One of the causes for the remarkable growth of Newsom & Underwood is the fact that no expense or trouble has been spared to procure the finest stock in the State. The great prescription business they do is on account of their using only pure fresh drugs.

The late Senator Hearst made the foundation for the Hearst fame and fortune on the Comstock lode, just 200 miles south of the great strike in the Coyote Hills where are located the mines of the Lakeview Mining & Milling Co. Oregon is soon to have her Tonapah in the Coyote Hills. The first allotment of stock is the ground floor. When its sold you will have to take the elevator to get in at all. They have got the dope. There has been more gold produced in the section lying between Goldfield and the Coyote Hills than in any other section of the world. You missed it in Goldfield, Tonapah, Bull Frog and Manhattan, and if you don't act quickly you will be too late on Lakeview Mining & Milling Co. stock. Stock in the first allotment at 25c a share, 400 shares \$100. \$100 invested in mining stock consolidated of Goldfield last January is worth \$4000 today—a gain of \$4500 in less than one year. You could have bought the whole of Klamath Falls a few years ago for the price of one Main St. lot—opportunities to be won must be grasped. The Lakeview Mining & Milling Co. has ten claims. They have the ore 200 feet strong. They have the gold \$20 to \$800 per ton across the dike. A ton of ore occupies but few cubic feet of space. The available tonnage soon to be blocked out should yield enough gold to put every owner of 400 shares on Easy street. Stock to be had from the official broker T. W. STEPHENS, Real Estate and Insurance, Willson Block.

New goods arriving at Winter's.

Cow creek canyon and the Siskiyou have again shown their disposition towards the Southern Pacific railroad by practically tying up the system for two days. The tie-up was due to landslides, washouts and snow and cost the company a tidy little sum, besides demoralizing the traffic. It is now up to the Ashland papers, and those published in the other nearby towns to show why the main line of the Southern Pacific will be maintained after the completion of the Natron-Klamath Falls through line. What is one man's poison is another man's meat, and so it will be with this city. The main line of the S. P. will be our meat, and Ashland, et al, may have the poison.

Chafing dishes at Newsom & Underwood.

The Klamath County Abstract company began this week to remove their records from their former offices on Main street into the handsome new quarters just rented in the Withrow-Melchase block. This location is particularly desirable for the company on account of its proximity to the court house. Since its foundation, this company has had a remarkable volume of business and has had great difficulty in meeting the great demand for abstracts and its engineering department had been overworked. This growth has compelled the necessity of seeking new quarters that will furnish adequate room for the rapid transaction of business.

Repairing a specialty at Winter's. Everything guaranteed.

The Klamath Land and Transportation company has moved its offices, formerly located adjacent to the old post office, into those vacated by the Klamath County Abstract company. Since assuming the management of this company, Mr. Buell has met with good success in the moving of the property of his company, notwithstanding the fact that he has exerted himself but little, preferring to await the great developments that he has in hand for the Buena Vista addition. The desirability of the property in this addition, however, has appealed to the public and during the past few months many fine homes have been built on Conger avenue.

Fine line of stationery at Newsom & Underwood.

T. W. Stephens has moved his office from the Willson block to those formerly occupied by the Klamath Falls Land and Transportation company, the latter company having removed to the offices vacated by the Klamath County Abstract company. The Abstract company will occupy one of the rooms on the Fourth street side of the Withrow-Melchase block. Since engaging in the realty business in this city, Mr. Stephens has had remarkable success and with the rapid growth that is so certain to be the lot of this city and county, cannot but meet with further good fortune.

New line Souvenir leather post cards at Winter's.

The Altamont ranch has been purchased by "Dick" Smith and George Nolan. They expect to engage in farming operations on an extensive scale. The ranch has for sometime been the home of Mr. and Mrs. H. V. Mitchell, and is known throughout the basin as one of the most sightly places in the county. Mr. Mitchell will shortly move to Midland, where he will reside over the new hotel that is being built there.

There is just as much difference between old and new drugs as there is between anything else that is old and new. Newsom & Underwood used only new, fresh drugs in prescriptions.

Business property is moving in the Hot Springs Addition. A big deal is practically closed. San Francisco and Los Angeles capital coming to Klamath Falls. Negotiations for about 300 feet of Main St., property in the Hot Springs Addition are being carried on with California people, and if the deal goes through, the parties expect to commence the erection of a solid brick block in the spring, which means a great deal to Klamath Falls.

The Twenty-one Club held its quarterly election last Tuesday evening, when the following officers were chosen: president, Charles Baldwin; vice president, Claude Chastain; secretary and treasurer, Allen Sloan; invitation committee, Messrs. Mason, Curran and Sargeant. This organization is a very healthy condition financially and the members take great interests in its affairs and functions. Plans are now under consideration for a grand ball in the near future, when it is proposed to have a banquet that will eclipse anything ever given in this city. Like its dances, the number of invitations will be limited one to each member of the organization.

A sigh of satisfaction has escaped from the breast of the land grabbers of the west, due to the information that Mr. Heney has tendered his resignation as special prosecutor of the land department of the government. The reason for Mr. Heney's resignation is his ardent desire to put stripes on Ruef and Schmitz of San Francisco, in punishment for the many crimes of graft they have committed.

We have a small amount of money for farm loans. MASON & SLOUGH, ti

The Bank of Bonanza has received from the Secretary of State its certificate of incorporation. The incorporators are: Alex. Martin, Jr., Frank Ira White, Jacob Rueck, W. C. Dalton, D. V. Temporary quarters in Bowne Addition are being prepared, and the bank expects to begin business some time next month.
