### CITY BRIEFS.

See Ady for marsh lands.  
Mrs. Pro, a recent arrival from Med-  
ford who resides in the north part of  
this city, is reported very ill and her re-  
covery is very doubtful.

W. C. Davenport has purchased the  
E. H. DuFault place on Third street  
near the Albridge cottages.

The High School base ball team goes  
to Dorris this week to play the team at  
that place.

John Thurman, a brother of Mrs.  
Wm. Whitlock, is here from Silverton,  
Oregon, visiting with relatives.

J. C. North, a son of W. H. North, ar-  
rived in the city last night with his father  
who has been at San Francisco to  
see the fleet. This is the former's first  
visit to this city and he has just re-  
turned from the Philippine Islands  
where he has been for the past two  
years with Battery "D" of the Fifth  
Field Artillery. He is home on three  
month's furlough.

Small tracts of well located tule marsh  
lands offered for one week at \$20 per  
acre. Abel Adv.

Mrs. M. G. Wilkins will leave shortly  
for Seattle where she will spend the  
Summer. Her health has been very bad  
during the entire Winter and she goes to  
the Sound country in the hope of im-  
proving her health.

J. P. Bonham and J. B. Hulse have  
gone to Dorris to remain until after the  
big celebration. The former went down  
to sell Edison phonographs and the lat-  
ter to open a photograph gallery for a  
few weeks.

The Mong Co. feel quite good over  
the treatment received in Lakview.  
They played to a crowded house every  
night and the people of that town  
showed them a splendid time. They  
were pleased with the trip and it was  
a success both from a business and plea-  
sure standpoint.

Mrs. D. E. Wynkoop, is recovering  
from a severe sick spell.

The government says that Continen-  
tal whiskey, Water Mill whiskey, Nor-  
mandie Rye and F. F. V. Rye is pure  
for it is put up under its supervision in  
bonded warehouses. Sold by C. D.  
Wilson.

Maney Brothers & Company, the con-  
tractors on the South Branch canal, are  
now on the ground with their outfit, hav-  
ing arrived on Saturday. There  
are seventy-five teams in the outfit and  
a large force of men. The outfit was  
brought in overland from Nevada where  
the company has a large contract on the  
Western Pacific.

O. F. North, has returned from San  
Francisco where he went to see the fleet.  
J. H. Driscoll and Oda Cravens are in  
the city from Bonanza.

Mr. and Mrs. W. A. Wright have re-  
turned from a trip to Seattle and San  
Francisco.

F. T. Sanderson and family have re-  
turned from San Francisco where they  
went to see the fleet.

Babe Taylor is here from Ashland  
visiting with his brother, Clay W.

Klamath Falls will send a large dele-  
gation to Dorris on the 14th and 15th  
to attend the big celebration. It will be  
a very good idea for most of those who  
are going to take a roll of blankets for  
there will not be accommodations for  
the large crowd that will attend the  
races and celebration.

Frank Ira White leaves for Portland  
in the morning to attend to business  
matters for several days. While there  
he will receive the Klamath float from  
the builders as a representative of the  
Chamber of Commerce committee hav-  
ing this matter in charge. He will also  
attend the Republican state convention  
to which he will have the proxy of  
Judge L. F. Willits, who was selected as  
delegate from this city.

Registration for the general election  
closes on the 15th, and up to date there  
are 748 voters registered in Linkville  
precinct. This is enough to make three  
precincts and at the proper time this  
Fall the County Court will make the di-  
vision. The total registration of the  
county will be approximately 1600. All  
of those who have not registered should  
do so, before Friday.

PASTURE--1500 acres of pasture  
for rent at Meadow Lake. Excellent  
mixed grass; abundance of water; good  
fence; reasonable terms, depending on  
number of stock and time. Enquire of  
E. I. Applegate, Klamath Falls, or of  
Fred Applegate, Meadow Lake, 5-71f.

Reports from the mines at New Pine  
Creek are to the effect that a great  
amount of development work will be  
done this Summer. Eastern capitalists  
are taking hold of some of the properties  
and development work will be carried  
on this season on a scale far more ex-  
tensive than during the time since the  
prospects were discovered.

The famous Nettleton shoe, for men,  
are to be found at the Boston Store,  
which has the exclusive agency for  
them. The Nettleton shoe for grace,  
comfort and ease is no equal; for  
wearing quite a long time cannot be sur-  
passed.

Judge Willits spent Sunday at his  
Midland ranch. He says that crops are  
looking fine in that section and that the  
frosts did no damage to the fruit trees  
in that vicinity.

Several small breaks have occurred in  
the banks of the main canal the past  
few days causing more or less trouble.  
It seems that in places the banks did  
not settle and the water soaked through  
making a leak that is hard to repair.  
Squirrel holes are also causing leaks in  
a number of places. When the banks  
become covered with a growth of vege-  
tation these breaks will become less  
frequent.

Board by the week \$4.00 at Wilson's  
Cafe.

