NEWS FROM KENO.

The Keno school has selected Albert Jones for their reporter. We want to make a good showing in this school contest.

The Keno school has a new football and it is greatly enjoyed by all.

A reception to the parents and friends of the Keno school was given on Friday October 30th.

Mr. Kimball, the forest man, passed through here Thursday the 29th.

The steamboat Canby made a business trip to Keno Wednesday.

Adam's wood haulers have gone to Klamath Falls to move a dredger to Upper Klamath Lake. They will be back in a couple of weeks.

Henry Straw spent a few days in Keno last week.

Supt. Swan visited our school on Tuesday.

Miss Pitney attended institute at Klamath Falls last week.

Ray Lamb, while going home yesterday, was thrown from his horse and had his hip dislocated.

Mrs. Smith, Mrs. Bristow and Miss Skeel visited the Falls this week.

McCormick's power house started up last week.

Mr. Nelson has stopped cutting wood for the winter.

The S. P. R. R. is progressing very rapidly. The people of Worden expect it to reach their town in about tendays.

The Keno school held a reception last Saturday evening at the Padgett hall. Miss Pitney, the teacher, delivered the welcoming address. Instrumental music by Miss Ruth Doten and Miss Steel, the blind lady. Professor Swan, from Klamath Falls, delivered an address on "Our Public Schools," which was interesting and well received by the audience. After the address the audience partook of some refreshments which the teacher had prepared for the occasion. Then the young folks engaged in games until late in the evening.

Al Smith, from Yreka, is visiting his brother, H. L. Smith, the blind man.

Charles Snowgoose has gone to Ashland to visit relatives.

Thomas McCormick has started up the electric light plant and now Keno has light at night.

BONANZA BULLETIN ITEMS.

E. H. Burnham, of Langell Valley, was in the city last night and contemplates attending our school this winter with his brother Hall.

Geo. Dumm on last Monday staked out an acre in the Shook addition and hauled the lumber to commence the erection of a home. He will move his family to town so his children can attend school.

W. R. Wood of Portland, traveling for the J. I. Case Co., made the Bulletin office a pleasant call Tuesday. Mr. Wood is one of the believers in the brilliant future of this section and has invested in some town lots, and a fine quarter section of land near Bonanza.

Since last Saturday the Indians of the reservation have been coming into Bonanza until at present there are about one hundred camped just across the river from this city. They are buying quite a lot of supplies from our merchants and are freely spending the fifty dollars per head recently given them by a paternal old Uncle Sam—some of them wisely, others otherwise.

S. C. Graves writes from Odell as follows: There are a few surveyors here but they are going out as soon as the storm is over. They have been trying to get another line from Lake Odell to Beaver marsh and cut out the line from here to Eugene. They claim it is hard to find a good pass over the mountains. They are Harriman men. They have been having trouble in getting word from their boss in San Francisco and they think it is high time to get out of the snow.

NEWS FROM LORELLA.

Mr.Haynes is erecting a new building on his place.

W. R. Campbell took a load of hogs to Klamath Falls Monday.

Alie Vinson is building a reservoir on his place.

Douglass Bussey and Horace Shidler were absent from school Monday.

Mr. Wildey is now on his homestead.

H. G. Bussey took a load of hogs to Bonanza Monday.

The farmers are now plowing and sowing their crops.

Mr. Shidler is building a new residence for Ben Abbeloos.

Mrs. Ella Louis is up from the Falls visiting her sister.

Louis Gerber started a drove of beef cattle to the railroad a few days ago.

William Deal is down from the Grohs ranch after a load of potatoes.

The agent for the Home Comfort stove is in the valley delivering stoves

Miss Welch who has been attending the teachers Institute, returned Sunday.

Mr.Tull and family passed through the valley this week on their way to Rogue River.

Mr. Campbell, Ferd Williams and Frank Bryant were out deer hunting last week.

Mr. Snow and Mr. McComb are hauling lumber for the former's new barn.

Alf. Duncan and Harold Kilgore returned from the lower gap this week with a load of potatoes.

G. G. Hunt has been making improvements on his homestead.

Frank Grohs passed through the valley on his way to his ranch.

Jeff Wilson is hauling hay to the Government camp at Clear Lake.

Mr. Wm.Copeland and family have moved to Ashland where he has purchased property.

