Superintendent W. F. Arant, of Cra-  
ter Lake Park, is purchasing supplies  
and material for the few improvements  
that will be made on the park this year.  
He has about \$1100 left over from last  
year's appropriation which will pur-  
chase most of the supplies and material.  
The improvements will not be very ex-  
tensive.

Geo. R. Hurn has begun the work of  
moving his store building. Men are en-  
gaged in moving everything that is in  
the road to getting the rollers under the  
building.

Most excellent progress is being made  
on the foundation for the new Court  
House, and it is expected that the end  
of the week will see the stone work com-  
pleted. There will be a six foot brick  
wall on top of the stone to complete the  
basement, and the laying of brick will  
be commenced next week. Judge Daly  
is highly pleased with the manner in  
which the work is being conducted under  
the supervision of W. A. Wingate, Ex-  
aminer.

Will Mason will be in from his home-  
stead in a few days. His home is in the  
pine belt North of Bly.

### CITY BRIEFS.

See Ady for marsh lands.  
Mrs. Abel Ady and children went to  
Teeters Landing Friday to remain  
for an indefinite period. Mrs. Ady is  
going to take charge of the hotel at that  
place.

A. J. Baatz and family came in  
on the boat Wednesday from Oakland,  
Cal., and will remain here if they find  
conditions satisfactory.

J. A. Houston is getting his hotel in  
shape so that he will soon be able to  
open his dining room. The place will  
be neat and modern throughout.

Mrs. Harry Stilt is enjoying a visit  
from her sister, Mrs. Bessie Parmort,  
who arrived here from Los Angeles last  
night.

Geo. H. Woodbury has returned from  
an extended visit at Portland.

Small tracts of well located tule marsh  
lands offered for one week at \$20 per  
acre. Abel Ady.

E. B. Ramsby received a telegram  
Wednesday evening stating that his father,  
who resides at Portland, had  
suffered a stroke of paralysis and that  
that there was little hope for his re-  
covery.

J. W. Reed, of Oakesdale, Wash., is  
here looking over the country with a  
view to investing in farming lands. His  
home is in the centre of Washington's  
big farming belt. Mr. Reed is an uncle  
of Thad McHatten.

The government says that Contin-  
ental whiskey, Water Mill whiskey, Nor-  
mandie Rye and F. V. Rye is pure  
for it is put up under its supervision in  
bonded warehouses. Sold by C. D.  
Willson.

A. Helming & Co. for merchants  
pays highest cash prices for all kinds of  
hides and furs. Headquarters American  
Hotel.

Parties fishing at Link river are bring-  
ing in large catches every day. The  
trout are biting exceptionally well, but  
the fish are not as good as they were  
when the water was colder. There is  
no close season for fishing and conse-  
quently all who want to fish can do so  
without fear from the law.

Deputy Game Warden, Mont E.  
Hutchison has been advised that  
Messrs. Bohman and Finley, representa-  
tives of the American School of  
Natural History, would spend the greater  
part of the summer in Klamath  
County gathering information and data.  
They will arrive here in July or August  
and will put in several weeks on the  
lakes.

It is not likely that anything will be  
done this year on the marsh land ex-  
periment station. The railroad embank-  
ment is completed to a point where it  
can be used as a levee for the reclaim-  
ing of the land leased the government as  
an experimental farm by Abel Ady.  
This land was leased a year ago, but up  
to this time nothing has been done to  
reclaim it so that experiments might be  
in progress. The season is now too far  
advanced to carry on any experiments  
even should the land be reclaimed this  
summer. Since the completion of the  
railroad dike it will take very little  
levee work to enclose the farm.

The Police Court has contributed in  
round numbers about \$1200 to the city  
exchequer in the past two years, or  
since A. L. Leavitt went into office.  
The police Judge draws a salary of \$400  
per annum, and it will be noticed that  
in the two years the fines collected ag-  
gregated approximately \$400 in excess of  
the salary paid. Judge Leavitt states  
that there has been practically no busi-  
ness in his court for the past two  
months.

Parties coming in from Lakeview say  
the town needs an electric power plant.  
At present the town is without lights  
and power will be needed to operate the  
new mill being constructed. The old  
electric plant, located at New Pine  
Creek, was destroyed by fire last fall  
and has never been rebuilt. Lakeview  
is in darkness save for lamps and can-  
dles.

Chas. Pattee of Bonanza was a comely  
seat visitor today.

Mrs. C. E. Meldrum has gone to Port-  
land for an extended visit.

Board by the week \$4.00 at Willson's  
Cafe.

Carpenters have finished putting a  
new front in the Monarch saloon build-  
ing.

MASON & SLOUGH.

Geo. Biehn and wife left for San Fran-  
cisco Saturday. They went to see  
the fleet come in.

