Read what Dr. G. F. Hanson of San Francisco says of this water:

"A careful examination of the water convinces me that it is unsurpassed in the nature of its mineral content, and should prove of the greatest possible utility in the treatment of congested conditions and for the general flushing of the tissues. Dyspepsia, sluggish liver, habitual constipation, so-called biliousness and bilious headaches, indefinite rheumatic pains due to the accumulation of uric acid or retention of other waste products in the system, faulty elimination by the kidneys, and a long train of ailments dependent upon above states of bodily ill-health are benefited by the free drinking of and bathing in such waters."
