

A New Style Republican

Headquarters Pop-Dem-Socialist League, Bunkum Crossroads, Clackamas County, Oregon.

To all my yellow Republican friends and followers:

Brothers!—In issuing this circular I desire briefly to call your attention to what has been done by our League in the past, and to what we intend to do in the future, as well as to warn you of certain moves the enemy, the straight Republicans of Oregon, are attempting. After several weary years of struggle we finally bamboozled the Republicans into passing our initiative and referendum amendment to our Constitution. They didn't know that it was loaded, and thought that it was to be used in extreme cases—such as if the Legislature refused to pass some law needed and demanded by the citizens, or if the Legislature passed some vicious law against the will of the people. But we fooled 'em. By making the percentage of signatures required very low it is possible to amend the Constitution or to call the referendum on a law as it used to be to introduce a fish bill in the Legislature.

We have already passed a so called direct primary law which permits us to register as Republicans, thus getting on the inside where we can do better execution against them than we formerly could. True, this law says it is intended to "maintain party integrity," but that was only intended as a joke—on the Republicans. Then, there is Statement 1, an appendix to the law. We had to lie to get that in, but the end (busting the G. O. P.) justified the means. And look at the glorious results attained by it! Our peerless leader who in the old days tried by every turn and crook and was not able to get even "honorable mention"—on a night in Bourne, Sooner—is now United States Senator, doing his best to provide for the faithful but hungry little band of Dem-Pop-Socs in Oregon. And if you will only stay with Statement 1 we have assurance that that Prince of Hot-Air Purveyors, George Chamberlain, will be his co-laborer in this virgin field. Ponder this well, my brethren, for this is the only way it can be done. And if such a fortunate thing should happen as the election of a Democratic president we will have true friend at court, and all the Republicans will be kicked out—a thing that our Johnnythan dares not do openly as yet.

We have some very important measures coming before us at the June election, and they must pass to make our victory complete. First is the Recall. By it, if a Republican in office dares to even think contrary to our views we can make him run again by getting up a small petition against him. With this law passed the office holders will have their "ears to the ground," and as we always make the most noise, they will think that we are really "the people." Second, the amendment which forbids the legislature to change or repeal any law passed by us. This will virtually make ME and my co-workers the law making body of Oregon. See? Third, proportional representation. By this law we can knock out their beastly majority in the Legislature and are assured that our friends, the Socialists, Populists and Democrats will get some of their seats at least. It is a great scheme, and I take great credit to myself for having brought it into this Republican ridden state. Of course there are 75 or 80 other measures, but these are the ones we need. Don't forget them.

When we get these through, particularly the one which forbids the Legislature to amend or repeal our laws, we intend to pass one by which we can call the referendum on Supreme Court decisions and the veto of the governor. True, our governor at present is alright, but an accident might happen and one of the enemy be elected, and so veto some law we want.

Beware of the men who are arguing against these things. They are our hereditary enemies. They believe in everything that we do not, and in nothing that we Dem-Pop-Socialists do. Encourage any Republican who talks Statement 1; put him on the back; and jolly him all you can. He is one of our best friends, though he don't know what we have in store for him a little later.

And now let me exhort you to be firm. We must relegate such old mossbacks as H. W. Scott, Geo. H. Williams, E. L. Smith, Stephen A. Lowell, Judges Bean and Watson and others, who believe in the antiquate representative government to the junk pile, and press forward the new statesmanship under the direction of our Johnnythan Bourne, Sooner; MYSELF, George C. Harry L., Thos Green, General Jackson, of the Journal, Herr Most, Shorty Goldrainer and other Dem-Pop-Socs.

Recommend McCourt

John McCourt, of Pendleton, who was a student at Willamette University under Representative Hawley, who practiced law before Representative Ellis, as judge, who is a warm personal friend of Senator Fulton, but who is absolutely unknown to Senator Bourne, has been unanimously recommended by the Oregon delegation for United States District Attorney. His nomination is expected next Monday and if it materializes, he will be promptly confirmed.

FROM OUR EXCHANGES

(Bonanza Bulletin)
Last Saturday John Bradley purchased the store property he occupies from Willis Webber. The price paid was \$2450.

