

LANGELL VALLEY NEWS.

George Noble returned Thursday from the Sprague River country. E. R. C. Williams went to Klamath Falls Friday to attend the Water Users meeting on Saturday.

R. M. Boller has returned from the Falls where he has been spending the holidays with his family. He is in charge at Clear Lake.

Mrs. Elmer Walters and her two daughters, Myrtle and Frankie, visited at the home of Mr. and Mrs. Jas. Lindsay Thursday.

Mrs. R. C. Cowley has been visiting for several days with her brother and family in Yonka Valley.

Rev. Northridge, pastor of the Baptist church, is holding a series of meetings at the Lorella school house. His wife and daughter are with him.

Frank Grohs and Dr. Wm. Martin passed through the valley last week returning for Alturas, California.

George C. Cline and C. G. Hunt went to Klamath Falls Friday. The former expects to remove to the Falls soon to reside permanently.

Will Campbell returned from Klamath Falls Thursday accompanied by Orb Campbell, who visited his parents for a few days returning to the Falls Sunday.

We are glad to report that Mrs. Stephen Penny is convalescing. Lester Boggs killed a coon one day last week on Mill Creek.

Ferd Williams went to Clear Lake Wednesday after a cow and calf. He got the animals half way home but next morning found the cow had returned to Clear Lake.

Alf Duncan has returned from Ashland where he spent the holidays. Alf has been making several improvements on his house late and we look for interesting news soon.

Mrs. C. N. Gunn and children, Margaret, Wallace and Royce, visited at the home of Mr. and Mrs. E. R. C. Williams last week.

Mr. and Mrs. Ed. Duncan visited at the home of Mr. and Mrs. Williams Wednesday evening.

Mr. and Mrs. George Copeland, Mrs. Ben Abbeles and Sam Roy took dinner on New Year's at Mr. and Mrs. Alex. Stewart's.

Those visiting at W. R. Campbell on New Year's were Mrs. N. S. Drew, Miss Nett and Waive Drew, Mr. and Mrs. Dave Campbell, Miss Eulah Rankin, Will, Orb and Oscar Campbell, Albert Patterson and Ed Low.

Mr. and Mrs. George Deal entertained a number of friends at their home on New Year's day.

Will Wilkerson went to Bonanza Friday to meet his sister, Miss Lula, who has been teaching school near Keno.

Mr. and Mrs. F. Boggs and son, Lester, and Mrs. C. G. Hunt took dinner with Mrs. Geo. Cline on Friday. Florence Boggs, who has been spending several days with Mrs. Cline, accompanied her parents home.

Clint Lyon and David McComb are cutting wood for use when they are busy farming next summer.

John Miller is improving his premises by building new sheds near his barn, and shining things up in general.

H. G. Bussey, U. S. Mail carrier to Barnes Valley, reports the fresh tracks in the snow of eight or ten cougars.

Edna, the little daughter of Mr. and Mrs. Duval, has been quite sick for several days. We hope to hear soon of her recovery.

Miss Grace and Alice Little, of Bonanza, spent Wednesday and Thursday with Mrs. C. N. Gunn.

We understand some surveyors from Klamath Falls have been doing some work for James D. Seaton and other parties in this valley.

Dr. J. B. Hall died at the home of his nephew, John Hall, very suddenly Tuesday morning. He was in his usual health when he retired for the night, but expired next morning. Dr. Hall was one of Klamath County's earliest settlers, coming here in 1879. He was buried in Bonanza cemetery. Services were conducted by Rev. Edwards, of the M. E. Church. Many of our people attended the funeral.

Mrs. William Pankey has returned to the hospital at Ashland. She left the hospital before Thanksgiving and for a time seemed much improved in health, but she began to get worse and so has decided to return for further treatment. She was accompanied to Ashland by her sister, Mrs. Jeff. Willson. Her many friends are very anxious to hear of her condition.

UNSUCCESSFUL ATTEMPT TO KILL FRENCH PREMIER.

PARIS, Dec. 31.—A disaffected Corsican shot several shots this afternoon in the direction of the office of Premier Clemenceau. No one was hurt. The Corsican was arrested.