Dr. Johnson was called out Monday night and through mistake went to Mr. Bussey's instead of Mr. Bradburn's.

The pupils of the Lorella School are advancing rapidly under the able instructions of Miss Welch, their their teacher.

There are about forty men working on the Clear Lake dam. Who says Uncle Sam doesn't mean business?

The teacher and pupils of the school have been improving the looks and sanitary conditions of the school room by cleaning it and rearranging the desks and pictures.

E. R. C. Williams has been delivering grain to the Government camp at Clear Lake dam and he reports the work in good progress.

F. and L.

POKEGAMA ITEMS.

Milling operations, interrupted by the rain of last week, resumed in full force Monday morning. Superintendent Edmunds is completing the appurtenances to the mill on rush orders.

County Supt. Swan visited our school this week. He is an enthusiast on educational matters and his short talk on Wednesday evening to the school patrons will be productive of much good.

B. M. Hall brought out the election supplies on Sunday. Most of the mill operatives registered in California. Pokegama's vote will be light with Taft on the heavy end.

There are thirty-one pupils in the school; we understand that it is the policy of the mill management to employ men with families, consequently we look for a large school at this place.

The new depot is completed. It consists of storage room, operating and dwelling apartment for W. A. Bown—the agent.

E. L. Coburn, the genial manager of the company store, would like to buck the line on Thanksgiving. We believe the boys at school can cut circles around any aggregation he can muster at the mill.

DAIRY ITEMS.

Elder Nortridge, a Baptist minister, moved into the Lee residence last week.

J. P. Colahan moved into the Price house Friday, thus further increasing the population of Dairy.

Trade has been booming here the past ten days, stocks are depleted seriously and may remain so for some time yet.

Two ten-mule teams of Capt. J. M. McIntire passed through Dairy October 27th, in making their first trip to Lakeview. Each team had a load of sixteen thousand pounds. These magnificent teams, with the big wagons, were much admired by all who saw them.

Chas. McCumber and his newly wedded wife were in Dairy Wednesday. Their many friends wish them happiness and prosperity, and hope for Charles that the old saying will prove true, "Better late than never."

The bridge at the Upper Gap will be completed this week, weather permitting, except the fills at the ends, which will take several days more.

John Pool removed from the Donnell ranch Sunday to make his home at Olene.

What looked like a thousand dogs and some ladies were in Dairy Sunday. We could not imagine what they were doing with so many dogs, but conclude as leap year is nearly out they propose to catch the boys with the dogs.

A birthday celebration was held at the home of Mr. Fred Beck Sunday, it being Mr. Beck's birthday. A large crowd of friends were present to feast on the fat of the land and have a good time, which is always assured when Fred is doing things.

Elder Nortridge will preach in the school house Sunday the 8th of November. Everybody cordially invited to come. Services morning and evening.

WANTED HIS BOTTLE.

Sooner than lose his bottle of whiskey, a man risked his life on Thursday at the docks of the Klamath Navigation company. Four men came up from the railroad works, bent on having a good time. With them each brought a good sized jag, a regular Dorris jag, the kind that makes a man think he is a monkey and causes him to try and climb a tree. On reaching the dock one of the party fell in. Being unable to swim he had a narrow escape from drowning, but fortunately for him there were several of the company's men near at hand and they pulled him out.

He no sooner got on his feet than he missed his bottle of whiskey and seeing it floating down the stream he jumped in after it. Followed by the luck that always seems to protect a drunken man, he was again rescued and with difficulty restrained from repeating the performance.

BAGWELL--SHADLEY.

Melvina M. Shadley was united in marriage on Monday to Walter H. Bagwell by Rev. J. B. Griffith at his home. The bride has been a resident of Klamath Falls for several months while the groom lives at Beebe, Lassen County, California. Mr. and Mrs. Bagwell will leave in the morning for their future home at Beebe.

MORE RAILROAD NEWS.

Mr. Petterson, of Erickson & Petterson, the Southern Pacific railroad contractors, and Mr. McWilliams, his superintendent, arrived in the city Monday afternoon to look over the ground and make arrangements for the establishment of railroad camps on the Hot Springs addition just east of Klamath Falls.

