Last week Frank Lynch passed through Yonna Valley on his way to Portland as a witness on the Barkley case.

C. C. Pearson returned from the Falls Friday evening, where he had been as a witness in the Coburn case. We are glad the Yonnaites are returning home, as it seems queer to have the majority of them in the Falls attending Court.

Since there has been snow enough for sleighing, most of the people of Yonna Valley have been hauling big logs for their summer's wood, and some seem to be hauling enough for a year or two.

Last Tuesday Mrs. Geo. Smyth and daughter, Anna, were visiting at the home of Fred Beck.

Lincoln Day and Oregon Day were observed at the Hildebrand school Friday, Feb. 12, with appropriate exercises. The school was decorated by pictures drawn by the pupils and by the large school flag draped across the front of the room, in the center of which was placed a beautiful portrait of Abraham Lincoln, presented by the Star Drug Store, of Klamath Falls. A short program consisting of the following was rendered: Song, "Oregon," by the School. "A Day in the Cow Column," by Jesse Applegate. Read by Edward Flackus.

Stories about Lincoln, Willie Beck. Song, "Columbia, the Gem of the Ocean," Louise Flackus, Frank Beck, Edward Flackus, Nellie Bliss. Bailey's speech in Congress, Henry Stanley.

"Dedication of Gettysburg," Ernest Nail.

"Act of Admitting Oregon into the Union," Joe Sterzl.

Song, school.

Stories of Lincoln, Ward Rueck. Closing song, "America," school.

One of the most pleasant features of the afternoon was the address of Jacob Rueck on the subject of Oregon. He described Oregon as he has seen it in the past twenty-five years of his residence here. He then told many interesting and amusing stories in connection with the west-foot country, and lastly described the great improvements made and being made in Eastern Oregon. Another part of the program much enjoyed were the stories told by little Willie Beck about Abraham Lincoln.

A light rain fell Wednesday night making more mud on the already bad roads.

Wm. Clarke is having a great deal of bad luck lately. Not long ago he was kicked by a horse and his limb was thrown out of place. It had become well, but while he was in Dairy last Sunday he was again kicked on the lame knee by a horse which Earl Gray was breaking; then to add to his troubles, while chopping wood a few days ago, the wood being frozen, the axe, which was a double-bit, one, bounded back striking him in the head cutting quite a gash.

On account of the bad roads at present several of the pupils of Hildebrand are obliged to remain at home. Those who are coming, however, appreciate the advantage of longer lesson periods and are all working very hard.

**California**

WHEN summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate.

California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions, and varied recreations.

**The Southern Pacific Co.**

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California. Very low round trip excursion tickets are on sale to California. For full information, sleeping car reservations and tickets, call on, telegraph or write any S. P. Agent, or
