### COMPLETE ORGANIZATION.

Dairymen Elect Officers and Appoint Permanent Committees.

for farm work. There was not, how- commission men.

hands of an executive committee, herd, ley of Ft. Klamath.

The regular committees of the are as follows:

Committe on Entertainment-Frank Ira White, R. H. Dunbar, Judge Baldwin.

Committee on Livestock-C. G. gages. Merrill, H. E. Pointer, J. F. Adams, Chas. Horton, Louis Gerber, James

Committe on Dairy Markets and Trade Brands-W. H. Heileman, W. A. Dalzell, J. D. Carroll, W. C. Dal-

ton, Fred McKendree. Committee on Dairp Implements, Machinery and Exhibits-J. A. Holcomb., W. W. Baldwin, A. C. Lewis.

Stock-O. A. Stearns, J. D. Carroll, J. F. Adams, N. S. Merrill, H. E. Pointer, Fred Looseley.

term of one year. The next annual any day in the year. meeting for elections will be held

the first Saturday in January, 1916 The following special committees have been appointed:

Committee on Membership-J. A. Holcomb, Klamath Falls; Fred Mc-Kindree, Bonanza; H. H. Hoyt, Merrill; Fred Looseley, Ft. Klamath.

Committee on Good Roads-J. S. Shook, Judge Nolan, D. B. Campbell, W. C. Dalton, J. G. Stevenson.

The committee on entertainment is at present planning a series of institutes for the county. These special farmers' and dairymen's meetings will be held in all likelihood some time in May, and specialists and experts from Corvallis and Portland will be in attendance.

The committee on livestock will have some of the most important duties to perform, which can come within the scope of the association. The work of this committee will, in fact, lay the foundation for the success of dairying in the county. It is desired that all parties desiring to purchase dairy animals make their wants known to the livestock committee. This committee wishes to keep in touch with the livestock needs of the district and do all in its power to get dairy stock into the county. C. G. Merrill, a member of this committee, has already sent out for one lot of dairy animals; J. F. promise to inform the association of notice. A gentleman from the Middle West is making inquiry regarding for the Southern market. the chance to establish a breeding farm for dairy stock here, and states that he could come with 100 animals. These are matters which the association desires to carefully attend to for the benefit and development of the dairy business in our

The committee on markets and trade brands will exert its influencec none. The committee hopes to help the people in the towns of the country to get the best, wholesome, certified milk and dairy products obtainable anywhere.
