Tule Land on Installment Plan

That reclaimed tule marsh land is the richest land on earth is conceded by all familiar with the subject. Such lands in the vicinity of Woodland and Santa Ana, California, have a value of \$300 to \$500 per acre.

I am offering for sale in ten acre tracts a half section of fine tule land within two miles of the Cal. & N. E. R. R.

This land is part of the area to be reclaimed by the U. S. Reclamation Service in the near future. It is densely covered with tules and will become immensely productive when reclaimed. My proposition is as follows: I will sell this land in ten-acre tracts for \$20 cash and \$10 per month for 24 months. No interest will be charged on deferred payments. I will pay all taxes and dues to the Klamath Water Users Association during the time the land is being paid for. A discount of 10 per cent will be allowed for a full cash payment. Title perfect.
