

KENO DOINGS.

J. S. Ackley returned from the Falls this week where he has spent several days attending to business matters.

Mr. Grubb came up from Fall Creek to take a load of T. Grubb's household goods back with him.

Tom McCormick, Jr., is visiting at home for a few days.

Orin Reeder, son of Mr. and Mrs. U. E. Reeder, was quite ill last week. Dr. White was summoned to attend him.

Tom McCormick and sister, Madge, and Lena Nickerson, while fishing in the rapids their boat accidentally upset and they went into the water, but were lucky enough to get onto a small rock where the water was not very deep. They stayed on their refuge for an hour when they were discovered and B. W. McCormick was telephoned, who, with the assistance of Arthur Handy and W. H. Wall, assisted them from their uncomfortable position. They are none the worse for their wetting.

Mr. Gands has gone to Shovel Creek Springs, hoping to benefit his health there.

W. H. Wall made a trip to the Falls Friday after Mr. Pratt, who has been visiting with Mr. and Mrs. Stout of that city.

Arthur Handy went to Dorris Saturday on business.

R. W. Tower and two sons, Ray and Harold, and S. Padgett went to Wampus on a pleasure trip last week.

Lisle McCormick has stopped going to school.

NO ACTION TAKEN.

An adjourned meeting of the City Council was held last Friday for the purpose of acting on the request of H. V. Gates for the extension of the franchise of the Klamath Falls Light & Water Company. An ordinance had been prepared and was introduced. Further than introducing the ordinance no action was taken.

The ordinance provides for the extending of the franchise which has elapsed. This would again give the city a \$10,000 interest in the property in case it wished to purchase the plant under the terms of the contract.

There seems to be considerable opposition in the Council to passing the ordinance. Some of the members have expressed a willingness to give the Light & Water Company a new franchise if they wished, but do not want the old one renewed as they do not like some of the provisions in the contract. They think it would be better for the city to forget it ever had a \$10,000 interest in the plant and that the bonds should be paid without any expectation of getting the money back.

Some action in the matter will have to be taken sooner or later, as the city needs better fire protection and the company will need some sort of a franchise in order to make any extension or improvements in the system.

MERRILL RECORD ITEMS.

A. F. Clubine's saloon at Fairview, three miles south of Merrill but in Siskiyou County, Cal., was held up by a lone bandit one evening of last week. The robber is said to have got only \$13, Jim Eaton, the barkeeper, contributing \$5 of this sum.

Harry Stilts was in Merrill country several days first of the week looking up fat stock for the Crissler & Stilts meat market at the Falls. He succeeded in buying 125 head of fine hogs from W. C. Dalton at 7 1/4 cents per pound, live weight.

Messrs. Mitchell, Stukel and Gerber this week started their bands of cattle for Mt. Hebron. There will be twenty-five carloads altogether, Mr. Mitchell having enough to fill sixteen cars, Fred Stukel four and Lewis Gerber five. Mr. Gerber will drive out another band of cattle next week, which will about clean up all the beef cattle in this section.

NO LIQUOR LAW YET.

It has been discovered that the ordinance making it unlawful to store, sell or give away intoxicating liquors and prohibiting the running of gambling places, was not passed legally and therefore is void. It takes three-fourths vote to declare an emergency and as Councilman Wilkins opposed the measure it did not have a sufficient vote to carry. In the absence of the Mayor and with one of the Councilmen presiding, it takes the vote of every member to declare an emergency.

At the meeting of the Council last Friday the ordinance was again introduced with a few changes and without the emergency clause.

A Texas congressman introduced a bill appropriating \$10,000 for the use of the Department of Agriculture in experimenting in the manufacture of paper from cornstalks.

PLEVNA ITEMS.

Mrs. Brown, of Klamath Falls, is holding protracted meetings at Round Lake.

A. Brentner brought out some timothy seed for Mr. VanValkenburg, which the latter expects to sow in the spring.

Those visiting Klamath Falls from this district Saturday were: Mr. and Mrs. A. Brentner, Mrs. S. A. Brentner, Mr. Sutton, Mr. Byers and Alexander Karecow.

Howard Brentner, one of our pupils, received a new primer Saturday from his aunt, Mrs. Giddings, who lives in Albany.

Mrs. Brentner left Monday for Ashland where she will visit with her son and wife, Mr. and Mrs. E. Brentner. From there she will go to Santa Barbara, California.