One never realizes how few friends he really has until he complies with the prospective bride's request to furnish her with a list of people to whom wedding invitations shall be sent.

PUTS BAN ON NEAR-BEER.

Albany Council Passes Ordinance Prohibiting Sale or Giving Away of One Per Cent.

ALBANY, Ore.—The city council has unanimously passed an ordinance prohibiting the sale of near beer or giving it away. The penalty affixed for any violation of the ordinance ranges between \$50 and \$100 for each offense. Under the terms of the ordinance each sale constitutes a separate offense.

The officers of the city and county have experienced great difficulty in enforcing the provisions of the local option liquor law and to assist them in making more effective the provisions of the so-called temperance drink, "near beer." An emergency was said to exist and the provisions of the new law were made immediately effective.

ANCIENT ORDER OF LEMONS ORGANIZED.

MUSKOGEE, Okla., Dec. 31.—Young woman, have you ever been squeezed? Yes? No? If you have, you are eligible for membership in the Ancient and Accepted Order of Lemons, which has just been organized in this city with the establishment of Crate No. 1. The head officer of the new society, called the Main Squeeze, is said to be a popular young woman in Muskogee society, although the identity of both officers and members is kept a profound secret. However, it is known that all of the "lemons" are sweet young things, and not the sour old maids that might be expected from the name. It is likely that the new order will spread over the entire country and that "crates" will be organized in every city and town.

THOUSANDS NEED HELP.

Half Demented, Naked, Starving Survivors of Great Earthquake Crying for Food.

ROME, Dec. 31.—Slowly the measure of the disaster that has depopulated Calabria and Eastern Sicily is being taken and as the reports accumulate it is seen that the first estimates in no sense exaggerated the extent and horror of the visitation.

An official estimate places the dead at 110,000, but there is reason to believe this may be greatly exceeded. Today the pitiable plight of the survivors claims universal attention. The relief of their sufferings calls for the concentrated effort of all nations. The dead are dead, but countless thousands of half-demented, naked and starving survivors, some wounded and some uninjured, are crying pitifully for food, water, clothing, shelter and medical attention.

No news has yet been received of Americans thought to be in the devastated district, excepting the Rev. David Sessuvas of New Orleans and his daughter Alice, who are safe at Rome. It is reported that several Americans lost their lives in the wreck of a hotel at Messina. Ambassador Griscom is about to set out from Rome for the south in an endeavor to secure information concerning American travelers. It is estimated that 100,000 people have fled from the desolated districts in fear of further convulsions.

THE LAND FOR HUNTERS.

Over a Thousand Dollars Paid for the Privilege of Hunting in Klamath County During 1908.

F. E. Ankeny has the distinction of receiving the first hunter's license in the year 1909. Friday being a legal holiday it was necessary for Frank to hunt up the Clerk in order to get a license, but he was determined to begin the new year hunting. Licenses were issued on Saturday to Frank Evens, H. Johnson, Dr. Wm. Martin and J. Linkenback.

There were 828 hunter's licenses issued in Klamath County during the past year, for which was received the sum of \$1957. The fee for residents is \$1 and for non-residents \$10. Over a thousand dollars just for the privilege of hunting is a rather good showing for one county with the population of Klamath. A large number of these licenses, however, were issued to tourists, and it shows how well this section is becoming known as the land for sportsmen.

CITY PROPERTY SALES.

The Peltz & Soule flats have been sold to Fred Mang, of Walla Walla, Wash., for \$6000. The property is 130 feet on Pine street and 120 feet deep and the flats contain 42 rooms.

R. Warnock, of Salinas, Calif., has purchased of Josephine Lyons, 100 feet on Main street, between Fifth and Sixth street, being the east side of lot 3 in block 16. Consideration, \$100 a front foot.

R. H. Dunbar has sold to G. W. White, 52 feet on Klamath street, being lot 3 in block 77.

UNITED STATES WILL HELP.

Millions of Dollars Have Already Been Contributed in the United States for Relief of the Sufferers.

