SCHOOL SUPPLIES

Whatever we do, we do thoroughly. Of course, our business is Drugs and Medicines, but Stationery has become a recognized line in the drug trade, so naturally in connection with our large stock of stationery we should carry a large stock of SCHOOL SUPPLIES.

Whatever is new—whatever is standard—whatever is authorized—whatever is going to be recognized in an educational way will always be found in our store, which we pride ourselves on being right up-to-date, complete and constantly kept so.

HARD WINTER FOR STOCKMEN.

It is predicted that the coming winter will be a hard one on the stockmen of this section. Hay is not as plentiful as in preceding years and it is stated that the indications are for a hard winter, with plenty of snow. The farmers in the southern part of the Klamath Basin, who have not sold their hay, have put a price of \$8 on it and say that they will not sell for less.

The stockmen, on the other hand, say that they cannot afford to pay \$8 for hay and if they cannot buy for less, will have to sell their cattle, as they will lose money feeding with hay at that price.
