

DAIRY

Dairy is pleasantly situated on the west side of Yonna Valley, near the center of Klamath County. It has two good general stores with enterprising, up-to-date dealers who enjoy a large trade from surrounding valleys; a hotel and feed barn, and a school house. It is surrounded by a rich farming community with which it is connected by a farmers' telephone line and also a long distance line. Is on the stage line, twenty miles east of Klamath Falls.

Godfried Beck butchered eight hogs Tuesday.

Collister Gray has again been on the sick list.

Little Bessie Smyth has been quite sick for some days.

Four young men, friends of the Ruckes and Ritters, arrived recently from Ohio, and will make their homes in Klamath County.

Klamath Indians inform me that trout in considerable numbers are appearing in Sprague river, and some good ones have been caught this spring.

Wm. Uhrmann expects hereafter to make weekly freighting trips to the Falls, in the interest of the Dairy merchants. Business has grown so much lately as to make this plan profitable.

Chas. H. Bergdorf of Pine Flat has been quite sick for the past week from congestion of the lungs. His wife, who is teaching the Dairy school, was obliged to dismiss her school for several days in consequence.

The Yonna valley friends of Mr. and Mrs. Herbert Arrant are much pleased over the report that a new baby daughter has arrived in their household. Mrs. Arrant was formerly Miss Minnie Bergdorf of Dairy, and was a social favorite here.

A dancing party was given last Friday evening by Mr. and Mrs. A. L. (Brown) Michael at their residence in Pine Flat, which was largely attended, and a fine time is reported. Nearly all the young men and maidens of the valleys adjacent were there, and they didn't "go home till morning."

Messrs. Geo. Ritter, Jasper Bennett and other farmers having land above the ditch survey in the northeast part of Yonna valley, have at length determined to go ahead with the building of an irrigation plant of their own, getting the water from the upper stretches of Buck creek, which comes from the eastern hills bordering the valley. To do

this they have let a contract to Pat Colahan and Carl Adams for building a dam across the creek in the pine woods east of Ritter's ranch, which is intended to hold the water which accumulates there in the winter and early spring, until it is needed for irrigation purposes. The dam, as described by one of the contractors, is to be 130 feet long and 25 feet in height, and will be located where it will confine waters sufficient to cover a large body of land to a depth almost equal to the height of the dam. If the project proves to be a success its projectors hope to be able to irrigate some 500 acres of land which would otherwise be "dry."

The Dairy school district held another election Saturday last, to again vote on the proposition to vote bonds to the amount of \$1500 for the purpose of erecting a new school house. This time opposition did not materialize and the proposition carried unanimously. Only 19 votes were cast. This time great care was taken to see that all the technical points of the law were complied with, so that the bonds, when issued, could be sold without any trouble. I hear that several parties are preparing to bid on the contract for the erection of the building, when it comes to that.

Some young hoodlums, with malice aforethought, went through the residence of J. O. Hamaker, four miles east of Dairy, and tore up things generally one night last week. They filled up his well with a lot of lumber and trash, shot into the house, poured a gallon or more of molasses over the furniture, and did other unbecoming things, while the family was away from home. It is pretty well known who the parties are, and the strangest part of it is that they assume to be respectable young men. Such mischief-doers ought to be made an example of.

A petition is in circulation in the valley, which has been quite numerously signed, asking the County Court to appoint a new road supervisor in place

of the present incumbent, Clas. Flackus, who is charged with being partial, unworkmanlike, and with several other delinquencies; and for the appointment of someone else in his stead, although no one else is named.

Tom Michaels little boy has been sick for a few days, but is now convalescent.

The Liskey boys have several teams of fine horses which they offer for sale at fair prices.

The water in all of the lakes hereabouts is unusually high this spring—that in Swan lake especially so.

Wm. H. Bliss, the northside homesteader, is anticipating the early arrival of his wife and daughter from the east.

The ground is again dry enough to permit the farmers to plow and to put in grain, and many of them are doing it. Chas. Woelk was in the Falls last week to make good his contest for the John Steriz homestead, in the north part of the valley.

The Beck Bros., who have made a success of the growing of Bromo grass, have a quantity of Bromo grass seed on sale at Sedge's store in Dairy.

Edward Sedge left Dairy for his homestead in Langell valley Monday morning, riding one of his mules and leading the other, having a pack on the latter. But the mule he was riding evidently didn't like the arrangement, for he proceeded shortly to buck Edward off into the sagebrush. But Edward didn't propose to give up the struggle with one defeat, and remounted the mule and proceeded on his way, notwithstanding the mule's objections, and the mule finally gave up the fight.

Wanted—Bids for Clearing

Persons who will contract to clear sagebrush and plow ground are invited to submit bids for doing the work on an acreage basis. Land to be cleared along Macadam Road. FRANK IRA WHITE.

BLY

Bly is situated in the southeastern part of Klamath county and commands all the trade of Sprague river valley. Is well connected with telephones. Several new buildings soon to go up; also a new school house. A large timber country surrounding will make much business in time to come.

Mr. Liskey is over from Bonanza.

Thos. Hamersly made a flying trip to Drew's Valley Sunday.

George Boyd and wife left for their homestead near Bonanza.

Mr. Hessig, the Fort Klamath merchant, was in town this week.

O. Peterson and John and Charlie Stindt left for the timber this morning.

Mr. and Mrs. Thos. Garrett returned from Lakeview, where they were on timber business.

Mrs. Albert Walker returned from Klamath Falls, where she was called during the illness of Luke and Roy.

Arthur Langell of Bonanza has taken possession of the Pioneer hotel. The former proprietor, W. F. Reed, intends to remain in the country some time to fill his position as Road Supervisor.

The basket supper given in benefit of the new school house was quite a success. The proceeds derived from it adding quite a little to the subscriptions already taken up.

The roads are in much better condition and travel has started and everything points to a busy summer.

O. T. Anderson and Earl Walker returned Saturday from a trip of two weeks to Prineville, where they were looking after buying cattle and horses.

The Dread of the Housewife

The pleasures of many homes are still marred by that weekly horror "wash day." Some still cling to the idea that by doing their washing at home they are saving money, without stopping to figure the cost. In most cases the cost of the wood alone would pay for the work being done at the laundry.

The Klamath Falls Steam Laundry

is now equipped to handle all the family washing in the city and is making a special cut-rate price on this work. With our increased capacity and all the latest labor-saving machinery, we are able to do the work at about one-half what it can be done by hand. We dye and restore color to faded goods and steam or dry clean ladies' and men's suits.
