The Eagles acquitted themselves with honor Friday evening and gave their guests one of the most pleasant evenings of the season. The dance was quite well attended and everything was done to make the event a most enjoyable one. The success of the efforts of the members of this organization is evidenced by the fact that all who attended are expressing a wish that they will soon again be invited to another under the same auspices.

A. H. Naftzger returned from San Francisco Monday, where he had been on business connected with his many interests in this county.

A number of friends were entertained Friday evening by Misses Nina Wilson and Goldie Barnes, in honor of their sixteenth birthday. The evening was passed by playing games and enjoying delicious refreshments, and was one that will long be remembered by the young guests.

Forger Mendenhall has so far eluded the officers of the law. The last heard of him was through Archie Mason, who, on his way to Portland last Friday, ascertained that Mendenhall had spent Tuesday in Weed and Wednesday morning in Grass Lake. It is believed by the officers that the fugitive is making for Lake County, and officers have been asked to keep a close watch for him.

The Bridge Club was entertained by Mrs. G. Heitkemper, Jr., Saturday afternoon, delicious refreshments being served.

J. L. Padgett, of Keno, was in the city Monday.

Will Collins and Bert Hall have secured the contract for the construction of the big wood barge that the Mason Construction Company is going to place in service, to be used in furnishing fuel for the operation of the two dredgers on work on the grade through the swamp lands. This barge will be the largest of any heretofore placed on either of the lakes.

A wild boar that is said to have made its rendezvous in the neighborhood of the big springs and the marsh on the Klamath Reservation for the past seven years was shot and killed this week by Harry Mann, of Salem, and Billy Crawford. The tracks made by the boar were supposed to be those of a big buck, and hunters have been watching for him. Crawford and Mann came onto the boar near the former's home and bagged him after a short chase. His skin, which was preserved, weighed 110 pounds.

C. L. Sparreton and L. J. Bauman were among the representatives of Bonanza who were at the county seat this week.

Prof. G. R. Carlock was in the city Saturday in connection with the cutting affray of which he was the victim. He was subpoenaed, together with Dr. Alex Patterson, Tom Ballis and Joe Stukel, by District Attorney Stone, for the purpose of giving evidence on which to file a complaint against Ernest Wolford, who wielded the knife. Mr. Carlock has practically lost the use of his right arm, due to the fact that the nerves were severed. He expects to undergo an operation, which it is hoped will overcome the trouble and restore to him the full use of the injured member.

Someone stole about \$40 worth of meal tickets from the Gem restaurant and disposed of them at bargain prices. As a result the restaurant stood to lose considerable, if the fact had not been discovered and the tickets rejected. As yet no definite information has been found that will fasten the crime on the guilty party, but the affair is being investigated further.

Then they will start on their return home, breaking the long journey by frequent stops on the way. Mr. Herlihy takes with him some fine specimens of Klamath County products and he is loaded with data and information about this county, and will doubtless do a great deal of valuable advertising for this section while he is away.