Wm. Bassett has sold his ranch six miles south of Bonanza to Mr. Bunch who arrived here a short time ago. Consideration \$5,000.

Roy I. Kilgore has sold his city property to Wm. Bassett. The price paid was \$1,500. Mr. Kilgore will erect a new residence near his flour mill as soon as he can get the material on the ground.

Lumber is being hauled on the ground for a new two-story building on North street. The lower floor will be occupied by the Bulletin printer, and the Athletic Club will use the upper story.

Mrs. Cora Dodge, of Glendale, Ore., arrived in the city Friday, and was a guest of Mrs. C. O. Clopton at the Big Springs hotel a few days. She accompanied her parents, Mr. and Mrs. Wm. Finley, to Bly Sunday, where she will visit for a short time.

A very pretty wedding occurred last Saturday evening, February 29, in the parlors of the Big Springs Hotel, in this city, when Mr. Ross W. Finley and Miss Kate A. Colahan were united in marriage. J. O. Hamaker, justice of the Peace officiating. The event was witnessed by only the relatives of the contracting parties, the ceremony being performed at 8:45 P. M.

(Merrill Record)

Ira McCall left for Bonanza this week where he will embark in the meat market business.

P. L. Fountain, real estate dealer of Klamath Falls, was in this city Wednesday.

Fred Bieh, of Klamath Falls, has bought the Lesley soda factory and moved it to that city.

Robt. Goss and family came over from Bonanza last week and Mr. Goss will be employed on the ranch of Creed McKendree.

Wm. Bassett has sold his mill, lumber and all his holdings to Mr. J. Bunch, of Coos County. Mr. Bunch will take possession immediately.

R. E. Bradbury, who for the past several months has been running the Smith dairy, is in this city looking up the matter of starting the Merrill creamery.

A. F. Clubine was arrested last Monday, and brought before Justice of the Peace A. Schorgren on a charge of selling liquor during an election. He pleaded guilty and was fined \$50.

M. D. Williams, of the Klamath County Abstract Company, is in this city engaged in surveying lines for a number of Merrill people who realize the unusual efficiency of Mr. Williams. He is being assisted by Mr. Markee.

Messrs. Courtright and Shanks, mentioned in the last issue of this paper as looking for a home, purchased this week through the real estate agency of E. E. Fitch, the Henry Turner place in the Gale district. These gentlemen are energetic and industrious citizens, and will be a desirable addition to this vicinity.

(Lakeview Examiner)

A letter from District Attorney W. J. Moore, dated at Klamath Falls, states that he will be a candidate for re-election. Mr. Moore says all the criminal matters set for the special term have been disposed of, and that he will make his family, at Ashland, a visit before returning here in a few weeks.

O. F. and Bert North, of Klamath Falls, went to North Warner this week to look at that large body of rich agricultural land that is being settled up the past few months at such a rapid rate. Mr. North is a locator, and may take part in locating Eastern homeseekers on some of this land, if he finds it as recommended to him.

A move was started for a race meeting in Lakeview during Fourth of July week. V. L. Snelling and G. H. Ayers circulated a subscription paper and secured about \$800 from the citizens, insuring purses amounting to \$1600, or more for the races. Lakeview will begin early to advertise its races this year, and there is no doubt that we will get a lot of runners here to compete for the big purses. Last year we advertised for races but Alturas advertised for races at the same time and raised their purses when several strings of horses passed through that town, and induced them to stop for the Fourth of July.

New Forest District

A new district has been created in Southern Oregon and Northern California, with headquarters at Yreka, to be known as the Mazama national forest park. The Ashland Butte reserve has been taken out of the Grants Pass district and made a part of the new Mazama forest park, which will include Crater lake.

There will be some changes in the personnel of the forest service for the county included in the new district. These changes will take effect March 15. The new district covers a wide belt in Northern California and Southern Oregon and comprises some of the finest scenic attractions of mountain, forest and lake on the coast.

One mouse-color mare with narrow white strip in face, about two years old. One bay mare colt coming two years old, has four white feet, small spot in forehead and on nose. J. C. BEACH, 2-13-19 Klamath Falls, Or.

