

KENO

Keno is situated in the Southern part of Klamath County, on the Klamath river, at the terminus of navigation. Two steamers land here; mail, express and passengers are transferred from the stage to the boat at this point. Adjoining Keno on the west is a large belt of timber, and on the east is a large body of marsh lands. Near Keno, on the river, is immense water power. Telephone connections with all parts of the country. Has a good school, two stores and two saw mills.

Miss Nellie Dotson is at the Falls, under the care of a doctor.

Last week while Harry Wall was hauling poles he had his team hitched to the end of the wagon tongue. He was walking while driving his team. In passing a small tree he attempted to change the lines to the other hand when the wagon slid down and caught his arm between the poles and the tree. It was firmly held there until the tree was cut down by some of other parties who were with him. His arm was broken in three places. He is now at the Falls for medical attention and at last accounts was getting along as well as could be expected.

Last Friday William Stone and Percy Edwards were married at Klamath Falls, Rev. J. B. Griffith officiating. In the evening they returned to Keno where they were tendered a dance and supper at the hotel. They were presented with a large number of beautiful presents. They have now taken up their abode on a ranch which he bought down the river. Their many friends wish them a happy life. Mr. Stone was the successful hardware merchant at Keno.

Mr. J. L. Padgett is remodeling his barn and building a large drive way.

Conrad Madison has returned from the hospital. He has a glass eye fitted so neatly that it would take an expert to tell which is the good eye. He is feeling all right, and has made one trip on the steamer Canby.

Rev. Conkling preached in the Keno hall last Sunday, but owing to the short notice there was but a small audience.

Thawing Dynamite.

Tuesday morning, George Olson, who was engaged in digging a well, placed two sticks of dynamite in the oven of the large kitchen range of the Keno hotel, for the purpose of thawing the explosive. Without warning there was a terrible explosion, tearing the stove to pieces, blowing out the side of the kitchen, breaking every window in the hotel, and most of the dishes. In the kitchen at the time were Olson and Miss Rachel Jones. Olson, who was standing close to the stove had his trousers almost torn to pieces, the top of his hat blown off and was slightly burned about the head. How he escaped instant death is a mystery. Miss Jones' dress was set on fire and she was severely scalded about the chest with hot coffee. Mr. Dyer, who was eating breakfast at the time, rushed to the scene of the explosion and quickly extinguished the flames in the girl's clothing.

\$500 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science can cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for testimonials.

Address, F. J. CHESNEY & CO., Toledo, O. Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

DAIRY

Dairy is pleasantly situated on the west side of Yonka Valley, near the center of Klamath County. It has two good general stores with enterprising, up-to-date dealers who enjoy a large trade from surrounding valleys; a hotel and feed barn, and a school house. It is surrounded by a rich farming community with which it is connected by a farmers' telephone line and also a long distance line. Is on the stage line, twenty miles east of Klamath Falls.

Mr. Kinney has disposed of his thresher, and it looks as if some of the farmers in this vicinity are fearful that they will not be able to get their wheat threshed. It would not be a bad idea to have a threshing bee, and see some of our young bucks swing a flail.

A contract has been entered into between Liskey Brothers and John Lipton, whereby the former will feed the latter's cattle this winter.

John Hiberts and family now occupy a ranch in Pine flat, having moved there within the week.

Mrs. A. L. Mitchell is mourning the loss of a fine lot of cabbage, stolen while she was away securing a cutter with which to work it into sauer kraut. One satisfaction about it is that they stole it before the cutter was brought into use.

John Schmor has returned from his visit to Merrill and is now busy with his winter's supply of wood.

Bill Uhrman is now a full fledged resident of Dairy, having purchased a house and lot in this town.

Many of the cattlemen in this section are hard at work gathering in their range cattle preparatory to feeding them for the winter.

Charles Sherman, Sr., while engaged in painting the new school building fell and broke his right arm and sustained several severe bruises. His many friends extend to him their sympathy and will try and make life pleasant for him during his affliction.

Albert Burgdorf is busy gathering in his stock.

Orin McCumber went to Bly this week on private business.

John W. Stubble is reported to be very sick and in need of nursing. Some of the charitable ones ought to remember the biblical injunction, "Visit the sick."

It is reported that one of the neighboring school districts will be short a teacher one of these days, as, Dame Rumor says, the incumbent will be led to the matrimonial altar very soon.

Mrs. Burgdorf, of Pine Flat, visited relatives and friends in Langell Valley last Sunday.

Two fine stallions were seen in this valley this week. They were in charge of Mr. Maxie, who is trying to organize a company for their purchase. He is asking \$3200 each for them.

We are glad to report that John Cox, who was stricken with blindness recently, is improving and the indications are that he will fully regain his eye sight again.

A movement is under way, backed by some of the most solid business men of this community, to erect and maintain a large and modern caravansary in this city. There is great need for such an establishment and the investment would undoubtedly be a paying one. At the present time it is a difficult matter to secure rooms in this city. The Richelieu has been forced to rent the lodging rooms over the Whitney store, and the Riverside is taxed to its capacity. Record.

CHRISTMAS CAKES

We make the best Cakes, Pies, Bread, etc. out of the very best flour. Everything is neat and clean in our baking department and open to your inspection. Van Riper Bros. handle our bread and will deliver it to your door if you will mention it to them.

CITY BAKERY

Preferred Stock Canned Goods

Are Packed Wherever the Best are Done

That is the secret of their exquisite Flavor. Preferred Stock Pineapple, for instance, is grown, ripened and canned all under the sunny skies of Hawaii. Pineapples brought to this country and then canned must be picked before fully ripe or they won't keep—and the flavor is flat. Hawaiian Pineapple is the best grown. Every morning, the ones ripened to their "spicy best" are gathered, taken into the canneries, close at hand, peeled and cored by special cutters operated by bright, tidy Hawaiian girls. All the tough, fibrous center is removed, and the sun-gold slices from the best part of the pineapple are then packed into Preferred Stock cans.

Try PREFERRED STOCK Pineapple—a royal desert—ready to serve

ALLEN & LEWIS, Wholesale Grocers, PORTLAND, OREGON, U. S. A.

NOTE:—No solder is used on cans containing Preferred Stock Pineapple.

FURS

I want 10,000 Muskrat. Will pay big cash for rat and other furs. I have some fine hounds