I. D. Ross, of Poe Valley, was in the  
city Saturday on business.

Do not buy blended whiskey. When  
you want pure whiskey see that it is  
put up under the government's "bonded  
warehouse stamp," as is the Contin-  
ental whiskey, Water Mill whiskey, Nor-  
mandie rye and F. V. rye. Sold by  
C. D. Willson.

Lime in any quantities. Inquire of  
C. D. Willson.

F. W. Ritchie, who was formerly  
located at Merrill, is now in this city  
and is employed in the O. K. barber  
shop. He spent the winter in Port-  
land.

The band dance Friday was largely  
attended and all who were there had a  
very pleasant time. The dances of the  
band are becoming very popular.

The pupils of the Seventh and Eighth  
grades chaperoned by Prof. R. H. Dun-  
bar were out on a picnic today near the  
McCormick place. The crowd walked to  
the grounds this morning.

Bert Kendall, foreman in the Republic-  
an office, and R. R. Allen, of the Herald  
force, left Sunday morning for San  
Francisco. The former will be gone for  
several weeks and the latter expects to  
return in about a week.

Barge Mason came in from his home-  
stead Friday to get a load of provi-  
sions. His claim is situated North of  
Bly and is one of those in conflict with  
the so-called "sooners." He will re-  
turn to the woods the first of next week.

Born—To Mr. and Mrs. Henry Hall,  
on April 16, in Alaska, a son. The moth-  
er was formerly Miss Elva Galloway,  
a teacher in the public schools of this  
city.

G. H. Meiss found an old man, in very  
destitute condition in the Meiss & Arm-  
and barn last Saturday. The man was  
a stranger in this section. The authori-  
ties were notified and he was at once  
taken to the county poor farm.

Carl Wright returned Sunday from  
Seattle where he had been for several  
months receiving treatment for his in-  
jured knee. He has completely recover-  
ed from the injury.

Parties coming in from Dorris says  
that Railroad Day will be a grand suc-  
cess. Horse racing will be one of the  
most prominent features. There are  
already eight horses on the ground and  
several more are expected within a few  
days.

J. L. Bateman has purchased a six  
horse freight team from R. E. Hon-  
saker and will put the team on the road  
at once for the McIntire Transportation  
Co. Mr. Bateman will haul from Po-  
kegama for a time and will then trans-  
fer to the Dorris route.

Friday afternoon the High School  
baseball team played the Klamath Stars  
at the Agency and was defeated by a  
score of 15 to 11. This morning they  
played a team made up of the Agency  
employees and in the eighth inning the  
score stood 11 and 1. The game was won  
by the Agency team. This afternoon  
the High School and the Stars are play-  
ing another game.

Mayor B. St. George Bishop is making  
arrangements for an extended camping  
trip through Lake County. He will  
leave here sometime in June and will  
be gone a month or six weeks. He expects  
to visit all sections of the county to be-  
come acquainted with the lands of that  
section. It is his intention to acquire  
lands if he finds anything that is satis-  
factory.

Lakeview's new flouring mill will be  
completed by the first of September, in  
time to handle this year's crop. Last  
year Lake County suffered from a flour  
famine and the new mill was put up to  
prevent a recurrence of the shortage  
in the flour supply. It has encouraged  
the farmers and the acreage of wheat is  
much larger this year than it has been  
for several years.

A big crew of men are shearing with  
the blades at the Warner canyon shear-  
ing corral. Si Henderson's band of  
3200 were sheared there first of the week.  
The clip is said to be exceptionally good  
this spring, partly owing to the absence  
of scab among the sheep and partly be-  
cause the range was good all winter and  
the sheep kept fat. The price of wool  
is not so good as last year. Fifteen  
cents and possibly a little better is talk-  
ed of.—Examiner.

### Quits Retailing Beer

Tomorrow is the last day on which  
beer will be sold at retail at the brewery.  
A. Castel, the proprietor, will devote  
his entire time to supplying the whole-  
sale trade. In addition to the keg beer  
he will put out bottle beer for the whole-  
sale trade. The capacity of the brewery  
will be enlarged so that larger quantities  
of beer can be manufactured.

E. R. C. Williams was in the city to at-  
tend the meeting of the directors of the  
Water Users' Association Saturday.  
He says in the Upper Project about  
3000 acres of land have been signed up,  
in the past month. He says that as  
soon as certain deals for lands are closed  
the acreage will be increased. They  
have been making an active campaign  
in that section to get landowners to  
sign up.

The High School base ball team lost  
the last game to the Indians by a score  
of 17 to 8. The boys returned home  
Sunday feeling that they had been wag-  
ing a losing battle. The season has only  
just begun and the team may yet redeem  
itself.
