W. H. Mason of Klamath Falls came
over from there the first of this week,
he having accompanied the eastern
gentlemen, who are here looking over
the timber situation in this county,
mentioned in another item in this issue
as having been brought here by Mr. Mc-
Cumber. The party left for the tall
timber Tuesday afternoon.—Lakeview
Examiner.

P. L. Fountain returned home this
week from a business trip to Ashland,
Medford, and Central Point.

R. A. Emmitt received his appoint-
ment as postmaster of Klamath Falls
Saturday.

Do not buy blended whiskey. When
you want pure whiskey see that it is
put up under the government's "bonded
warehouse stamp," as is the Continen-
tal whiskey, Water Mill whiskey, Nor-
mandie rye and F. V. rye. Sold by
C. D. Willson.

H. S. Sims, the oil expert, returned
after several week's absence in Lake
county. Mr. Sims spent most of the
time with prospectors out on the desert.
It is reported that with the assistance
of one of the old timers, he found the
famous old "Blue Mine," which many
an old prospector has wasted much
time hunting for. It is said to be rich
in blue mica, or what is known as "fool
gold."

Private owners of about 10,000,000
feet of timber in the vicinity of Keno,
have been on a deal with capital of this
city for the establishment of a mill at
that place. It is reported that negotia-
tions have not yet been closed although
it is possible that the deal may be put
through later.

THE SOUTHERN OREGON STATE
NORMAL SCHOOL at Ashland offers
special opportunities for teachers to re-
view for the teacher's examination in
February and August and to take work
in Pedagogy and in Special Methods of
teaching in the various grades of the
training school. Since the public
schools of Oregon are calling for teach-
ers who can teach Manual Training,
many are taking advantage of the indus-
trial work lately installed in the school.
Expenses of board and lodging and tu-
ition, nominal. The State Normal
School at Ashland is enjoying the largest
appropriation of State funds ever granted
a Normal School in the history of
Oregon. Catalogues sent on applica-
tion to the President. 1-2-1-30

Mr. and Mrs. Wm. V. Mong have put
up a prize to the winner of a series of
basket ball tournaments, a handsome
\$50 solid silver Gorham Cup. The ar-
rangements for the games are to be un-
der the direction of Mr. Zimmerman.
The cup is on exhibition at Heitkemper's.

The railroad camp on the Hot Springs
tract, under charge of Contractor Smith,
is not able to do much excavating at
present on account of the weather. The
men, however, are busy fixing up their
camp and getting ready to rush the
work as soon as conditions are favor-
able.

Leslie Rogers, one of the timber entry-
men in the 37-10 district, has received
notice that his patent is at the Lake-
view land office. This comes as a sur-
prise as these claims have been held up
pending a hearing sometime in June.
Those acquainted with the case are at a
loss to account for the issuance of the
patent, but it is believed that it will
result in transferring the contest to the
scrip men and the Government.

Ky Taylor and H. H. Van Valken-
burg, owners of the property recently
destroyed by fire, are receiving plans
and estimates on a modern brick store
building to be built on the ruins. A
definite decision will not be reached
until after the arrival of the insurance
adjuster but it is assured that the prop-
erty will not stand vacant long.

Miss Jessie Arnett left this morning
for Redlands, Cal., accompanied by her
mother. She goes for the purpose of
regaining her health, which has been
poor of late. If the climate of South-
ern California does not prove beneficial
she will go to Arizona.

It appears that some of the parties
who have been promising to put in an
ice plant in Klamath Falls will have to
make good. The indications for ice are
very slim and unless someone comes
forward soon, the business men of the
city will have to unite and form a com-
pany for their own protection.

A bunch of hunters consisting of at-
torneys Mills and Stone, Mayor Bishop,
A. D. Miller, Dick Richardson and
Archie Mason, was down the river Sun-
day. By the judicious use of about
300 rounds of ammunition they succeeded
in securing 17 ducks and three geese.
Everyone blames Dick Richardson for
their not being more successful. They
accuse him of being so fat that he could
not hide in the holes and therefore
scared the ducks away.

New Automobile Line

W. M. Hodson and C. P. True, repre-
senting the Hodson Auto Co., of Med-
ford, who are in the city today, have de-
cided to put in an automobile line from
Bray to Klamath Falls and possibly to
Crater Lake, for the accommodation of
the summer tourists.

The tourist travel for 1908 promises
to be the greatest in the history of Klamath
County. Besides the extensive ad-
vertising given this section by the Gov-
ernment project and the building of the
road, our pleasure resorts are at-
tracting national attention. The nat-
ural wonders of Crater Lake, Anna
Creek Canyon, Pelican Bay and the
Lava Beds are already known through-
out the United States. Added to this
the unsurpassed fishing of Springcreek,
Williamson river and many small
streams emptying into the Big Klamath
lake and excellent hunting, we beat
the world in inducements to the pleasure
seeker. Our only drawback has been
one of transportation, and with the es-
tablishment of a well equipped and re-
liable auto line, Klamath Falls will see
a rush of tourists never before dreamed
of.

The Hodson Company proposes putting
on three to four of the famous Buick
five-passenger touring cars. More will
be added if the business justifies it.
One car will probably be kept at Klamath
Falls for the purpose of short trips
and excursions.

WEDDING BELLS

BALDWIN-GLENN

Another popular Klamath Falls cou-
ple has forsook the state of "single
blessedness" for "wedded bliss". A very
pretty wedding occurred, at 5 o'clock
this evening at the home of Judge and
Mrs. George T. Baldwin in West Klamath
Falls, when Mr. F. Zim Baldwin
was united in marriage to Miss Luella
Glenn. The ceremony was performed
by Rev. P. Conklin, of the Methodist
church.

The affair was a very quiet one on ac-
count of the illness of the bride's mother,
only the relatives of the contracting par-
ties being present. The big double par-
lors of the Baldwin home, where the
ceremony was performed, was appropri-
ately decorated for the occasion with
Oregon grape and cut flowers. As the
time set for the ceremony approached,
the blinds were drawn and the rooms
lighted with myriads of miniature elec-
tric light bulbs of various colors. The
effect of the lights on the decorations
was beautiful. The bride was attended
by Miss Maud Baldwin, and Charles R.
Baldwin, brother of the groom acted as
best man. The wedding march was
rendered by Miss Maud Nail. Immedi-
ately following the ceremony the
guests repaired to the spacious dining
room where the wedding supper was
served, during the enjoyment of which
the happy young couple nearly forgot
their embarrassment.

The bride is the daughter of Mr. W.
A. Leonard and while she has only been
a resident of this city a few years, she
has already won her way to popularity
and has made friends among her as-
sociates. The groom is a native of
Klamath County and is one of Klamath
Falls' prosperous young business men,
being engaged in the plumbing busi-
ness. He is the youngest son of Judge
and Mrs. Geo. T. Baldwin.
Mr. Baldwin has fitted up apartments
in the Baldwin block where he will re-
side with his bride, with the best wishes
of a host of warm friends.

CARLSON-MATTISON

Alfred Carlson, of this city, and Miss
Selma Mattison, was married in Port-
land on Monday, January 20. The
bridegroom is well known here, having
been connected with the Moore sawmill
for several years. The newly married
couple will make their home in Klamath
Falls and be at home to their friends
after February 20.
