

PLEVNA ITEMS.  
G. P. Nevits took a load of wood to Klamath Falls Saturday.  
John Faulkner butchered Monday.  
John Faulkner hauled a load of alfalfa hay to Mr. Stearns Monday.  
The farmers are plowing every spare moment. If there is a good season next year, there will be large crops.  
Mr. and Mrs. A. M. Sutton were visiting relatives in this district last Tuesday.  
Chas. Snowgoose, of Keno, was taking orders in this vicinity last week.  
Clifford Smith killed a coyote last Tuesday morning.  
Mr. Ager butchered hogs Wednesday.  
Frank Downing passed through here Tuesday, going to the Falls from his ranch near Dorris.  
A special school meeting was held Thursday, December 10, to elect a director to fill the vacancy caused by the resignation of J. A. Blingham. Those present were: G. F. Nevits and Geo. Ager, directors; C. B. Faulkner, clerk, and Mr. Alford.  
A number of scrapers belonging to the railroad contractors, went through Keno Thursday.  
Mr. Kareew and his two sons, Alexander and Nickel, are grubbing sagebrush nowadays.  
Mr. and Mrs. B. E. Kerns, of Keno, were in Klamath Falls Thursday.  
Sunday of this week Mr. Kareew caught a ten-pound trout.  
John Faulkner has just completed a concrete floor in Mr. Sutton's dairy room.  
A riddle—Plevna school is growing every day, but still remains the same size.  
Mr. Heavilin recently lost three calves, they having died of blackleg.  
C. B. Faulkner lost a steer this week from the same disease.

CONGRATULATIONS.  
The following messages are said to have been received at the White House within forty-eight hours after the President's message went to Congress:  
I have read your latest message and I am feeling much better.—Gwendolyn Molycoddle.  
Your efforts to make the Ananias club an exclusive organization are greatly appreciated.—A senator from Ohio.  
Such modest language well becomes you.—Noah Webster.  
It's worth nearly as much front page space and as big scare heads as Archbold's letters.—William R. Earst.  
Taken with a little prairie oil, I find it good for old wounds.—Gov. Askell.  
I've read the first volume and I hope to complete it before Christmas. If rest is equally good, the country is saved.—Pifford Ginchott.

Here is something to interest Bible students. It is claimed by a German publication that Isaiah, the prophet, foresaw the coming of the Wright brothers and the eventual navigation of the air by man. There is no joke about the matter, from the standpoint of the writer in the German periodical. His argument on the airship development is merely one of a series in which he seeks to show that the prophecies of the ancient Jews are now being fulfilled. If the reader will turn to the sixtieth chapter of Isaiah, the passage will be found on which the old world writer bases his assertion that the prophet knew that men's future activities would not be confined to land and sea. "Who are those that fly as a cloud and as doves to their window?" Isaiah asks. Why, the Wright brothers and Count Zeppelin and Farman and a host of others, of course, responds the German student. Pretty soon, the author says, people will actually be flying to church in the very clouds predicted by the prophet. They shall truly fly, we are told, "as doves to their window." We have not called attention to this matter with the intention of starting a discussion, but merely by way of suggesting to the designers of churches now being planned that provision ought to be made on the roofs for accommodating the cloud when it alights. The duty of the church in the future, evidently, will be to bring people down to earth rather than to lift them up from it.

That a Durham Conn., man has been reaping a harvest by advertising to reveal for 50 cents a method of "getting rich quick" became known through an investigation made by postoffice inspectors. The Durham man's answer was "Work hard." He advertised also to mail 25 useful articles to persons sending him 25 cents. They received 25 pins. The bunkoer had to hire help to assist him in opening his mail, which became so large it attracted the notice of the postal authorities.

Among the secretaries of the Secretary's estimate of money for public work, which has been introduced to Congress, is a recommendation for an appropriation of \$21,745 for Crater Lake Park. This is \$590 more than was asked for by Superintendent Arant in his annual report. Mr. Arant's estimate only covered the actual amount necessary, and it is evident that there is some one in amount asked for by the Secretary Washington who appreciated the importance of Oregon's national wonder and has recommended an addition to the appropriation. It is quite probable that Congress will allow the Secretary of the Treasury.

With this sum it would be possible to make many important improvements at Crater Lake. More roads are needed and the trail down to the lake should be broadened and hand rails built, so that it would not be such a difficult and dangerous trip as it is at present.

TO MUCH ALCOHOL IN SOME PATENT MEDICINES.  
Acting under the local option law in Lane County, District Attorney E. R. Bryson has just notified the druggists of Eugene that they must not sell certain kinds of bitters, which, it is alleged, have been sold regularly since the local option law went into effect to a large number of persons for beverages, on account of the great amount of alcohol said to be contained in them. Among the medicines placed under the ban by the District Attorney are four patent medicines. The druggists have written to the manufacturers of each of these compounds to say whether or not they will take up the matter and test it in the courts.

Notices has been served not only upon the druggists of Eugene, but those in every town in Lane County, as well as in Benton and Lincoln Counties.

AFTER ROOSEVELT.  
Washington—Congress, which feels that it has been insulted and outraged by President Roosevelt, is preparing to vindicate its honor by censuring the President for saying in his annual message that the members voted to prevent the usual entail of Secret Service men because they dreaded anything like investigation of themselves. Both branches of Congress are up in arms.

Amid a profound silence the House of Representatives Friday adopted unanimously without debate a resolution offered by Representative Jas. Brock Perkins, of New York, referring to a special committee of five members the question of what should be done with that portion of the President's message which castigated Congress for limiting the activities of the Secret Service. This committee will report to the House.

