Land Owners, Attention!

Some Eastern parties, who desire to locate in Klamath County, have requested us to submit prices and terms of good land, in tracts of 80 to 320 acres.

The prices must be inducements to get actual settlers, who will build homes and improve the land, which is the only thing to do to build up the country and establish substantial values.

We will be pleased to have the owners of land call at our office, just opposite the Masonic Hall, and get acquainted, and see if we cannot co-operate to mutual advantage.

CAREY ACT LANDSALE

15,000 acres of land, in the State of Idaho, lying along the Snake River and on the main line of the O. S. L. railroad, between the towns of King Hill and Glenns Ferry, will be opened for settlement October 12, 1908. The sale of the land will be under the supervision of the State Land Board of Idaho. The tract lies in a cove, surrounded by 1000 to 1500 foot elevations. The soil is unsurpassed for fruit culture and there is an abundant surplus of water. The land is opened under the Carey Act, protecting the purchaser and assuring the water rights. Money deposited on locations not found desirable will be refunded.

GRAND OPENING ON OCTOBER THE TWELFTH

The drawing of locations will be held at King Hill, where all conveniences have been arranged in the way of sleeping, eating and other accommodations. Tourist sleepers will be sidetracked for those who wish to occupy them. This is the most promising opportunity for homeseekers ever offered in the State of Idaho.

REDUCED RAILROAD RATES

Ask your station agent for rates and full particulars as to location. For literature and full information about the land, write to

HIGH RANCH SALE.
It has been only a few days since the definite announcement was made that the Secretary of the Interior had ordered work commenced on the construction of the Clear Lake dam in the Upper project. This announcement has already had a good effect on the prospects of the land owners in that section and many big deals are being negotiated, some of which have already been consummated.

One of the largest land deals in the Upper project which has been made since the announcement of the Secretary of the Interior, was the sale of the Horton ranch on Lost river. This ranch, consisting of 1500 acres, has been purchased by W. W. Masten, of Imperial valley, Cal. Consideration was approximately \$35,000. Mr. Masten is the gentleman who recently purchased the big Summers ranch a few miles south of the city.

Five hundred acres of the Horton ranch is already in cultivation, most of it in meadow land. The remaining thousand acres, which is mainly sage brush, will be cleared this fall, and the entire tract will be planted to grain in the spring. It is Mr. Masten's intention, as soon as the water is ready for the land, to put in alfalfa and divide the ranch in small tracts for sale. The Horton ranch is considered one of the best large tracts in the upper country and has nearly six miles of water front along Lost river.

Another important deal in the Upper country made this week was the sale of the L. D. Burk place to S. W. Reese, of Pasadena. This ranch consists of 320 acres and adjoins the town of Bonanza. The price paid was \$8000.

John Hedger sold his place near Bonanza to W. L. Fairfield, the consideration being \$4000 for 160 acres. H. L. Holgate who was in the city from Bonanza Tuesday says there is a decided improvement in that section and that a number of other deals of importance way be consummated shortly.

P. O. Parsons, another Imperial valley man, has purchased several business lots in the town of Bonanza on which he will erect a handsome business block this fall. Bonanza has taken on new life since the definite announcement as to work on the Clear Lake dam and there has already been considerable property changing hands, besides several other deals which will be closed in the near future.

Glen Andrews, railroad editor of the Chicago Record-Herald, arrived in the city Monday accompanied by H. R. Gallagher, manager of the California Butte Valley Land Co., and by C. J. Grady, a wealthy druggist of Chicago. Mr. Andrews came to the Butte valley to visit his son who is station agent at Macdoel, but while here will visit the Upper lake resorts and will likely call upon Mr. Harriman, he being practically the only newspaper man who has ever succeeded in getting him to talk for publication. While here he will also gather material for a good Klamath story in the Chicago paper and in this he is being assisted by the directors of the Chamber of Commerce.

Rev. P. Conklin and family and Mr. Danner and family have returned from a trip to the huckleberry patch. They report berries very plentiful and say that large quantities will be left for the bears when the campers have picked all they want. Mrs. Danner found that some one had got away with about twenty four of her chickens while she was away from home.

T. A. K. Fassett, the local agent of the Southern Pacific, states that a new rate has been made on wool in the grease from Dorris to Boston, New York and common points, via the Sunset Gulf route. The rate is \$2.07 1/2 and it should have a tendency to bring much of the wool of Lake and Klamath counties to the terminus of the California Northwestern.

Mr. and Mrs. Tom Godfrey arrived in the city this evening in their automobile. They will be remembered by the residents of this city as the show people who were here several years ago. Mr. Godfrey having at that time made a balloon ascension. They will show in this city at the opera house next Thursday, Friday and Saturday nights.

Mrs. E. H. Harriman, daughter Miss Carol, and son Roland, together with a number of the other guests at Pellean Bay went to Crater lake Friday and remained over night at the Steel camp. They made the trip in an automobile.

PUSHING THE DITCH WORK.
E. W. Smith, who has had his force at work on the Doak ranch for the past few weeks, has completed the ditch and canal which will divert the waters of Rock creek and will irrigate a portion of the ranch, and he has moved his outfit to the South Branch canal where he will begin work at once on the W. H. Mason contract.

The establishment of the new camps, together with the camps of Maney Bros. & Co., and Campbell & Huffman, the same contractors,
