BIG MILL ON UPPER LAKE

The new Long Lake mill, which is being built on the upper lake, will be ready to begin operations the latter part of next week. The saw mill proper is 36 by 100 feet, and in addition to this there is a large engine room and a cook house 25 by 60 feet, where the employees of the mill take their meals.

The Long Lake Lumber Company has recently been re-organized and the capital stock increased from \$15,000 to \$75,000, of which \$40,000 has been fully paid up. The new officers of the company are: President, Chas. E. Worden; Vice-president, R. E. Cantrall; Secretary, W. O. Huson; Treasurer, Fred Melhaase. The above officers and L. Jacobs compose the Board of Directors. Besides the new mill on the upper lake the company will continue to operate the sash and door factory in this city.

The saw in the new mill will be run by a 90 horse power steam engine. All of the other machinery will be run by a dynamo, the power for which will be furnished by the Klamath Falls Light & Water Company. The mill has a capacity of 40,000 feet per day and will be kept in constant operation during the entire summer. The company has a contract to furnish the Dwight Lumber Company with 6,000,000 feet of box lumber each year for five years. The box company takes all the lumber cut below the grade of shop. By this means the company disposes of all of their common lumber and will have all of their clear and finish lumber for local demand.

This will be a great convenience for the local builders and shops, as heretofore it has been almost impossible to get a sufficient supply of clear lumber. The mills usually have their yards full of common lumber but soon sell out their better grades. With so many new buildings being constructed and with the growth of the boat building business there is constantly increasing demand for clear lumber, which the new mill will help supply.

Word has been received from the Dwight Lumber Company of San Francisco stating that they had all their machinery for their box factory assembled and that they would be ready to commence on their building in a very short time. The box factory will be built on property adjoining the saw mill and will be ready to commence making boxes the first of June. It is stated that the two plants will provide a pay roll of about \$4000 a month and will give steady employment to from 40 to 50 men.

The establishment of these two plants on the upper lake is believed to be but the beginning of the lumber industry in Klamath County. It seems to be the general opinion of prominent lumbermen, who have investigated this section, that practically all of the immense bodies of timber in the northern part of the county will have to be brought to the upper lake to be manufactured. It is not a stretch of imagination to state that within a very few years one will see the shores of the lower end of the lake lined with hundreds of lumber mills and factories.

Addressing the American Society For the Study of Alcohol and Other Narcotics, Dr. D. H. Kress said: "If you have a strong appetite for King Alcohol and tobacco and want to be cured of the habit, just eat a vegetable diet for six months."

CUT THIS OUT AND SAVE IT

Says Many Persons Here Can Be Made Happy Again by Using It

There is so much Rheumatism here in our neighborhood now that the following advice will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Syrup Sassa-parilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and tortuous disease who will fail to find ready relief in this simple, home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

BISHOP PADDOCK WORKED IN SLUMS WITH JACOB RIIS

SACRAMENTO, March 25.—The Right Rev. Bishop Benjamin Paddock of Western Oregon spent last evening and part of today in this city visiting with Rev. Charles E. Farrar of St. Paul's Church, and the Rt. Rev. Bishop Moreland of the diocese adjoining that of Dr. Paddock's.

The Bishop is a broad-minded, jovial person of easy conversation. When a small boy, still in school, his father, for many years Bishop of Washington Territory, now Washington State, started him studying for the clerical work. For many years he was in charge of a parish situated in the slums of New York. He spent his time trying to uplift these people, and while doing this work he became acquainted with a person who was doing about the same work and together they placed all their energies, for years, trying to better the conditions of that district of New York.

This person, who was so helpful to the Bishop, was the famous author and lecturer, Jacob Riis.

He spent the larger part of the morning with Bishop Moreland, talking of church affairs, and departed on the noon train for Klamath Falls, Oregon.

INDIGESTION IS ENDED FOREVER

Misery from an Upset Stomach Vanishes Five Minutes Later

Why not start now—today, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good cat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin cost only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like sitting when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

GOVERNOR BENSON APPOINTS WEBSTER

Governor F. W. Benson has appointed Judge L. R. Webster of Portland as a delegate to the national good roads convention, to be held at St. Augustine, Fla., in January, 1910. A letter from the national good roads association states that the representative from Oregon will also be a member of the executive committee.

The association intends to attempt to put under way a movement that will result in planning by the government of several east-and-west trunk roads, 24 feet in width, and further desires to attempt to interest the states in building system of radial roads, one located with relation to our coast line, another having relation to our northern border, a third connecting the capitals of the original 13 states through to the Pacific coast at Los Angeles via New Orleans, Texas, etc., and a fourth running through the middle states and terminating in San Francisco.

Leg Is Amputated.

Wm. Strueble of Dairy, who has been suffering for the past year with a disease in his leg, was operated upon Thursday at the Klamath Hospital. The leg was amputated just above the knee. The operation was performed by Dr. Hamilton, assisted by Drs. Fisher and White. Mr. Strueble underwent the operation in good shape and a complete recovery is expected.