BIG RENTAL FOR ALFALFA FARM.  
Fifteen dollars per acre annually is the rental to be paid O. D. Teel for his 135-acre alfalfa farm near Echo by the owners of the Alfalfa Meal Mill at that place. This is the only alfalfa meal mill in the state, and the products of the farm will there be ground into the new feed. While this is, without doubt, the highest rental yet paid for a large tract of land in the county, the Teel ranch is considered one of the best. It is estimated that it will easily produce seven tons to the acre annually. The milling company is to handle the property without any expense to its owner.

PLAN TO CONTROL ALL THE PINE TIMBER IN U. S.  
DULUTH, Minn., Dec. 13.—The lumber interests represented by the Weyerhaeuser, O'Brien & Cook, of St. Paul and Duluth, and Edward Hines, of Chicago, are here working on the formation of a lumber company which will practically control all the pine in North America. The greatest secrecy is being observed, but it is known that the deal is almost finished. The transfer of the Duluth, Virginia & Rainy Lake Railroad is said to be the only obstacle.

POSTPONE SENTENCE UNTIL SATURDAY.  
SAN FRANCISCO, Dec. 13.—The pronouncing of sentence on Abraham Ruef, convicted of bribery, was postponed by Superior Judge Lawlor until next Saturday, December 19.

Attorney Dozier, in the absence of Henry Ach, asked for a week's time to prepare a bill of exceptions and as there were no objections on the part of the District Attorney's office, this was granted.

MILIONS FOR ROADS IN PENNSYLVANIA.  
Harrisburg, Pa., Dec. 10.—The report of the Pennsylvania highway commission, covering the work of its office, of the year 1907, was made public today. It shows that the state has appropriated for the year 1908, \$4,000,000 for the purpose of building roads and outfitting a system of main highways. It notes the growth of roads and reports that on the last day of 1907 325.2 miles of road had been completed and 221 miles was under contract. During 1908 the roads under contract have been completed and almost 200 additional miles added, so that the state has over 700 miles of reconstructed road or highway which is so far advanced toward completion as to be ready for service.

The report also contains a state map showing in red the location of highways rebuilt under the good roads act. While these stretches are widely scattered, it is easily seen how they can be connected to form continuous highways in many counties and the prediction is made that if the roadbuilding of Pennsylvania is carried on for the next five years at the rate now going on these roads will be joined. The report, dealing entirely with operations of last year, does not refer to Governor Stuart's proposed highway across the state, although Highway Commissioner Hunter has in the last few weeks conferred with the governor about the details of his project.

Summing up the work, Mr. Hunter urges that \$4,000,000 or \$5,000,000 be set aside each year for the next 10 or 12 years so that the department can plan a system of main highways throughout the state. Other legislation he suggests is providing for organization of supervisors along the lines of county and state association of supervisors and that the act of 1905 be amended so as to provide for abolition of work tax and payment of the 15 percent to townships entitled to receive it by reason of abolishing work tax. Mr. Hunter speaks of the rebuilding of the National pike, or Chamberland road, in the southwestern portion of the state, and urges an appropriation to put it all in fine condition. The money from motor car licenses, after deducting expenses, was \$39,729.56, which was used for rock tests and trials of dust layers.

SMOKING BY BOYS ILLEGAL.  
There is one law on the statute books, besides the local option law, which may receive the attention of the Grand Jury before they complete their labors. The matter has received considerable discussion and an effort may be made to have the law enforced. This is in regard to boys using tobacco and cigarettes. It is a well known fact that perhaps hundreds of minors in this city are disobeying the law in this respect, as well as dealers in tobacco. The law reads as follows:  
Section 1880.—It shall be unlawful to sell, barter, trade, give or in any manner furnish to any minor under the age of 18 years, any tobacco, cigars, or cigarettes in any form, or any compound in which tobacco forms a component part, without the written consent or order of such minor's parent or guardian; and when such minor has no parent or guardian, then in that case consent may be given by the county court sitting for the transaction of county business, upon proper application in the county in which said minor may have his residence. Any person violating the provisions of this act shall, upon conviction, be fined in any sum not less than five dollars nor more than fifty dollars.

Section 1881.—It shall be unlawful for any minor under the age of 18 years to smoke or in any way use any cigar, cigarette, or tobacco in any form whatsoever in any public highway, street, place, square or resort. Any minor violating the provisions of this act shall, upon conviction, be fined in any sum not less than one nor more than ten dollars, or by imprisonment at the option of the court, two days for each offense.

TEN MILL LEVY FOR MERRILL TOO.  
At a meeting of the town council last Saturday night, the license money of John Ratliff and Frank Bloomcamp was returned until such time as the parties shall give suitable bonds in accordance with the recent ordinance passed by that body. The matter of raising the marshal's salary to \$50 per month was also discussed, but nothing definite was done. The Mayor announced that the taxable property in the city limits was something less than \$80,000. A ten mill tax was levied for the payment of current expenses, but as the annual expenditure of the city is something in excess of \$1200, a larger tax will have to be imposed. This will bring the matter of revenue directly home to the people. Voting away the saloon revenue has its drawbacks as well as advantages.—Merrill Record.

The Texas pastor who has refused to accept reappointment because he is unable to support his family on the salary offered has set an example worthy of emulation. The minister owes just as much to his wife and children as does any other man and one of the most effective means of impressing this fact upon those who have charge of the church affairs is by the refusal of married preachers to accept pastorates that pay so little as to make mere existence a struggle.

**California**

WHEN summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions, and varied recreations.

**The Southern Pacific Co.**

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California. Very low round trip excursion tickets are on sale to California. For full information, sleeping car reservations and tickets, call on, telegraph or write any S. P. Agent, or

Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being perceptible from the very first. It is composed of the purest and most reliable drugs—mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