Mr. VanValkenburg expects to put in 100 acres of alfalfa in the spring.

Arthur Brentner sold eight tons of baled hay to Mr. Hutchins of the Falls.

Leo Thompson, who was visiting in this neighborhood Friday and Saturday, has returned to Long Lake. He made a trip before leaving to G. W. Heavilin's to get a horse belonging to Mr. Curl of Long Lake.

Chas. Snowgoose was in this neighborhood last week taking orders.

Mr. Ager and wife passed through here Monday on their way to the Falls.

G. F. Sevits and sons, Charley and Clifford, are grubbing sagebrush.

J. H. Barnes is plowing on the White and Fountain ranch.

E. Thompson, Ernest Boyd and Leo Thompson visited the Falls last Wednesday.

G. F. Sevits and sons visited the Falls Wednesday and sold 220 pounds of parsnips to the Schallock & Daggett Co.

H. H. VanValkenburg drove his cattle home from the G. W. Heavilin place Wednesday, where Mr. Heavilin has been feeding them.

Lloyd Alford, who is attending the school at the Falls, came home with his father Friday for a few days visit at the ranch.

G. W. Heavilin was in the Falls Thursday.

Harry Pearson returned Thursday from the Falls.

Capt. Lee returned to the Falls Friday after a few days' visit at his ranch.

G. F. Sevits caught two wildcats Friday.

Mr. Lee is still hauling hay from G. W. Heavilin's.

Miss Lola Thompson, our teacher, has moved to Long Lake, where her father has a contract to cut wood during the summer.

GOLD DISCOVERY NEAR MERRILL.

The gold-bearing lode now being prospected some five miles from Merrill continues to be the cause of no little interest here. The find is located in Siskiyou county, Cal., on the west side of the range of mountains between Lower Klamath basin and Tule Lake, near Sheep's Peak, and was first discovered over a year ago by Mrs. M. D. Mix, who with her husband lived near the locality. Mr. and Mrs. Mix kept the matter a secret until recently, when Wm. Barrows, C. W. Wilson and Sim Eastwood were informed and these last named gentlemen and Mr. Mix proceeded to locate a mining claim which has been called the Modoc. Several assays have been made of the rock from the claim, all of which show good—from \$2.50 to over \$10 a ton in gold, with a considerable percentage of silver. A tunnel is now being run in the Modoc and the owners propose to find out "what's there." Numerous other locations have also been made in that section, and he is a poor man indeed in this part of the country who does not have a gold mine.—Record.

THE FIRST OSTEOPATH.

Dr. Graves, of Portland, Has Decided to Locate Here.

Dr. Amos C. Graves, of Portland, arrived here Thursday afternoon for the purpose of looking over this field as a favorable location for the practice of his profession. Dr. Graves is an osteopath of well known and recognized ability, and his coming here has been only after the earnest and urgent solicitation of many who know of and believe in the power of osteopathy to relieve them of their bodily ills. Dr. Graves has gone over the field very carefully and has decided to remain here and is making arrangements to open up an office. He is a graduate of the American School of Osteopathy, of Kirksville, Mo. This institution was founded by Dr. Still, the man who gave to the world osteopathy. Dr. Graves has practiced his profession for eight years, and leaves a lucrative practice in Portland to come to Klamath Falls. He is sure of a cordial welcome to this city, as well as a large clientele.

THIS IS SAID TO HELP MANY

Mix This Simple, Helpful Recipe at Home and Try It, Anyway

Get from any prescription pharmacist the following:

Fluid Extract of Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

EAT SAUSAGES AND NEW BREAD

Or Any Other Favorite Food Without Fear of An Upset Stomach

You can eat anything your stomach craves without fear of a case of indigestion or dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapepsin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking today and by tomorrow you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

So serious is becoming the question of supplying ties for our railroads, that the Santa Fe system recently sent its manager of the timber and the department on a tour to the Orient and Europe, to make a study of conditions. It was learned, among other things, that three hundred years ago the Japanese government began to conserve its forests; and that, as a result of its foresight, Japan is now selling ties to railroads in this country and Mexico. There is a duty of twenty per cent on each tie imported into the United States. That we should be paying a twenty per cent duty on ties is one among many constantly accumulating evidences of the thoughtless extravagance with which our magnificent timber supply has been ruthlessly swept away.