Several large loads of lumber have  
been hauled out to Maney Brothers &  
Company's camp. All hands are busy  
establishing quarters for the Summer.  
The first work on the ditch will probably  
be done tomorrow. The contractors did  
not bring in a full crew with them, but  
will employ a number of men as soon as  
they get the actual construction work  
started.

Two new Cypress incubators and  
brooders for sale. Best on earth.  
T. W. Stephens.

W. C. Davenport and family visited  
at Keno Sunday.

PASTURE for all kinds of stock.  
Stock taken about April 4. Cows taken  
out mornings and brought in evenings.  
Address R. L. RIDDLE, Klamath  
Falls. 4-24-30\*

Several large shipments of freight  
have been brought in from Dorris the  
past few days. Pending the erection of  
a depot and a warehouse the freight is  
loaded from the cars onto wagons and is  
brought on to this city. Most of the  
shipments that have arrived over the  
new route were brought in by the Klamath  
Falls Transportation Co.

Before adjourning the County Court  
decided to readvertise for bids for the  
bridge across Lost river at the Upper  
Gap. If a satisfactory bid is received the  
bridge will be built this Summer.

Considerable freight is still coming  
via Pokeyama. Two carsloads were  
landed there today. The McIntire Com-  
pany will maintain offices there for at  
least two months longer.

The question of prohibition under the  
local option law will be submitted to the  
voters of Lake county at the June elec-  
tion. The question will be voted on by  
the county as a whole and also by a  
combination of precincts in the north  
end of the county.

W. B. Chance, of Albany, Oregon,  
deputy commissioner and inspector of  
factories, was thrown from a horse  
last Saturday near Bonanza and sustained  
a number of slight injuries and bruises.  
He was riding through the timber  
on his way to inspect the Hamaker saw-  
mill when the accident occurred. His  
foot caught in the stirrup and he was  
dragged a considerable distance and had  
it not been that his shoe pulled off he  
might have received serious injuries.

E. P. Morgan has returned from Cali-  
fornia where he has been for several  
weeks on an important real estate deal  
at Roseville. He is now making arrange-  
ments to open his office in the building  
near the Hurn hardware store. While  
at Oakland he purchased his office fur-  
niture and it will arrive here within a  
few days.

## The Vital Parts of a Studebaker Are Made Just Right

The vital parts--and every part of the  
Studebaker wagon--are made just right!  
That's why the Studebaker is the most eco-  
nomical--costs you less per year.  
They last longer--so the original cost is less  
per year.  
They need fewer repairs--so the repair cost is less  
per year--not to mention saving in time.  
They are lighter draft--so they cost you less in  
horse flesh.  
Horses cost more than wagons; light draft saves  
horses.  
Studebaker wagons run more easily than others be-  
cause each wheel is perfectly proportioned, with the box  
of the hub set in the exact center.  
The skein is so set that the wheel runs straight  
ahead under a load and cannot rub, bind or grind  
on the skein.  
Studebaker hubs never hug either nut or collar.  
That's another reason why the Studebaker is of  
such wonderfully light draft.  
It makes hard loads easy for horses.

And it stands up under hard loads.  
The Studebaker has a carrying capacity at  
least 40% greater than that of the ordinary  
wagon--  
Because skein, axle, spoke, hub and tire are  
made just right.  
The skeins have a transverse strength 25% greater  
than that required by the United States Government.  
The axles are 1/4 inch deeper than others, and are  
made from selected butt-cut Black Hickory, air-dried  
from 3 to 5 years.  
The hubs are extra large in diameter--made from  
the best procurable wood.  
The famous Studebaker slope-shoulder spokes carry  
the largest amount of wood into the hub, and are strong-  
est where others are weakest.  
The tires are cold-set, and are perfectly fitted to  
each wheel so that there is no such thing as a quickly  
loosening Studebaker tire.  
No wonder the largest and best equipped vehicle  
factory in the world is required to meet the demand  
for the Studebaker.  
We are proud to sell the  
Studebaker. See us.

### First Asparagus of Season

Last year J. D. Carroll estab-  
lished a reputation as a truck farmer,  
and the way he has started out this  
spring is a strong indication that he  
will maintain the reputation--this sea-  
son. Friday he brought into town  
the first asparagus of the season and  
Van Riper Bros., the grocers, at once  
made a contract for all of the vegetables  
that he would have for sale this year.  
Mr. Carroll has successfully demon-  
strated that there is nothing to the  
story that this county will not produce  
vegetables, and he has gone farther  
than this, he has proven by actual pro-  
duction that the country is especially  
adapted to the growing of all kinds of  
vegetables and that in time this section  
will have many people engaged in truck  
farming.

T. E. Smith and wife, who have been  
here since last October, left here this  
morning going to Portland where they  
will reside.

### Grand Ball at Keno

The Keno Band will give a grand  
ball at Keno Friday evening, May 22. It  
will be the best of all and you must not  
miss it. WAIT! WATCH!! LISTEN!!!

The report became current that W. O.  
Huson and H. D. Foster had not yet been  
found. Wednesday they arrived at  
Odessa safe and sound and Mr. Huson  
is now on his way home in another  
launch.