One steam shovel has been loaded on a barge at Teeters Landing and will be brought here tomorrow. Another will follow in a few days. The first one is to be used at the south end of the Adams embankment, while the second one will commence excavation for the big cut through the hill between the Hot Springs addition and the Upper Lake.

Camps are to be established at once and about 200 head of horses will be brought here for scraper work within the next ten days. When the camps are in full operation there will be between 500 and 600 men at work almost within the city limits. A track will be laid and donkey engines will haul the dirt from the cut to the depot grounds where there is considerable of a fill to be made. This work will consume the entire winter and it is safe to say that things will be lively in Klamath Falls for the next year or so. As Klamath Falls will be the division point on the California Northeastern the yards will be very large with many switches and the filling in and grading of the grounds will mean a great amount of work to be accomplished between now and spring as the contractors have orders to complete the work by that time.

The cut to be made through the Reames hill at the foot of the Adams embankment will take a large force of men besides the steam shovel as the dirt is to be used for filling. Contractor Sears who is making the fill between the Willits place and Midland has over three-fourths of a mile completed and it is stated that he will finish his work by Christmas.

The Southern Pacific Company will complete the work across the marsh from the channel to Midland. The Company has purchased one of the monster dredges belonging to J. C. Franks. It is so large that it will have to be taken from the railroad to its position on the marsh in sections. James Grady one of the best dredge men the Southern Pacific has will be given full charge of the work.

CITY COUNCIL MEETING.

The City Council held its regular semi-monthly meeting Monday night. As it was the first meeting in the month a large budget of bills was presented. The Police Judge filed his monthly report for October, which showed that during the month $192 had been collected in fines and licenses. Of this amount $137 were for fines and $55 were received for show licenses.

A number of permits were granted for the erection of barns and small buildings.

The report of the viewers appointed to appraise the value of the property of E. B. Henry which had been appropriated for street purposes was read. Two of the viewers,Melhase and Shive placed the valuation at $400 while A. Castel recommended $500 as just compensation. The majority report was accepted and a warrant for $400 ordered tendered to the owner, by the vote of Councilmen Crisler, Hanks, Obenchain and Sanderson, Ankeny and Wilkins voting in the negative. It was stated today that Mr. Henry would refuse the settlement and would take the matter into court and sue for $500 and rental for the four years which the city has been using the property.

A street light was ordered installed on Conger avenue above the Reames place.

An ordinance was introduced placing the salary of Police Judge and City Attorney at $600 each per year. An emergency was declared and the ordinance placed on its final passage and passed.

A liquor odinance was introduced providing a fine for the selling or disposal of malt, spirituous, or vinous liquors. On motion of Councilman Hanks, it was laid on the table indefinitely.

HAS NO FRANCHISE.

In answer to questions by Councilman Sanderson of the Third Ward, City Attorney C. F. Stone stated that it was his opinion that the franchise for the Klamath Falls Light & Water Company had expired some two or three years ago and that the Company was now operating without a franchise. It was his interpretation of the reading of the franchise that it was only for a term of ten years from the time of the completion and acceptance of the plant by the city.

No action was taken on the matter at last night's meeting, but it is probable that the case will be thoroughly gone into and something done in the near future. The city is hardly in shape to either build a new plant or buy the old one at the present time, but the question is one for the legal fraternity to decide first. According to the reading of the franchise as granted to H. V. Gates it would seem that it was for a term of ten years from the time the plant was accepted by the city. If at the end of that time the city did not exercise its rights of purchase the council was obliged to grant another franchise to Mr. Gates or his assigns. That is the way it reads on the surface but there may be some different legal interpretation.

NOTICE OF SHERIFF'S SALE.

In the Circuit Court of the State of Oregon, for Klamath County.

Henry O. Offenbacher, Plaintiff, vs. R. E. Dyer, Defendant. No. 171 Equity.

Notice is hereby given that by virtue of an execution and order of sale, duly issued out of the above named court and cause, on the 29th day of October, 1908, upon a decree made and entered of record in said Circuit Court, and in said suit, on the 28th day of October, 1908, in favor of the above named Plaintiff, directing the sale of the premises therein described to satisfy the sum of $3200, $350 attorney's fee, $43 costs and disbursements, together with interest on said sum of $3200, from the 30th day of July, 1907, at the rate of eight per cent per annum, and accruing costs.