WASHINGTON, D. C.—The President will on Monday send to Congress a message urging a liberal appropriation for the relief of the earthquake sufferers in Italy. The appropriation of \$50,000 from the California fund was sent to the Italian Red Cross Society today.

NEW YORK, Dec. 31.—The United States Steel Corporation today donated \$25,000 for the Italian earthquake sufferers.

Mrs. Russell Sage gave \$5000 to the Mayor's fund.

With commercial, civic and religious organizations, Italian societies and various clubs working night and day, it is estimated that New York City will send at least \$1,000,000 to the earthquake sufferers in Italy. Fifty thousand dollars in round numbers was raised yesterday and with the greater city united in a common impulse to help the sufferers a stream of funds through the Red Cross Society's hands will continue to pour into the hands of the proper authorities for distribution.

SAN FRANCISCO, Dec. 31.—Contributions toward relief of the earthquake sufferers in Italy are flowing through half a dozen organized channels into the fund today which now exceeds \$60,000. Of this amount \$50,000 was appropriated from the funds in the hands of the San Francisco Relief Society and the local branch of the Red Cross Society. The balance was collected within a few hours, there being two individual offerings of \$1000 each. The Italian colony in this city, through its banks and newspapers, raised \$4500 and at various depositories throughout the city scores of subscriptions are being received.

RAILROAD SURVEYORS CAMP NEAR MERRILL.

B. F. Knowlton, engineer in charge of the survey for the railroad between Alturas and Midland was here Saturday. The surveying camp is now established about three miles below Merrill on the Bevins place.

Last fall this crew began their survey from near Merrill and they spent Christmas in Alturas. While Engineer Knowlton would make no statement, it is believed that the crew are now working on the permanent location of the road which is to connect this city with Alturas, and the road now running to Reno and east.

A GOOD PRAYER FOR NEW YEAR.

The following prayer, delivered at the opening of a Woman's Club meeting at Saginaw, Michigan, has considerable value. We commend it to our readers.

Keep us, O God, from pettiness; let us be large in thought, in word, in deed.

Let us be done with fault-finding and leave off self-seeking.

May we put away all pretense and meet each other face to face, without self-pity and without prejudice.

May we be never hasty in judgment and always generous.

Teach us to put into action our better impulses, straightforward and unafraid.

Let us take time for all things; make us grow calm, serene, gentle.

Grant that we may realize it is the little things that create differences; that in the big things of life we are as one.

And may we strive to touch and to know the great common woman's heart of us all, and O Lord God, let us not forget to be kind.—January Delineator.

EARTHQUAKE HORRORS GROW.

150,000 Dead; Property Loss Several Hundreds of Millions—Rescue Work Goes on Rapidly.

ROME, Dec. 31.—The earthquake which has devastated the Italian Departments of Sicily and Calabria has wrought the greatest tragedy which ever has befallen the Christian world. Its measure cannot be calculated. It is known in general terms that out of a population of 1,750,000 in the devastated area 125,000 to 150,000, probably more perished.

This makes no account of a dozen smaller towns and villages from which no reports have been received.

The property loss will reach hundreds of millions of dollars.

The work of rescue is going on as rapidly as possible, but there is the gravest danger that a pestilence will follow the destruction of the towns. On account of the vast havoc wrought bodies will lie unburied for days and weeks. The suffering of the injured must be intense, as they are without food or clothing.

PUBLIC NOTICE.

Department of the Interior, Washington, November 18, 1908.

In pursuance of the provisions of Section 4 of the Reclamation Act of June 17 1902 (32 Stat. 388), notice is hereby given as follows:

Water will be furnished from the Klamath project, Oregon-California, under the provisions of the Reclamation Act, in the irrigation season of 1909, for the irrigable land shown on farm units of

Willamette Meridian.—T. 39 S., R. 8 E. T. 38 S., R. 9 E. T. 40 S., R. 9 E. T. 39 S., R. 10 E. T. 40 S., R. 10 E. T. 41 S., R. 10 E. T. 40 S., R. 11 E. T. 41 S., R. 11 E. T. 41 S., R. 12 E.

