NEW MEASURES IN THE SENATE.

New bills have been introduced in the Senate as follows:
S. B. 149 (Merryman)—Directing county clerks to furnish a large ballot box for general tickets and a smaller one for state and district tickets.
S. B. 150 (Mullt)—Providing \$100,000 to aid in construction of wagon road from Pacific Coast to Idaho boundary, via Crater Lake.
S. B. 151 (F. J. Miller and Hart)—To create state conservation commission to cooperate with national commission.
S. B. 152 (Merryman)—Fixing salary of sheriff of Klamath County at \$2500, deputy at \$1200, and allowing expenses up to \$600.
S. B. 153 (Bailey)—Requiring keeping of fee books by various county officers.
S. B. 154 (Bailey)—Providing for separate set of books for recording deeds and mortgages.
S. B. 155 (F. J. Miller)—Providing for calling a constitutional convention in 1912.
S. B. 156 (Coffey)—Creating a code commission for revision and codification of the criminal laws.
Oh, woman, you are charming,
And poets long have sung
Their sweetest verses to you
In every written tongue;
But none of them has ever
Told why it is that you
Will always leave a street car
Of due gnow

JOHNSON ROAD BILL.

Its Passage Means the Defeat of the Crater Lake Road Bill.

County Judge J. B. Griffith has received a copy of the Johnson road bill, from Senator Merryman with a request for his opinion on the measure. Judge Griffith has expressed himself as not very favorable to the bill and has so notified the Senator.
Those interested in the state appropriation for the Crater Lake road should get busy as it is the opinion that if the Johnson bill passes, there will be no hope for an appropriation from the state for the Crater Lake road.
The bill provides for the establishment of a state road commission, who shall have supervision of all road building in the state. In the construction of main highways the state is to contribute three-eighths of the cost, the county three-eighths and the adjoining property one-fourth. The fact alone of the property owners along the road being compelled to pay one-fourth of the cost of building an expensive road seems unfair enough to defeat the bill.
Another most objectionable feature of the bill is the real purpose of establishing a state commission to have supervision of all road building. It means the creation of a large number of new offices with an expensive office force composed of engineers and clerks. It will take about the three-eighths contributed by the state to pay the expenses of running the office, and the counties and individuals will be compelled to put up the actual cost of building the roads, without the privilege of having a say as to how the money shall be spent.
If Klamath County had to depend on the sanction of some official in Portland for the improvement and creation of roads, it is more than likely that the development of the county would be seriously retarded. A commission for the construction of state highways is all right but each county should have full control of the expenditure of its own money in building connecting roads.

CALIFORNIA'S ROAD BILL.

After much delay Governor Gillett's long expected Highway Bill, calling for a state bond issue of \$18,000,000 for the construction of a comprehensive system of state highways, was introduced in both Houses of the Legislature at Sacramento.
The bill represents the most thorough investigation of highways ever made in the state, and is the special hobby of Governor Gillett. In its details, the measure provides that the roads constructed shall be forty feet wide with a permanent roadbed sixteen feet wide.
In its application, it touches every part of the state providing for a chain of state roads from north to south with connecting links from east to west. To defray the expense of this stupendous undertaking, provision is made for an \$18,000,000 bond issue.

THE COMPLETE GRAFTER.

Grafting is no easy matter. It calls for special qualifications. In the first place, one must be consistent. To start out on a grafting career under the belief that we may permit ourselves occasional lapses into virtue, makes for timidity, for a certain unprofessional uncertainty at critical moments. Eternal vigilance is the price of success in grafting. It is necessary to become a specialist in grafting, as in other occupations, in order to succeed. Take one form of grafting and stick to it, and all other things shall be added unto you.
Then, again, the earnest grafter recognizes that, if he is to make a permanent success, he must keep himself in good condition. His home life, therefore, must be an ideal one. Some of our most famous grafters have had loving wives and golden-haired children, were home every evening promptly at six, and never touched a drop.
In grafting, one must have good manners, a devotion to one's duty, a sterling honesty of purpose, and a continuous self-respect. Grafting, in its most exalted form, is in reality an art. To become pre-eminent in it one has to have an abounding faith that a new victim is born every minute. Grafting, indeed, may only be acquired by a certain amount of fasting and prayer, and prolonged patience.—Thomas L. Masson, in Success Magazine.

TO KEEP LIQUOR OUT OF DRY TERRITORY.