Abuse of Referendum

A peculiar state of affairs exists in Oregon, through the invoking of the referendum by some of the granger counties in regard to the legislative appropriation for the maintenance of the State University. The funds which the legislature voted for the support of this excellent institution have been tied up by the appeal to the referendum, made by the rural counties, which are opposed to what seems to be a reasonable recognition of the state's highest school.

The Oregon State University is recognized as one of the best institutions of its class in the Northwest; it enjoys more than a local reputation. The records of the university show that its enrollment this year is in excess of four hundred students of both sexes. This is a gain of nearly one fourth over the enrollment of the year before. The appropriation for the support of this school has been \$47,500 each year; the legislature at its last session increased this sum to \$125,000.

The vote by which this appropriation was made was almost unanimous; the newspapers of the state are, almost without exception, in favor of the increase; it is said that public sentiment in the state is overwhelmingly favorable.

A few weeks after the adjournment of the legislature, some of the farmers in the Willamette Valley counties called the referendum upon this appropriation bill and the university's funds are tied up until the next general election which comes in June of this year.

There are two points emphasized by this situation. First, it shows that the referendum may be invoked to seriously injure the state; second, it emphasizes the difference between farmers—in Montana, the strongest support of higher education has come from agricultural counties.—Missoulian, Missoula, Mont.

Predictions on Election

A Klamath Falls correspondent of the Bonanza Bulletin offers the following on the political outlook:

There are now four candidates in the field for the Republican nomination for joint representative; Dr. Belknap and Dr. Coe, both of Crook County, Bratton from Lake and there is one aspirant from Grant. There are two to be elected. A candidate for the Democratic senatorial nomination has appeared—Springer of Crook. In a recent street discussion between friends of the three Republican aspirants, a Willis supporter figured that if it would be closer in this county and Crook between Willis and Holgate, with Merryman the third in position, and he gave Lake to Willis by a good lead over both the others. A Merryman advocate believed that it will be Merryman, then Holgate, then Willis in this county, with a close vote between Merryman and Holgate in Crook. Willis much in the rear, while in Lake it would scale Merryman, Willis and Holgate third.

The Holgate backer asserted that Holgate would lead Merryman, and Merryman, Willis in this county, that Crook would give Holgate a good lead over Merryman with Willis not figuring there greatly, and in Lake Willis would be in the lead and Merryman next, but with a small vote cast in the primaries the margin between the three candidates there will not be large. It is generally conceded that in this county the three will fare about equally at Klamath Falls. Willis will be in the lead at Fort Klamath and Merryman at Keno, with Holgate and Merryman breaking even and Willis third at Merrill, while Holgate should have Bonanza, Dairy and Langel Valley about sold, and probably Bly. This estimate gives Holgate an advantage in this county. It is a pretty race.

Salt Stock to Protect Ranges

A Forestry Department bulletin says: The requirement that all cattle, horses and sheep grazing under permit on the National forests be given salt at frequent intervals is a regulation which has been found to go a long way in protecting the range and conserving the forage crop. Experience has shown that the want of salt makes stock restless. If cattle and horses are not supplied as they need it, they roam and wander, haunting old salting grounds used in previous seasons, trampling the forage plants instead of eating them, pawing the ground, and in other ways injuring the range. But if their cravings are supplied they scatter peacefully over the pasture grounds and feed at their leisure. Salt is so necessary to the easy and profitable handling of sheep on the range that no flockmaster would think of getting along without it. If sheep do not receive their usual supply it is only with great difficulty that they can be held in bounds or kept in camp at night. So far as sheep are concerned, no regulation by law is really necessary, because the owners, for their own convenience, will salt their flocks. But cattle are not herded, and the owners might neglect to salt them if the regulations were not strictly enforced. Stock on different ranges require varying quantities of salt. Sheep need less on dry range than on green. An average quantity for 1000 head of sheep would be from 1000 to 1500 pounds each year. For a like number of cattle, from 5000 to 10,000 pounds a year is required. Horses need less than cattle.