Mt. Diablo Meridian.—T. 48 N., R. 5 E.

approved November 15, 1908, by the Secretary of the Interior and on file in the local land offices at Lakeview, Oregon, and Redding, California.

Homestead entries accompanied by applications for water rights and the first installment of the building, and operation and maintenance charges may be made under the provisions of said act for the farm units shown on said plats. Water right applications may also be made for lands heretofore entered and for lands in private ownership and the time when payments will be due therefor is hereinafter stated.

The limit of area per entry, representing the acreage which, in the opinion of the Secretary of the Interior, may be reasonably required for the support of a family on the lands entered subject to the provisions of the Reclamation Act, is fixed at the amounts shown upon the plats for the several farm units.

The limit of area for which water right application may be made for lands in private ownership shall be 160 acres of irrigable land for each land owner.

The charges which shall be made per acre of irrigable land in the said entries and for lands heretofore entered or in private ownership which can be irrigated by the waters from the said irrigation project, are in two parts as follows:

1. The building of the irrigation system, \$30.00 per acre of irrigable land, payable in not more than ten annual installments, each payment not less than \$3.00 per acre or some multiple thereof, provided, however, that full payment may be made at any time of any balance remaining due, after certification has been made by the Commissioner of the General Land Office that full and satisfactory compliance has been shown with all the requirements of the law as to residence, cultivation and reclamation.

2. For operation and maintenance, which will, as soon as the data are available, be fixed in proportion to the amount of water used, with a minimum charge per acre of irrigable land whether water is used thereon or not. The operation and maintenance charge for the irrigation season of 1909 and until further notice will be 75 cents per acre of irrigable land whether water is used thereon or not.

For lands heretofore entered, the first installment on account of the said charges for the irrigable lands shown on these plats shall be paid for the season of 1909 at the local land office at Lakeview, Oregon, or at Redding, California, at the time of entry and of filing water right application, the total payment being not less than \$3.75 per acre. The second installment shall be due and payable May 1, 1910, at the same place. Subsequent installments shall be due and payable on May 1 of each year at the same place.

For lands in private ownership and for lands heretofore entered the first installment shall be due and payable May 1, 1909, and the installments for the year 1910 and subsequent years shall be due and payable on the same date and at the same place.

The first installment of the charges for all irrigable areas shown on these plats, whether or not water right application is made therefor or water is used thereon shall be due and payable as herein provided.

The regulation is hereby established that no water will be furnished in any year until all operation and maintenance charges then due shall have been paid. Accordingly no water will be furnished for the irrigation season of 1909 for any lands, unless the portion of the installment for operation and maintenance due and payable on or before May 1, 1909, has been paid on or before that date, and in like manner no water will be furnished in any subsequent irrigation season unless payment has been made on or before May 1 of that year of the portion of the installment for operation and maintenance which was at that time due and payable.

For all applications for water rights filed after June 15 in 1909 or any subsequent year, one installment of the charges for building, operation and maintenance, \$3.75 per acre, must be paid at the time of filing, but the portion of the installment for operation and maintenance shall be credited on account of the installment of said charges for the subsequent year.

If any installment of the charges shall not have been paid in full on or before May 1 of the year subsequent to that in which it is due and payable as herein provided, it shall then become delinquent and under the terms of Section 5 of the Reclamation Act, the entry and water right application shall be subject to cancellation with the forfeiture of any moneys paid thereon.

The charges herein provided for may for the convenience of applicants be paid to the special fiscal agent of the U. S. Reclamation Service assigned to the Klamath project for transmission to the register and receiver of the local land offices on or before the date specified for payment at the local land offices; but in case this privilege is availed of, the necessary charges for transportation of the cash as determined by the Special Fiscal Agent, must accompany the payment of the water right charges.

JAMES RUDOLPH GARFIELD, Secretary of the Interior.

It's a pity a man can't hear his widow telling her second husband what a noble, kind and generous soul he was.

Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being perceptible from the very first. It is composed of the purest and most reliable drugs—mercurials, opiates and other harmful drugs being excluded.

The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