SALEM, Ore., Feb. 2.—Senator Milton A. Miller wants the Legislature to petition Congress to prevent shipments of liquor into prohibition or local option territory. The fight over this question has at times become acute in the halls of Congress, owing to the practical nullification in some districts of the prohibition laws by interstate shipments of booze.

INDIGESTION IS ENDED FOREVER

Misery From An Upset Stomach Vanishes 5 Minutes Later

Why not start now—today, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumblings. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with noxious odors.
Pape's Diapepsin cost only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.
There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.
When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.
Absolute relief from all Stomach misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of Indigestion.

GREAT ERA OF DEVELOPMENT.

The Klamath country is just beginning to enter upon the era of predicted development and prosperity. Where only a few months ago there was nothing but a growth of sagebrush with no indication that the land would ever be made to produce crops, one can now see the small houses and barns of the pioneer farmers who are destined to make and mould this vast agricultural area. Along the foot hills, where a year ago there were no signs of civilization, one can now find dozens of comfortable homes, built by homesteaders and home builders who come from all parts of the Union. Not less than a half dozen of these homes have been built between this city and the Gap in the past twelve months.
Throughout the entire Klamath country this same development is under way. In the Upper country, as well as throughout the Klamath basin, every piece of land that is susceptible to cultivation is passing into the hands of homesteaders. It is a noticeable fact that all isolated forty and eighty-acre tracts of Government land are being taken by homesteaders. There is also a tendency toward small farms and in traveling across the country, especially in the valleys. It can be seen that many of the new homes that have been built are those of families who will cultivate either forty or eighty acres.
In all parts of the county lands are being cleared preparatory to putting in crops. Even in the mountains the valleys are being cultivated so that tame hay can be produced for feeding stock through the winter months. Dave Edler, the sheep king of Southern Oregon, owns several thousand acres surrounding Keno Springs. He has it all under fence and during the fall most of it was plowed so as to be ready for the spring sowing. It is his intention to grow timothy hay and make the ranch his headquarters during the winter months. It is pretty generally realized by sheepmen and also cattlemen that the time is not far distant when the open range for winter will be a thing of the past and Mr. Edler is making preparations to meet this new phase in the stock industry.

Miss Ethel McGowan, a teacher in Baylor University, at Waco, Texas, is suffering from three broken ribs. Miss Grace Harrison, an expert basket ball player, in an exuberance of delight, hugged Miss McGowan so tightly she broke her ribs.
There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

CITY COUNCIL DOINGS.

Very little actual business was transacted at the regular meeting of City Council Monday evening. Many matters were revived and discussed at considerable length.
The report of the viewers appointed to appraise the property needed for the opening of Eighth and Jefferson streets was read and the majority report was accepted by the Council. Melhase and Shive, two of the appraisers, placed the value of the northerly half of the property on Eighth street, between Klamath and Walnut, at \$250, and the southerly half at \$200. Mr. Bishop, the other member of the committee, filed a minority report and placed the valuation at \$600 and \$450. On Jefferson street the value of the lot needed was placed by Melhase and Shive at \$100, and by Bishop at \$150. Mr. Bishop stated in his report that as the extension of the street would take the entire property there would be no benefit received by the owner, and he believed that he ought to get somewhere what the property was really worth.
Col. Wilkins, a member of the Council, and who is also the owner of the property on Jefferson street, informed the Council that they need not go to the trouble of tendering him a warrant at that price, as he had paid \$250 for the lot and did not propose to sell it for \$100. He stated that he was prepared to fight the case and intimated that he would resign from the Council so as to be free to act in the matter.
A discussion was then entered into in regard to the condition of sidewalks, and the street committee was instructed to confer with Mr. Baldwin in regard to clearing the implements from his walk or extending out to the street line. At present the walk is mostly on private property and is generally used for the storing of goods. G. W. White will also be notified to remove the railings and steps which take up a portion of the sidewalk adjoining the bank building on Fourth street.
A fine stock exhibit is assured for Seattle this year during the progress of the Alaska-Yukon-Pacific Exposition. Every fair association in British Columbia and the Northwest will be represented. The stock show will be held two weeks commencing September 27.

DOES NO HARM BUT MUCH GOOD

Recipe Easily Prepared at Small Cost, and Many Swear By It

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime.
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggist.
The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.
Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.
Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.
Growers of the Cactus Dahlia will make a growing exhibit of the flowers at the Alaska-Yukon-Pacific Exposition this year. Foreign growers will also send exhibits. The Cactus Dahlia is the official flower of the exposition.
