mr. Nowlin is practically out of danger.

For Sale—One 1½-inch steel axle wagon, Rushford make, and one sulky plow and one set of team harness. For particulars inquire at this office. If

Honest values and low prices is our motto. The great amount of money we have spent in the last few months is only a drop in the bucket compared to what will be spent on improvements within the coming year. The question has often been asked, why do the Hot Springs Improvement Co., spend so much money on their property? The answer is that we have confidence. Not only in the upbuilding of a great city here, but confidence in the wide awake energetic people of Klamath Falls and vicinity, and it gives us great pleasure to announce that out of over \$75,000.00 worth of property sold in the last few months, over \$45,000.00 has been sold to Klamath Falls people. Quite a number of lots have been resold at an advance of from fifty to seventy-five percent on the actual money invested, and in order that those seeking investments in our beautiful addition may familiarize themselves with the fine wide streets and boulevards, we will furnish them a map if they will call at the office.

The Morgan Mercantile company, adjusters and collectors, of the Fenton Bldg., Portland, Oregon, are earnestly striving to discredit the stigma that is generally applied to collecting agencies. This concern is rapidly forging to the front on the Pacific Coast as reliable collectors and it has built up for itself an enviable reputation for honesty and square dealings with its clients.

The merchants of the Etate have long felt the need of a company to which they could give their overdue notes and accounts for collection with the assurance that all monies collected thereon would be promptly remitted.

The Company numbers among its customers the leading business firms of Portland, and its policy of making no charge whatsoever unless collection is made, seems absolutely fair.

This paper is satisfied that the Company is reliable and we therefore have no hesitancy in recommending it to our patrons. See their ad on page 8.

KENO KINKS

Mr. Shur and Mr. Lamb are building a house on the river to occupy while they trap during the winter.

Ed Robbin's boy, Eddie, aged 16 months, 19 days, died at the Falls and was buried at Keno, October 30th.

Mr. Chap Graves is here working in the interests of The Republican. We hope he will meet with great success.

Roy Nelson has gone to the Falls to attend the high school. He is a bright young boy and we wish him abundant success.

Mr. and Mrs. Kerns of Chico, Calif., are here on a visit to their sons Ben and George Kerns, and also to look after their great ranch and stock.

We are informed that Mr. Wm. McCullum has bought a ranch near Central point and will move there in the near future. May success go with him.

We were well pleased to read the article in last week's Republican giving Chief Engineer Newell's outline of next year's work on the Irrigation Project. We can now form a conclusion as to what will be done and when, and this is what we have been wanting to hear for a long time and hope the work will progress rapidly, regardless of what Mr. Fulton or any one else may say. As to draining the swamp we think Mr. Newell's ideas are quite correct.
