 T. W. Stephens went to Fort Klamath
 Tuesday.

One and one-third fare Dorris to Portland
 and return, return limited to June 10.

C. T. Oliver was attending to business
 matters at Merrill Tuesday.

Born, in this city, Saturday, May 23
 to Mr. and Mrs. J. D. Church, a son.

Frank Morine was in the city Tuesday
 on his way from San Francisco to his
 home at Bonanza.

One and one-third fare Dorris to Port-
 land and return, limited to June 10th.

Small tracts of well-located tule marsh
 lands offered for one week at \$20 per
 acre. Abel Adv.

Born, in Swan Lake valley, to Mr.
 and Mrs. A. E. Bensing, a daughter,
 the stork having called Friday, May 22.

George McIntire, who is now
 stationed at Dorris, is in the city today.
 He reports the new town quite lively.

A large number of the candidates
 went down to the railroad dredge yester-
 day to interview the voters who are em-
 ployed there.

Leo S. Robinson, who is interested in
 Klamath swamp lands, arrived in the
 city Tuesday from Alameda to look
 after his interests.

One and one-third fare Dorris to Port-
 land and return, limited to June 10th.

Reports from all parts of the county
 are to the effect that the recent rains
 have made the conditions very favorable
 for an average crop.

L. L. Griffin, Jim Boyd, Mrs. C. Lun-
 dy and Q. N. Anderson were in the city
 from Bly on timber business. Mrs.
 Lundy has a contest on her homestead.

The government says that Continental
 whiskey, Water Mill whiskey, Nor-
 mandie Rye and F. F. V. Rye is pure
 for it is put up under its supervision in
 bonded warehouses. Sold by C. D.
 Willson.

W. H. Shook came in from the ranch
 last Sunday for a few days in town.
 He says that the recent rains have caused
 a remarkable change in the crop pros-
 pects and that vegetation of all kinds is
 doing exceptionally well at this time.

Fruit inspector O. A. Stearns says
 that late varieties of fruit were not in-
 jured by the frosts, and that there will
 be some apples, pears, plums and
 cherries. The berry crop was not injured
 and unless weather conditions should
 prove unfavorable from now on there
 will be a good crop.

Board by the week \$4.00 at Willson's
 Cafe.

 Fred Applegate, Meadow Lake. 5-7tf

Buena Vista water front presented an
 exceedingly nautical appearance with
 the steamers Hornet, Winema, White
 Ciada and Mazama, together with the
 big house boat, Lady Vera, all docked at
 the same time. The launches Buena
 Vista and Hazeldine with three lighter
 and seven small boats were also anchor-
 ed at the same time.

William Wight was severely injur-
 ed at his ranch near Dairy last Wednesday
 by being kicked by a horse. In an un-
 conscious condition he fell under a colt
 where he lay for some time and was
 trampled until a number of his ribs were
 broken and he was severely bruised.
 He is at this time on the road to recovery
 but is still in a precarious condition.

W. H. Heleman, of the Reclamation
 Service, reports 3.6 of an inch of rainfall
 during the past week. He states that
 this has moistened the soil pretty thor-
 oughly but that the crops on the dry
 land are not as far along as they usually
 are at this time of the year. Warm
 weather for a few days will make a vast
 difference in the appearance of the fields.

The lawyers in the famous 37 10 case
 expect to finish taking the testimony to-
 night and the next round in the fight
 will come off at Lakeview beginning on
 next Monday. This case is one of the
 most important, if not the most impor-
 tant that has ever come up in this land
 district. More persons and more val-
 uable lands are involved than in any
 case that has been tried. It has also
 been in litigation longer than any other
 case now pending before the Department
 from this section.

Bonanza Bulletin Items

Chas. Pattee is getting material on
 the ground for his new stone and brick
 business block.

Henry Vinson and family arrived Fri-
 day from Medford and will remain this
 summer upon their ranch in Langell
 valley.

Fred McKendree returned Sunday
 from Dorris where he had been to place
 a bid for furnishing butter for the rail-
 road construction crews.

The crew working on the electric line
 between this place and Klamath Falls
 moved here Sunday and state that they
 will have the poles set by the first of
 June.

H. Kimble, of Klamath Falls, repre-
 senting Moore Bros. was in the city a
 couple of days the first of the week mak-
 ing arrangements for wiring the business
 houses and residences of the city. His
 prices are exceedingly high for each light
 he states will cost something like \$3.
 It may be all right but it looks like graft
 as that is considered high as to what
 the prices were in Klamath Falls when
 the lights were first installed in that
 city about 12 years ago when things
 were considerably higher than now.

The Vital Parts of a Studebaker Are Made Just Right

The vital parts—and every part of the Studebaker wagon—are made just right! That's why the Studebaker is the most economical—costs you less per year. They last longer—so the original cost is less per year. They need fewer repairs—so the repair cost is less per year—not to mention saving in time. They are lighter draft—so they cost you less in horse feed. Horses cost more than wagons; light draft—saves horses. Studebaker wagons run more easily than others because each wheel is perfectly proportioned, with the box of the hub set in the exact center. The skin is so set that the wheel runs straight ahead under a load and cannot rub, bind or grind on the skin. Studebaker hubs never hug either nut or collar. That's another reason why the Studebaker is of such wonderfully light draft. It makes hard loads easy for horses. And it stands up under hard loads. The Studebaker has a carrying capacity at least 40% greater than that of the ordinary wagon— Because skein, axle, spoke, hub and tire are made just right. The skeins have a transverse strength 25% greater than that required by the United States Government. The axles are 3/4 inch deeper than others, and are made from selected butt-cut Black Hickory, and stand from 3 to 5 years. The hubs are extra large in diameter—made into the best procurable wood. The famous Studebaker slope-shoulder spokes carry the largest amount of wood into the hub, and are stronger where others are weakest. The tires are cold-set, and are perfectly fitted to each wheel so that there is no such thing as a quickly loosening Studebaker Tire. No wonder the largest and best equipped vehicle factory in the world is required to meet the demand for the Studebaker. We are proud to sell the Studebaker. See us.

Dredge Now at Work

Again the construction of the railroad dike across the marsh is in progress. W. H. Kent, who has charge of the work, in the city Saturday. He says the machine that had been temporarily laid off for repairs has been moving dirt for several days, and that within five or six days the new dredge will be ready to start in on the job. The large has been completed for several days and most of the machinery is already in place so that it will be but a few days until it will also be ready to start moving dirt. This will mean that the work will be vigorously prosecuted and that by this fall the entire dike should be built.

Parker & Taylor have received the machinery for their boat for the Wood river traffic. As soon as it is installed Where can I buy Sherwin-Williams Paint? at BALDWIN'S HARDWARE STORE

Brighten up with Sherwin-Williams Paint. Sold by the Baldwin Hdw. Co.

The pupils of the High School will give a literary and musical program at the High School building next Friday night at 8:30. Admission will be 25 cents.

A. G. Duhme came in from Lakeview Monday and will spend several days in this section investigating the timber situation. He is also planning a bear hunt and has six Airedale dogs coming in tonight which are trained for such expeditions.

Superintendent H. G. Wilson, of the Klamath Indian Reservation, arrived in the city Monday from various points along the main line of the Southern Pacific, where he has been for the past month looking up Indian lands. He states that it will be necessary for him to return there in a few months to complete the work. He was accompanied by Mrs. Wilson and left for the agency Tuesday.
