

ROBERTS FOR MAYOR

Announced Candidacy Last Friday

IS STRONGLY SUPPORTED

Leavitt Decides to Buck Fate and Be Re-Elected City Recorder

B. St. Geo. Bishop will have an opposing candidate for the office of Mayor, and that man will be C. I. Roberts of the hardware firm of Roberts & Hanks. He gave his consent last Friday, and no sooner had the announcement been made than there was a reforming of forces all down the line. Mr. Roberts is one of the most popular men in the city. He has lived here nearly all of his life and has raised himself to a high position among its men of affairs. He is possessed of strong personal following that will greatly aid him in the contest.

His name has been connected with the race ever since the campaign opened, but he steadfastly refused to give his consent, maintaining that there were other men whom he believed more deserving of the honor. The pressure, however, became too great, and when it was put up to him on the question of a public duty, he no longer hesitated, but willingly stepped into the arena.

Mr. Roberts has been a member of the Council from the First Ward, and while performing the duties of that office he has at all times given it the careful attention that it required. He is peculiarly well qualified for the office of Mayor and will gather around him the support of the conservative voters of the city.

A. L. Leavitt finally mustered up courage enough to announce himself as a candidate for re-election to the office of City Recorder. It would be an unusual thing if an election would pass that would not witness Mr. Leavitt as a candidate, for he seems to be possessed of the office seeking germ in an aggravated form, and is apparently unable to resist its ravages. He has little hope, however, of being successful in his present effort, for the popular sentiment is strongly against him, due to the inability of a large number of citizens to find him in his office at the proper time. This is a serious matter and one that the people seem anxious to remedy by the election of Mr. Wagner to the office.

Straw-Lakeman

Miss Sara Lakeman and Dr. E. E. Straw were married in Santa Rosa, Cal., last Friday. Dr. Straw, who is Mayor of Marshfield, is well known in this city, where he has resided and where live his mother, several brothers and a sister.

Gray-Engle

Miss Maude Engle and Collie Gray were married at the home of Mrs. T. J. Jackson in this city Tuesday afternoon, Rev. J. B. Griffith officiating. Miss Engle is the daughter of H. L. Engle, formerly a resident of this city, but now residing in Marshfield. The bride is also a sister of Mrs. Jackson and Mrs. A. Castel of this place. Mr. Gray is a resident of Dairy. The many friends of the young couple wish them much joy.

Wagner-Freuer

Miss Bertha Freuer and Richard D. Wagner were married at the home of the bride's parents, Mr. and Mrs. Edward Freuer in Pea Valley, Sunday April 14. Miss Freuer is one of the most popular girls in the County and has a host of friends who extend their good wishes. Mr. Wagner is an employee of the Electric Light Company. He is a man of splendid qualities and deserving of the high esteem in which he is held by his many friends. Mr. and Mrs. Wagner will make their home on Donald street in a neat cottage just completed and furnished by Mr. Wagner.

Keno Canal Bids Opened

Last Friday was the day set for the opening of bids for the construction of the Keno canal. But one bid was sub-

mitted, that of Pagnet, Giebirch & Joplin, which was as follows: Class 1, 75 cents; Class 2, 85 cents; Class 3, \$1. The Mason, Davis bid for the construction of the main canal was: Class 1, 18 cents; Class 2, 35 cents; Class 3, \$1.25. In view of the fact that the bids on Class 1 and Class 2 were so high, it is hardly probable that the bid will be accepted, although the matter has been referred to the Secretary of the Interior, who will decide the matter.

Street Cars Running Soon

This city will have the long anticipated pleasure of witnessing the operation of a street car line. Manager Buell has a force of men at work ballasting the track and as soon as the work is completed he will place two cars in service. He refuses to state how soon this will occur, but says that it will not be very long until they are running.

Irrigation Notice

As the season for irrigation is close at hand, it would be well (in order to avoid delay) for those expecting to use city water for watering lawns, gardens, trees, shrubbery, sprinkling streets, sidewalks or for cooling purposes, to place their orders for meters immediately; as water for the above purposes will be furnished by meter only.

Leave orders at our office, corner Third street and Klamath Avenue.

Is Purchased by the Klamath Lake Navigation Company

The Klamath Lake Navigation Company this week closed a deal for the purchase of 475 acres of land at Teter's Landing, the consideration being \$5,000. The property was owned by Mark L. Burns. It is the announced intention of the Navigation Company to improve this property and make it one of the strategic points for the control of lake traffic. It is expected that it will play an important part in the California-Northeastern freight and passenger business when that road is built near enough to the lake to divert traffic over its line.

One of the delightful parties of the season was given by Mrs. E. R. Reames when she entertained a number of her friends on board the launch Baena Vista last Thursday. The guests were taken to Squaw Point, where they disembarked and enjoyed a delicious luncheon. Cards were played both going and coming and the event was one of the most pleasant outings ever given on the Upper lake.

Little Vida Pearson was kicked by a pony Friday morning and quite severely hurt. She and her sister, Velma, were riding the pony to school that morning. She was unconscious for a time, but is now convalescing.

CANDIDATES NOMINATED

No Contest for Office of City Treasurer

LIVELY INTEREST SHOWN

Mayor, Recorder, Treasurer, and the Councilmen Are Named

The primaries for the selection of nominees for Councilmen were held Monday, when the following gentlemen were nominated:

First Ward—F. E. Ankeny and A. Castel.
Second Ward—J. R. Stilts and Geo. R. Hurn.

Third Ward—Dr. G. W. Maston and A. E. Bamber.

The convention for the selection of candidates for the offices of Mayor, City Recorder and City Treasurer was held Tuesday afternoon, and aroused more interest than any like event in the history of the city. The result was as follows:

For Mayor—
B. St. Geo. Bishop.....\$4
C. I. Roberts.....75
For Police Judge—
A. L. Leavitt.....81
Wm. Wagner.....77

There was no opposition to Capt. J. W. Siemens for the nomination for Treasurer. The surprise of the day was the vote received by Mr. Roberts and Mr. Wagner. Their friends did not expect that they would poll here the number cast, inasmuch as it was generally admitted that the convention was merely a legal formality. It is generally admitted, however, that the result of the convention means the certain election of both Mr. Roberts and Mr. Wagner.

His ranch is within a half mile of Keno and the value is \$9,000. A large portion of this ranch will come under the ditch, and the man who gets it will be lucky.

Thos. McCormack has returned from Portland, while there he purchased the Andrews timber claim of 160 acres, adjoining his homestead. He also purchased an electric dynamo. This plant will be put in at his saw mill. Work will begin at once and the lumber for the power house is on the ground. Mr. McCormack expects to furnish Keno with electric lights in the near future, or as soon as the plant and wires can be put in. This will make Keno independent of the Standard Oil Company. He can also furnish other power if desired. If Uncle Sam should compel him to vacate the old mill site he has another place a little further down the river where he can put his dynamo.

The firm of Brennan and Bagley opened for business Saturday. Owing to the fact that they have been unable to get all of their goods on account of the congested condition of the freight business, only a small portion of the big stock of high grade men's furnishings that they are going to carry was ready for the inspection of the public. Mr. Brennan, who at present represents the firm, states that he hopes to have all of the goods on hand within the next ten days, and when this occurs one of the finest lines of men's furnishings ever seen in this city will be at the disposal of the critical purchaser.
