SATISFACTION

The feeling I want to exist between you and me. I am trying to make my name and satisfaction synonymous. You can help me.

Don't holler and cuss if I have worked for you and it's not been satisfactory, but bring it back and give me a chance to make my word of guarantee good.

One receives a certain amount of satisfaction in buying goods and feeling they have their dollar's worth.

Those are the very kind of goods I carry and are all made by the most reliable firms. I would like to have your business.

I have been told that I am on the WRONG side of the street nevertheless you are not treating yourself RIGHT unless you see my stock before you buy.

Three-quarters of a Century

has about passed since the first Friend Made Clothes were offered to the public. Experience is the best school and we are inclined to think that no other clothes have as much knowledge put into their making.

We are fortunate in being the only ones who can offer these garments to you and if we do say it, you are fortunate in being able to obtain such clothes in this city. Some clothes are almost as good—some are claimed to be as good—but we've never heard any one claim to know of better ones.
