

KLAMATH REPUBLICAN

E. J. MURRAY, Editor.

LEADING NEWSPAPER OF INTERIOR OREGON.

TWO DOLLARS PER YEAR IN ADVANCE

WILLIAM S. HUSE

William S. Huse, who for a number of years was the editor and publisher of the Klamath Republican, died at his home in Wayne, Nebraska, a few days ago. During his residence here, Mr. Huse gathered around him a clientele that will be saddened to learn of his death, and who will extend to the bereaved ones their deep sympathy.

THE MAYORALTY

In the approaching election for the selection of a Mayor for this city for the ensuing year, the voter will have an opportunity of making a choice between two men, C. I. Roberts and B. St. Geo. Bishop. Both men typify the issues before the people and both are deserving of consideration.

On the one hand we have Mr. Bishop. No one doubts his constructive ability. His indefatigable energy and restless enthusiasm would make him an ideal candidate under different conditions. He is a man who has, since coming to this city, taken an active part in the affairs of the municipality, and it has been this activity that has given his candidacy the impetus it enjoys. But it is also this one element of enthusiasm that is his greatest handicap at this time.

Perhaps never in the history of Klamath Falls has there been such a critical period in its affairs. It is not likely that it will ever occupy such a position again, for this has been a lesson that the business men and citizens generally have learned so thoroughly that they will not soon forget. It is a period that requires conservatism of the most conservative kind.

Every man in Klamath Falls realizes this, and it has been this realization that has prompted the conservative citizens to unite on the candidacy of Mr. Roberts as the proper man to carry on a work that will require practically all of his time and the closest of attention during the coming year.

This work demands a man who will carry out the wishes of the people in preference to his own will. It requires a man who is thoroughly acquainted with all the conditions. We believe that Mr. Roberts is the man who meets these requirements. Practically a life-long resident here, he has by his own efforts raised himself to the position of esteem and confidence of his fellow citizens and become one of the leading business men of the city. His policy has always been one of conservatism. He has been blessed with success—success that has come from his close attention to business and his own affairs. Whenever he has been called upon to look after the city's interests, he has done so with fidelity and care, and we believe that in answering this call he will do so with the same degree of diligence and watchfulness that has characterized all of his efforts, whether for himself or for the public. Klamath Falls at this time needs such a man as Mr. Roberts, and we believe it will get him.

CITY RECORDER

The candidacy of William Wagner for the office of Recorder has met with such popular approval that it is practically an assured fact that he will be elected. And it is right that he should be. This is a day of duty. It is a time when every man who assumes the obligations of the office he is elected to, should render an honest account of his stewardship. When he fails to do so, he must step aside. The Republican assures its readers that in voting for Mr. Wagner they will be performing an act that will not be tainted with regret. When he steps into office he will do so with a clean record—a record that will be as clean at the end of his term. This city is in need of such men and it must have them; and the fact that public sentiment indicates that Mr. Wagner will be elected shows that the people of Klamath Falls are taking the right kind of an interest in the affairs of the city. With such a spirit manifested in public affairs, it is certain that no kind of graft will be tolerated in any department of the city government.

Card of Thanks

The Woman's Club of Klamath Falls wish to express, through the papers, their sincere appreciation of Major Warden's generous gift to them of the M. E. church building for the public library's new home, and to extend their heartiest thanks to him, and to the citizens who have so generously assisted in the work undertaken by the ladies, also to the County Judge and County Commissioners, for permission to place the new library building in the Court House yard.

MERRILL.

Merrill is situated in the southern part of Klamath county, very near the center of the Klamath Project. It has a population of 600. Is well supplied with good business houses. Has many fine homes. Telephone, long distance and home. Will soon have water works. Will be located on a branch of the California Northwestern, now being built into Klamath Basin. Will be one of the best towns in the county. Has a fine public school.

Mr. and Mrs. S. E. Martin went to Klamath Falls Sunday.

E. E. Mason returned Monday with the remains of the rig deserted by Henry Lamp.

A. J. Cessna left Monday for Montague, with two six mule teams, after freight for Martin Bros.

J. A. Waldron will sever his connection with the Mint saloon during this week and will leave for Los Angeles.

F. P. Slate received two 12-horse power gasoline engines for his excursion boat to be used on the river and lakes.

E. Miller and family have moved to Turner Bros.' saw mill, where Mr. Miller will be engaged during the coming season.

W. F. Barrows and a crew of carpenters are finishing the porch to C. G. Merrill's residence and when completed will be an addition to this already neat cottage.

F. S. Brandon has been informed by the freight department that freight may be shipped to Grass Lake if the people of Merrill wish it, and has ordered all of his goods shipped that way.

There will be a change in the management of the Mint saloon May 1st. Geo. Brandon will retire from the saloon business but it has not been fully decided who will take his place.

The town Board held a special meeting and opened the sealed bids for the erection of an engine house and city hall. E. E. Mason having the lowest and best bid the contract was awarded to him. It is to be completed by July 1st. The engine is at Montague now and will be brought in in a few days.

FORT KLAMATH

Fort Klamath is located in the northern part of Klamath county, and is in the center of what is recognized as the Switzerland of America. In close proximity to Crater Lake and surrounded by the greatest natural and scenic wonders on the continent, it will, within a few years, be one of the greatest tourist resorts on the Pacific coast.

Clay Barker and family of the Agency visited here Sunday.

People are beginning to come in here now from their winter quarters.

Mrs. Sallie Baker is here for a short time. She is living at Dairy now.

Miss Ethel Stratton of Ashland has been employed to teach the lower school.

M. F. Barker kept busy carpentering and painting here and at the Agency.

The Winema brought a load of grain and other freight up to the Agency landing for Fort Klamath last Saturday.

Miss Edna Pierce is soon to start for her home at Roseburg. Miss Pierce has been staying at Mrs. McCoy's this winter, and her many friends regret to see her leave here.

Kingdon Bros. will start their sawmill this week. The boys have first class lumber and it will be only a short time until they will be placing it on the market by boat to Klamath Falls.

John Smart took dinner in town Sunday and sprang a surprise by saying it was his seventy-first birthday anniversary. Mr. Smart is a pioneer of Klamath County and one would not take him to be over 60.

M. P. Morgan and Miss Effie Skeen were married at T. J. Jackson's April 14, Justice Jackson officiating. It was known only to a few until late in the week. Mr. Morgan treated his friends to a big ball and supper on Friday night. The couple will start house-keeping right away in F. G. Butler's house. Here's hoping them a happy married life.

A successful attempt was made to navigate Wood river Monday. A party of six left Klamath Falls at 10 a. m. and got to within a fourth of a mile of Ft. Klamath that evening and Tuesday morning anchored right in town. The successful boat is a new launch owned by M. H. Wampler, and like the Buena

Vista was given its initial trip up Wood river. No serious trouble was encountered, excepting with the pump which delayed progress, for about 45 minutes. The gentlemen are greatly pleased with their trip, and will make many more during the tourist season. Those on board the "Skookum" were: M. H. Wampler, owner of the boat; L. Alva Lewis, County Treasurer; W. Shiye, at whose lots the "Skookum" was landed; Gus Melhase, who was also with the Buena Vista; Mr. Peterson the engineer, and Mr. Simons.

The members of the Baptist Ladies' Aid Society desire to thank those who so kindly assisted with the concert, and also those who patronized the concert. By order of the Society, Ida G. Grimes, secretary.
