Brooks, who is now engaged in fulfilling several contracts in the town of Midland, for 200,000 feet of lumber, with an option for 300,000 feet additional. It is not unlikely that Mr. Brooks will close his option, for the plans on which it is contingent are almost certain to be carried out.

The latest bulletins from the State dairy and food commission hits the supply houses of Sears Roebuck & Co., and Montgomery, Ward & Co. rather hard. Their maple sugar is a fake; their evaporated cream is nothing but milk; their colored sugar, extract of cinnamon, candy, catsup, noodles, etc., all colored with coal tar dyes, a rank poison, and their cream cheese is filled with borax.—Ex.

Klamath Falls Thespians are going to invade Merrill Friday and Saturday of this week, when they will produce for the delectation of the citizens of that bustling little city the two plays, "The Private Secretary" and "Old Farmer Joskins." Following the play Friday evening there will be a grand ball, given for the benefit of the Merrill baseball club. Both these plays are all right and the people of Merrill may be sure of getting full value for their money.

Private advices from Will Baldwin, who is in Portland attending one of the business colleges, would indicate that he is having the time of his life. His genial disposition has won for him there, as it did here, the warm friendship of a large number of the leading business men of Portland, and as a result he is being royally entertained. Incidentally he is not missing an opportunity to place Klamath county before these people in a manner that will bear good fruit.

The complaint that is being made about the departure of the train from Pokagama before the arrival of the stage and the throwing of the blame on the railroad for the lay-over at Pokagama necessitated thereby should not be directed against the railroad. Under the rules of the postal department that train must make its schedule, and if it does not it is subjected to a fine for its failure to do so. Even though the train should reach Thrall before the arrival of the S. P. trains, it does not relieve them from the payment of the fine, as has already occurred.

If you are in need of medicine during the night or if you have a prescription you wished filled you can get it at Newsom & Underwood by calling at the home of Dr. Maston—next door to our store.

When J. L. Buell was in San Francisco a week or so ago, he called on the publisher of the Sunset magazine. In the course of his conversation he learned that he could secure a large number of the issue of that publication in which appeared a write-up of the Klamath Project. These he secured and has, with the assistance of The Republican, distributed them where they will undoubtedly do a great deal of good. The supply fell far short of the demand, and he will make an effort to secure some more. If he is successful, those who may desire to procure one for the purpose of sending it away will be able to secure one at this office. It is understood, however, that they are to be mailed, and those asking for them will be placed on their honor in the matter. It is too valuable a piece of advertising to be wasted.

One of the causes for the remarkable growth of Newsom & Underwood is the fact that no expense or trouble has been spared to procure the finest stock in the State. The great prescription business they do is on account of their using only pure fresh drugs.

J. D. Diekman, the Dairy rancher, had a narrow escape last Friday from meeting death in Lost river. He was returning home and had reached the grade above Olene, where he met the Lakeview-Bonanza stage. The road at this point is very narrow, and it was with difficulty that Mr. Diekman could give the stage room enough to pass. As it was passing Mr. Diekman's team became frightened and broke the wagon tongue, one of the horses falling over the embankment into Lost river. Through the breaking of the harness the other horse and Mr. Diekman escaped being dragged into the stream. The horse was drowned. It seems almost useless to call the attention of the County Court to this piece of road, for it has long been known as one of the most dangerous pieces of highway in the county. It is to be hoped, however, that this narrow escape from a fatality will awaken the officials to a sense of duty and result in steps being taken that will put an end to this death trap.
