DISTRESS FROM UPSET STOMACH

Also Misery From Indigestion Vanishes Five Minutes Later

Take your sour stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring. The digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is feeble, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

A NEW RECIPE FOR CRULLERS.

Cream half a pound of butter with three-quarters of a pound of powdered sugar, mix with them six well-beaten eggs, cinnamon and nutmeg to taste, and enough flour to make a dough you can roll out. The dough should be a little stiff. Roll into a thin sheet, cut into any shape you wish and drop into deep boiling fat. Drop in one to try the heat of the fat. It should rise to the surface almost immediately and brown quickly. Cut out all you mean to cook before you begin, for after you once get them cooking you will have no time to stop for more. Should the fat get too hot, move it to the side of the stove. Have ready a colander lined with soft paper and lay the crullers in this as you take them from the fat with a split spoon. Sprinkle them with powdered sugar, and when they are cold put in a tin box with a cover or in a stone crock.—Delneator.

WARM AND DRY TO STAY WELL

Advice of Noted Authority, Also Gives a Simple Prescription

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.
