It is composed of the purest and most reliable drugs—mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
