Frank Thompson, manager of the realty department of the Klamath Commercial Agency, left Saturday for his home in Albany, whither he was summoned on account of the serious illness of his father. He was accompanied as far as Ager by Roy Hamaker, who went to the railroad to meet his mother who returned from Portland where she had been visiting.

One of the pleasant events in the life of the pupils of the high school occurred last Friday evening when the Seniors were entertained by the Sophomores. The event occurred in Assembly hall and was replete with enthusiasm that only the young man and young woman can arouse. Entertainments of this character are of much benefit in the school, as they bring about a feeling of harmon and good will that does much to promote to welfare of the institution.

Fine watch repairing. L. Alva Lewis.

If you are in need of medicine during the night or if you have a prescription you wished filled you can get it at Newsom & Underwood by calling at the home of Dr. Maston—next door to our store.

If you are looking for an investment, don't overlook the Hot Springs Addition.

The proof of the pudding is the eating of it, and not the chewing of the string, and the proof that crosswalks can be constructed and maintained in such a manner as to be of service to the public is a demonstration of that fact. John Stilts, of the Stilts Dry Goods company conceived the notion that it could be done and started in to prove it, and that he has been successful is evidenced by the crosswalk that was laid under his direction between his establishment and those on the opposite side of the street. Shive & Sons, Roberts & Hanks, K.K.K., Dr. White and Winters assisted in bearing of the expense. If the city council wants to do something that it will be remembered for let it construct about a dozen such walks on Main street. If there is any doubt as to the possibility of their successful completion, it would not be amiss to give the contract to Mr. Stilts. The old crosswalks, had as they were, were far better than what now remains of them and it is now up to the city council and the street railway companies that tore them up to replace something in their stead.

For an ideal home, you should locate in the Hot Springs Addition.

Somebody has discovered a mare's nest in this city and consequently hastened to wire the Portland Journal that there is a beef trust in Klamath Falls. A considerable waste of time and space is expended, for the reason that there is nothing in the story. The price of beef is low enough here, and the best proof of it is the fact that the people who come here from elsewhere not only comment on the low prices but the fine quality of the beef. The appeal is made for someone to appear and bust the local trust. It would not be a bad idea for the fellow who wrote to article to try it. He would soon find out that millionaires are not made in the local meat business.

Don't fail to see the special announcement the Hot Springs Improvement Co. will take next week.

George Hamilton, who for the past few months has been running the Klamath House, decided to seek other fields, and last Wednesday suddenly took his departure, without notice to his creditors. This action on the part of Mr. Hamilton is very much of a surprise, for he had the esteem and confidence of the community and his assets were sufficient to meet his obligations. He evidently became discouraged, and not being of the temperament to make a good collector, decided to settle it all by leaving.

Lowney's and Bishop's delicious candies at Newsom & Underwood.

Last week The Republican inadvertently stated that the contest for the steel range that is being given away by Geo. T. Baldwin, the proceeds of which are to go to the Public Library fund, would close December 24. This is a mistake. It will not close until New Year's eve. This is a worthy object and one that should receive the hearty support of the community. The range is a beauty and the little girl who is lucky enough to be the winner will have something of which she may be proud.

Send your orders for Hot Tomatoes to the City Bakery.

Frank Ira White, accompanied by Miss Ethel McCauley, left for Portland Sunday. He expects to return about the first of the year. While in Portland Mr. White will open an office which he will leave in charge of Miss McCauley, who has become very proficient in the knowledge of the resources of Klamath county. During her residence here Miss McCauley made many friends who will regret to learn of her departure.

Attendants from the Asylum for the Insane arrived here Sunday for the purpose of taking to that institution Dr. J. D. Woods, who was last week adjudged insane by Dr. Thomas Parker. This is the second time that Dr. Woods has been sent to Salem. It is believed that his mental derangement is due to worry over financial reverses.

There is just as much difference between old and new drugs as there is between anything else that is old and new. Newsom & Underwood used only new, fresh drugs in prescriptions.

We understand that L. J. Bauman contemplates making some improvements in the line of undertaking parlors. He will convert the upper story of his business, adding a gravity elevator for the purpose of facilitating the hoisting of large caskets and heavy loads from one story to the other. This is a long felt want and we hope to see it installed soon.—Bonanza Bulletin.

One of the causes for the remarkable growth of Newsom & Underwood is the fact that no expense or trouble has been spared to procure the finest stock in the State. The great prescription business they do is on account of their using only pure fresh drugs.

Mitchell's men passed through town this morning with 253 head of fine beef cattle bound for the railroad. Of the number all but three were steers and it has been many a day since such a fine bunch of beef passed through town.—Merrill Record.
