Are You Looking for a Sure Investment? .... If so the

Town of Midland

## Offers the Proper Inducements

WE have the most flattering inquiries regarding Midland and vicinity. Many people who have seen the Klamath Project "General Map" have noticed and commented on same to the effect that Midland is the most centrally located town in the Project and is destined to be the principal shipping point in Klamath County. One of the largest flour milling plants in Eastern Oregon will be located at Midland; one of the largest alfalfa milling plants in Eastern Oregon will be located at Midland; so per cent of the surplus alfalfa hay, grain and vegetables will be shipped from Midland; so per cent of the surplus horses, cattle, hogs and sheep will be shipped from Midland. We own over thirty-three hundred acres of land surrounding Midland which will be sold at rock-bottom prices and on easy terms, and for the next thirty days, commencing Saturday, March 27th, we will sell town lots at half their present value.

## For Particulars see B. CAMPBELL D.
